It's Time to Choose, Your Ego Or You? Trey Free, 2020-08-28

Something is living inside each of us, but it is not our true selves. It is a version of us we created in our youth to protect our vulnerable inner beings from the threats of the outside world. It is a version of us we are feeding and strengthening every single day... but we don't realize we are doing it. It spends all its time and energy creating a world of deception around us. A world so authentic and addicting that we have forgotten how to find our way back home. A world where we move mountains to keep this being alive while we willingly neglect our true inner selves, leaving them to starve. Our egos are arguably the most destructive forces on the planet. If we look at many of the major issues that are plaguing us in our modern context, you can most certainly trace their roots back to peoples' egos and our blind obedience to this internal master driving our behavior. Our egos limit us in so many ways. They distract us from enjoying the present moment by ensuring we are always ruminating on the past or anxiously fearing the future. They limit our performance by injecting fear into our thoughts at the moments we need a clear head. They decimate our relationships by seeking self-aggrandizement instead of authentic connections. Therefore, we must ask ourselves the following questions: 1. Am I awake to the deceptions of my self-generated ego? 2. Do I recognize the reality I am experiencing is a fictional world created to ensure my ego survives and thrives? I have been on a 11-year journey to confront my ego and remove its stranglehold over my life. This book reveals major pieces of that journey in a unique way. We will start by attaching a 365-pound bundle to me and jumping it out of a plane at 13,000 feet; we will discover hidden signposts that nudged me towards the path that leads back home; we will uncover the brutal 2200-mile Appalachian Trail arena that pitted me against my ego for hours, days, weeks, and months on end, showcasing just how intertwined and deceptive my ego was inside my life; and much, much, more. I

created this book to help shake more humans awake and rob more egos of the power they hold over the world we are living in. This book is for those who realize something is hiding underneath the surface of their everyday experience. It is a book for those desiring to find their path back home.

EGO IS THE ENEMY Ryan Holiday, 2019-04-08 Buku yang Anda pegang saat ini ditulis dengan satu asumsi optimis: Ego Anda bukanlah kekuatan yang harus Anda puaskan pada setiap kesempatan. Ego dapat diatur. Ego dapat diarahkan. Dalam buku ini, kita akan melihat orang-orang, seperti William Tecumseh Sherman, Katharine Graham, Jackie Robinson, Eleanor Roosevelt, Bill Walsh, Benjamin Franklin, Belisarius, Angela Merkel, dan George C. Marshall. Bisakah mereka mendapatkan yang telah mereka dapatkan sekarang—menyelamatkan perusahaan yang hampir bangkrut, menguasai seni peperangan, menjaga kekompakan tim bisbol, merevolusi strategi rugby, melawan tirani, dan menghadapi ketidakberuntungan—jika ego menguasai mereka dan membuat mereka hanya memikirkan diri sendiri? Hal yang membuat mereka sukses adalah pemahaman terhadap realitas dan kesadaran—sesuatu yang pernah dikatakan oleh seorang penulis dan ahli strategi Robert Greene, “kita perlu menyerupai laba-laba dalam sarangnya”. Itulah inti dari kehebatan mereka, kehebatan penulisan, kehebatan desain, kehebatan bisnis, kehebatan dalam pemasaran, dan kehebatan kepemimpinan mereka. Yang kami temukan saat mempelajari orang-orang tersebut adalah mereka selalu memiliki dasar berpikir, berhati-hati, dan realistis. Tidak ada satu pun dari mereka yang tidak memiliki ego sama sekali. Akan tetapi, mereka tahu cara meredamnya. Tahu cara menyalurkannya dan melepaskannya, ketika ego muncul. Mereka hebat namun tetap rendah hati. Sebentar, tunggu dulu, tetapi ada juga beberapa orang yang memiliki ego tinggi dan sukses. Bagaimana dengan Steve Jobs? Kanye West? Beberapa dari mereka mempelajari kerendahan hati. Beberapa orang memilih ego. Beberapa mempersiapkan diri untuk perubahan nasib, positif ataupun negatif. Yang lainnya tidak siap. Yang mana yang akan Anda pilih? Akan menjadi siapakah Anda? Yang pasti, Anda telah memilih buku ini karena merasa bahwa Anda membutuhkan menjawab

pertanyaan itu, cepat atau lambat, sadar atau tidak sadar.

