The Android Photographer Guide GadChick,2012 Most Android phones now has a camera that competes with most digital cameras; not only is it a phone, but it's now a serious contender in the world of photography. Professional photographers are using it everywhere! But the camera can also be one of the most overwhelming features. There are hundreds and hundreds of photo apps! How do you know which one will work best for you? This book looks at 30 photo apps you need, and shows you how to use them correctly. Taking a picture on a phone is easy; taking a professional picture on a phone takes some skill, and this book will teach you that--with the snarky voice that GadChick is known for, of course. To see other books by GadChicks, or to read the FREE (yes, Free!) online magazine, visit our website.

Mountain Adventures in the Maurienne Andy Hodges,2012-10-02 Multi-activity guidebook to the Haute Maurienne region of south east France. The book describes a wide range of the finest day walks, scrambles, rock climbs, via ferratas, treks and mountain biking and road cycling routes, offering all the inspiration needed for a multi-activity or family holiday. The Maurienne valley is served by good transport links, Modane serves as the gateway to the upper valley with links from Paris and Turin served by the TGV. Lanslebourg is the largest village after Modane and offers plenty of choice of accommodation, and Termignon is a reasonably central base for exploring the Haute Maurienne. Routes vary from pretty Alpine lake rambles to mammoth mountain bike routes and include the normal route to the summit of Dent Parrachee, the Matterhorn of the valley that can be reached without crossing a glacier, and arranged by difficulty. Information about facilities and grades for each activity are carefully explained and routes are illustrated with sketch maps, topos and profiles and inspiring photographs. The Vanoise massif is a beautiful range of mountains bounded by the valleys of the Maurienne and the Tarentaise. Sitting on the French-Italian border, the Upper Maurienne (Haute Maurienne) has a southern boundary bordering the Italian region of Piedmont. Its northern border is less pronounced, as the massif of the Vanoise blurs the boundary with the Tarentaise valley.

The Last One Alexandra Oliva,2017-08-15 Wilderness survival is the name of the game as the line blurs between reality TV and reality itself in this fast-paced novel of suspense in the vein of Yellowjackets. “Taut, tense, and at times almost unbearably real.”–Ruth Ware, author of One by One She wanted an adventure. She never imagined it would go this far. It begins with a reality TV show. Twelve contestants are sent into the woods to face challenges that will test the limits of their endurance. While they are out there, something terrible happens—but how widespread is the destruction, and has it occurred naturally or is it man-made? Cut off from society, the contestants know nothing of it. When one of them—a young woman the show’s producers call Zoo—stumbles across the devastation, she can imagine only that it is part of the game. Alone and disoriented, Zoo is heavy with doubt regarding the life—and husband—she left behind, but she refuses to quit. Staggering countless miles across unfamiliar territory, Zoo must summon all her survival skills—and learn new ones as she goes. But as her emotional and physical reserves dwindle, she grasps that the real world might have been altered in terrifying ways—and her ability to parse the charade will be either her triumph or her undoing. Sophisticated and provocative, The Last One is a novel that forces us to confront the role that media plays in our perception of what is real: how readily we cast our judgments, how easily we are manipulated. Praise for The Last One “[Alexandra] Oliva brilliantly scrutinizes the recorded (and heavily revised) narratives we believe, and the last one hundred pages will have the reader constantly guessing just what Zoo is capable of doing to find her way back home.”–Washington Post “A high-concept, high-octane affair . . . The conceit is undoubtedly clever and . . . well executed, but what makes The Last One such a page-turner is Zoo herself: practical, tough-minded and appealing.”–The Guardian “Oliva takes this (possibly) post-apocalyptic setting, grafts on a knowledgeable skewering of the inner workings of reality television and gives us a gripping story of survival. . . . This is the genius of Oliva’s storytelling. . . . [She] makes a stunning debut with this page turner, and becomes a writer to watch.”–Seattle Times “Oliva delivers a pulse-pounding psychological tale of survival. . . . [She] masterfully manipulates her characters and the setting, creating a mash-up of popular TV genres: Survivor meets The Walking Dead.”–Bookpage
