Strip Poker Randy O'Toole,2006-09-30 Strip poker - the game of games, the sport of kings. Or rather, the sport of shitfaced fun-loving pervs. And why not? Whoever thought of combining cards with the removal of clothing was truly inspired. Poker played for cash can be a slippery slope to penury and ruin, but when the stakes are the underwear of your really hot flatmate, it can be the start of a wonderful new level to your, ahem, friendship. If you want to see more of your friends, here's your chance. This little book supplies you with everything you need to get you going: basic rules, hints and tips and, most important of all, how to get people to join in, then how to get them where you want them - butt naked - while losing nothing more yourself than a pair of socks.

Strip-Poker 101 Gregor Niesser,2019-12-02 Many special tips and tricks for women, but also for men. Game variations that make strip poker more diversified Tips for the preparation for a successful evening List of hot punishments for the losers Tips for skillful cheating All rule statements ...and much more.

The Strip Poker Kit John Vorhaus,2005 Here is the ice-breaker to end all ice-breakers, a zany party-starter for sophisticated fun at gatherings where every guest is a close friend. The color-illustrated book explains strip poker's rules, illustrates winning hands, and offers tips and advice on what to wear before sitting down to play, how to persuade friends to play, and how to keep cool when all you're finally wearing is your poker face. A tongue-in-cheek chapter on strip poker etiquette advises on how to keep remarks discreet and gaffs and blunders to a minimum. Players will find special rules for both regular and high-speed strip poker. They'll also learn winning strategies, and get advice on how to cheat successfully. Packaged with the book is a sassy striptease card deck featuring illustrations that leave little to the imagination.

Strip Poker Kit John Vorhaus,2005-09-01 Play strip poker, the game where you get to see a whole lot more of your friends! You may lose the shirt off your back, but if you don't want to get caught with your trousers down, get the lowdown on all the best strategies and cheats. A cheeky striptease deck of cards gives a taste of the fun to come -- just don't let your reaction to the cards you're dealt give away what you're holding.

Horror That Haunts Us Karrá Shimabukuro,Wickham Clayton,2024-04-15 Horror's pleasures fundamentally hinge on looking backward, either on destabilising trauma, or as a period of comfort and happiness which is undermined by threat. However, this stretches beyond the scares on our screens to the consumption and criticism of the monsters of our past. The horror films of our youth can be locations of psychological and social trauma, or the happy place we go back to for comfort when our lives become unsettled. *Horror That Haunts Us: Nostalgia, Revisionism, and Trauma in Contemporary American Horror* is a collection of essays that brings together multiple theoretical and critical approaches to consider the way popular horror films from the last fifty years communicate, embody, and rework our view of the past. Whether we look at our current relationship to the scary movies of decades ago as personal or cultural memory, the way historical and sociopolitical events and frameworks – especially traumas – reframe the way we look at our pasts, or even the way recent horror films and video games look back at our past (and the past of the genre itself) through a filter of experience and history, this collection will show the close relationship between nostalgia and popular horror. These essays also demonstrate a range of unique and diverse points of view from both established and emerging scholars on the subject of horror and the past. Edited by seasoned horror experts Karrá Shimabukuro and Wickham Clayton, *Horror That Haunts Us* is a book with the aim of examining why we return again and again to certain popular horror films, either as remakes or reboots or as the basis for pastiche and homage.

Inclusivity and Belonging in Chinese Discourse Kerry Sluchinski,2024-01-31 *Inclusivity and Belonging in Chinese Discourse* explores how recent language change in the third-person pronoun system of Mandarin Chinese is harnessed by netizens to construct spaces of (non-)belonging along a fluid continuum in the context of pro- and anti-LGBTQ discourses. Grounded in stance, framing, and positioning theories, the monograph contributes to the notions of membership categorization and (co-)reference chains for identity construction. With a focus on newly emergent genderless third-person pronoun ta, written in pinyin, and the various noun and verb phrases which co-occur with the pronoun in specific contexts, this monograph shows how ta has become a conventionalized language practice accepted and implemented by language users of various identities, sexual orientations, and backgrounds for a vast array of interactional and communicative purposes. The monograph illustrates how ta is used in doing identity construction work for the self, another party involved in the interaction, and/or a third party external to the interaction, often simultaneously. That is, the specific function and referent of ta is defined through language users' unique interpretations and the discourse community of use, resulting in a 'chameleon-like' pragmatically loaded pronoun which reflects the inherent fluidity of identity(ies). This monograph will appeal to scholars, language researchers, and advanced graduate students concerned with inclusive language use in the Chinese context, particularly within discourse analysis, linguistics, sociolinguistics, and semantics. The book will also be valuable to professionals concerned with inclusive language and identity construction.

Roget's International Thesaurus, 7th Edition Barbara Ann Kipfer,2010-08-03 A classic reference book that has been used by millions all over the world, Roget’s International Thesaurus is the product of more than a century and a half of continual expansion, reorganization, and improvement. Today this book is not only the most time-tested and bestselling thesaurus ever, but, newly revised, it is also the most up-to-date and comprehensive reflection of the English language as it is currently used. The revolutionary achievement of Dr. Peter Mark Roget’s first edition in 1852 was the development of a brand-new principle: the arrangement of words and phrases according to their meanings. Dr. Roget’s system brings together in one place all the terms associated with a single thought or concept; it allows a wide-ranging survey of language within a book of relatively modest size, without the space-consuming repetitions that so severely limit the scope of thesauruses arranged in a dictionary format with A-to-Z entries. This brilliant organization makes Roget’s International Thesaurus both the most efficient word finder and a cutting-edge aid in stimulating thought, organizing ideas, and writing and speaking more clearly and effectively. This revised and updated seventh edition features thousands of new words and phrases, including the newest slang words and expressions that color and inform everyday language. At the same time, it retains all the hallmarks that have made Roget’s International Thesaurus the most popular word reference book next to the dictionary.