THE EGO HAS LANDED Athena Park,2021-09-13 Humanity has sought identification of self through the guise of the ego yet not fully understanding its placement. Our ego, the identity of oneself, has been believed to be the desire for outer acceptance validating its own worth. The ego is our shadow self and can be seen as the mirror reflection in ourselves and others. Who are you without your ego? What masks do you require to hide your true, authentic self? What can you say about yourself? Do you know who you are and what you represent? Can you identify with whom you project out into the world? Are you aware that your ego has manipulated who and what you've identified about yourself in conjunction as the illusion? Humanity is undergoing a spiritual evolution where every human being is responsible for their own soul's evolution. Humans must realize that to remain of this world, we must ascend to a higher consciousness and enlightenment, becoming the dictator of our own lives, a knowing. Are you willing to delve into the hidden aspects of yourself by going on a treasure quest that will guide you back to your natural state of truth? Truth is at the heart of the matter, the one, beloved. What lies behind us and what lies before us are small matters compared to what lies within us. -Ralph Waldo Emerson

Carvalho, Fisher Yu, 2023-07-07 "Such a timely and forward-looking book, especially in the era of twin transition... I genuinely hope this book will serve as a resource for inspiration for all practitioners in every aspect of modern life." Dr Riza Kadilar, EMCC Global President, Netherlands "This is an important book that provides clear, unambiguous guidance in a 'how to' structure which can assist any company that is committed to unlocking the hidden potential of its people." Frank Nigriello, Director of Corporate Affairs, Unipart Group, UK

Mentoring with a Coaching Attitude explores the intersection of mentoring and coaching to offer a new toolbox that team leaders, consultants and coaches can use in their own practice. Drawing on the long history of mentoring across the world, the experienced contributors highlight the foundations of mentoring within the importance of relationships and the transmission of knowledge between humans for success. The book's three-part structure builds on the idea of mentoring with a coaching attitude and successful mentoring programmes in organisations. A range of international case studies are intertwined with the history and philosophy of mentoring throughout. Including work from Belgium, France, Morocco, China, UK, the Middle East, Brazil and Poland and in a diversity of organisations from NGOs like Médecins sans Frontières to universities and multinational companies. The case studies clearly outline how the core potential of a client or mentee can be harnessed with:

- active listening
- impactful questioning
- creating awareness and leading to experimentation and action

The book is ideal for leaders and business owners who would like to organize mentoring programmes that work and be confident that knowledge and experience is being shared between senior leaders and more junior colleagues. The Rookie Stephen Moss, 2016-09-22 Chess was invented more than 1,500 years ago, and is played in every country in the world. Stephen Moss sets out to master its mysteries, and unlock the secret of its enduring appeal. What, he asks, is the essence of chess? And what will it reveal about his own character along the way? In a witty, accessible style that will delight newcomers and irritate purists, Moss imagines the world as a board and marches across it, offering a mordant report on the world of chess in 64 chapters – 64 of course being the number of squares on the chessboard. He alternates between “black” chapters – where he plays, largely uncomprehendingly, in tournaments – and “white” chapters, where he seeks advice from the current crop of grandmasters and delves into the lives of great players of the past. It is both a history of the game and a kind of “Zen and the Art of Chess”; a practical guide and a self-help book: Moss's quest to understand chess and become a better player is really an attempt to escape a lifetime of dilettantism. He wants to become an expert at one thing. What will be the consequences when he realises he is doomed to fail? Moss travels to Russia and the US – hotbeds of chess throughout the 20th century; meets people who knew Bobby Fischer when he was growing up and tries to unravel the enigma of that tortured genius who died in 2008 at the

inevitable age of 64; meets Garry Kasparov and Magnus Carlsen, world champions past and present; and keeps bumping into Armenian superstar Levon Aronian in the gents at tournaments. He becomes champion of Surrey, wins tournaments in Chester and Bury St Edmunds, and holds his own at the famous event in the Dutch seaside resort of Wijk aan Zee (until a last-round meltdown), but too often he is beaten by precocious 10-year-olds and finds it hard to resist the urge to punch them. He looks for spiritual fulfilment in the game, but mostly finds mental torture.

Zen and the Art of Wholeness Charles C McCauley, 2005-04 As a spiritual seeker, you are on a quest for truth. This journey to find your truth has many names: becoming whole, self-actualized, enlightened, individuated, or authentic. All roads lead to the same destination: your essence, being, true nature, or original face. Here you will find your source of meaning, purpose, and fulfillment. In our Western culture, our need for wholeness expresses itself through its greatest obstacle - the tension between survival and meaning. Resolving this tension is a large part of finding happiness and fulfillment in life. We need to achieve a harmonious balance between the objective goal-oriented world

and the subjective intuitive world - a union between the mind and the heart. Much like the Zen tradition of pointing the way, author Charles McCauley points the way for you to navigate your unique quest for wholeness. He guides you on a spiritual and psychological journey that is, above all, a personal experience. By using a unique synthesis of Eastern and Western spiritual and psychological wisdom that addresses contemporary issues, Zen and the Art of Wholeness leads you towards discovering and fully experiencing the whole life you were born to have.

Saying Peace Jack Marsh,2021-10-01 Levinas's big idea is that our lived sense of moral obligation occurs in an immediate experience of the otherness of the Other, and that moral meaning is grounded in alterity rather than identity. Yet he also held what seemed an inconsiderate, or eurocentric, view of other cultural traditions. In *Saying Peace*, Jack Marsh explores this problem, testing the coherence and adequacy of Levinas's central philosophical claims. Using a twofold method of reconstruction and critique, Marsh conducts a holistic immanent evaluation of Levinas's major works, showing how the problem of eurocentrism, and abiding ambiguities in Levinas's political and religious thought, can be traced back to specific problems in his general philosophical methodology. Marsh offers an original analysis of Levinas's method that verifies and extends existing critical work by Jacques Derrida, Robert Bernasconi, Judith Butler, and others. This is the first book to foreground the normative question of chauvinism in Levinas's work, and the first to perform a holistic critical diagnosis of his general philosophical method.

The Crafting of Grief Lorraine Hedtke, John

Winslade, 2016-07-15 Many books on grief lay out a model to be followed, either for bereaved persons to live through or for professionals to practice, and usually follow some familiar prescriptions for what people should do to reach an accommodation with loss. *The Crafting of Grief* is different: it focuses on conversations that help people chart their own path through grief. Authors Hedtke and Winslade argue convincingly that therapists and counselors can support people more by helping them craft their own responses to bereavement rather than trying to squeeze experiences into a model. In the pages of this book, readers will learn how to develop lines of inquiry based on the concept of continuing bonds, and they'll discover ways to use these ideas to help the bereaved craft stories that remember loved ones' lives.

Mysticism in Newburyport Peter James Ford, 2022-10-05

“SHADOW RIDERS” is the third book in this seven-book series under the title “MYSTICISM IN NEWBURYPORT.” It is the continuing unfolding story of just another soul’s re-awakening in this lifetime to the truth of his divinity. After Peter’s younger wild years growing up in Lynn, Massachusetts with heavy alcohol use and abusing all the drugs of the sixties, along with his love of riding motorcycles and physical training, he found himself crawling into the 12-step recovery program for alcoholics. Peter abused alcohol for seven years and he drank alcoholically right from his first drink. He used all the drugs of the sixties and combined both alcohol and drugs, which brought him to his knees at a very young age. He was to be involved in endless trouble with police, car and motorcycle crashes, high speed chases, arrests, and many broken bones. Peter’s journey in the recovery program began with a spiritual awakening and he began his education about the spiritual principles and the ancient wisdom from the past. While Peter was living in the Newburyport area and reading ancient writings from meditation masters, Peter was to have a profound spiritual experience and his journey back to his true self really began. Through the grace of a mediation master, Peter’s own inner spiritual energy (called kundalini) burst wide open and this energy flowed up his spine and chakras and caused incredible insights and experiences. It was later that Peter learned about ‘Kundalini Yoga’ and what had happened to him. Peter was to have profound experiences in long nights of meditation down by the Merrimac River and to have numerous past life experiences. To honor his spiritual awakening while in this historic seaport, he decided to use the name “MYSTICISM IN NEWBURYPORT” for the title. Peter’s first book was introduced at the Miami International Book Fair as a modern-day version of the Herman Hesse classic novel “SIDDHARTHA.” These tales are about all the great people from this time in Peter’s life and all the gifts and blessings that have flowed and continue to flow to this silly, Irish seeker. Peter hopes

that his writings will be of some use to others or at least bring a smile to the reader's face, about the unique life of just another seeker. This book is dedicated to Barbara Eleanor Parton. She is in the below pictures on our bikes...

Destiny Peter James Ford, 2024-03-04 "DESTINY" is a book recording the continual soul expansion of the seeker, Peter James Ford. Peter's journey began after a powerful spiritual experience in the little historic seaport in Newburyport, Massachusetts. In Peter's late night meditations which were along the Merrimac River, the boardwalk, the Salisbury Reservation on the Atlantic Ocean, Plum Island, Maudsley Estate State Park, Pow Wow Hill (Native American Burial Grounds) and Old Hill Burial Grounds he was having vivid visions in his mind of 'seeming' past life experiences and powerful insights. Peter began seeing the hidden secrets of this quaint little seaport that people never take the time to see. Peter's intuition and senses increased in an almost scary powerful way giving Peter wisdom from unseen sources. One source may be the Akashic Records/Library that is not a physical library but a place in the ethers that contains all the wisdom and knowledge ever known to anyone over the eons. We can access this power through ancient spiritual practices and apparently Peter has done just that. Stories and Tales began flowing from Peter and he wrote his first book. In the last three years Peter has written ten more books and shares everything he has found from his journeys to the inner worlds. Peter wrote a seven-book series under the title "MYSTICISM IN NEWBURYPORT" then the eighth and ninth bonus/companion books called "MYSTIC" & "VISION QUEST." Then "SHAMBHALA'S GHOSTS" was to join the collection of mystical tales. Now you are holding his new writings in your hands. Peter laughingly calls himself "An Unlikely Messenger" as his younger years were nothing resembling anything spiritual. So, here is the story of just another seeker realizing his divinity and returning to his own heart...
