Reimagining the Gran Chaco Silvia Hirsch, Paola Canova, Mercedes Biocca, 2021-10-12 This volume traces the socioeconomic and environmental changes taking place in the Gran Chaco, a vast and richly biodiverse ecoregion at the intersection of Argentina, Bolivia, Brazil, and Paraguay. Representing a wide range of contemporary anthropological scholarship that has not been available in English until now, Reimagining the Gran Chaco illuminates how the region's many Indigenous groups are negotiating these transformations in their own terms. The essays in this volume explore how the region has become a complex arena of political, cultural, and economic contestation between actors that include the state, environmental groups and NGOs, and private businesses and how local actors are reconfiguring their subjectivities and political agency in response. With its multinational perspective, and its examination of major themes including missionization, millenarian movements, the Chaco war, industrial enclaves, extractivism, political mobilization, and the struggle for rights, this volume brings greater visibility to an underrepresented, complex region.

Geraldine Chaplin Steven Rybin, 2020-09-21 This book analyses the distinctive screen art of Geraldine Chaplin and uncover parallels between her performances and her father's work on film and thereby explores the rich and surprising relationships between art cinema and silent film comedy, and between modernist and classical cinematic performance.

El método sueco para una crianza serena e igualitaria Cecilia Chrakowska, Agnes Wold, 2019-04-25 Sueca, feminista y rigurosa, esta guía pretende desmitificar las supuestas verdades absolutas respecto al embarazo y la maternidad. ¿Cómo saber lo que es bueno para tu bebé si tu suegra, ese blog que sigues y una revista para madres primerizas ofrecen alternativas contradictorias? ¿Hasta qué punto damos por buenos falsos mitos solo porque están muy extendidos? En la era de la información puede resultar difícil discernir qué os conviene realmente a ti y a tu hijo, y lo último que necesitan unos padres primerizos es saturarse de opiniones de dudosa procedencia. Este libro llega desde la progresista Suecia, famosa por sus políticas y permisos de maternidad y paternidad igualitarios, para demostrar que muchas de las cosas que dábamos por ciertas en la crianza de los hijos no son más que puro moralismo. Partiendo de una perspectiva feminista, dos médicas especialistas de vanguardia desmontan los mitos en relación al embarazo y la crianza y los reemplazan por sólidos datos científicos. Al tiempo que devuelven el poder a las mujeres para que tomen sus propias decisiones, defienden la importancia de la crianza igualitaria y ofrecen consejos e ideas para un reparto equitativo de las tareas, lo que se traduce en un mayor bienestar para el bebé y también para los padres.

Diplomatarium of the Crusader Kingdom of Valencia Robert Ignatius Burns, 2021-09-14

This fourth volume in Robert Burns's celebrated series on the warrior King Jaume the Conqueror's Kingdom of Valencia describes the crucial years of 1270 to 1273, a period during which Jaume continued his consolidation of political power for future territorial expansion. Here in the colonial kingdom that he carved out from the Islamic Mediterranean regions of coastal Spain, Jaume presided over a society more complex than any in Christendom. This lively frontier was home to semiautonomous communities of Muslims, Jews, and Christian settlers. Jaume's pioneering exploitation of Valencia's Islamic paper mills left behind thousands of charters--records in the king's registers--that provide a wealth of detailed information about every aspect of these parallel cultures. Burns's Diplomatarium volumes represent the first systematic exploration of this massive deployment of paper in the West. They open up to readers the rich humanistic panorama of medieval life as seen from the traveling court of a conqueror king. The 500 charters collected in this book cover a kaleidoscope of topics, including public baths, castles, the renaissance of law, irrigation, mosques and monasteries, hospitals and banks, even exotic women. There are records on crossbow manufacture, riot and fire control, ship launchers, dogs of war, crime, slavery, prisons, and pardons. This critical edition includes reconstructions of each charter in its original Latin or Romance language with a corresponding translation in English, making it invaluable for students and scholars alike.

Diplomatarium regni Valentiae regnante iacobo i eiusdem conquistadore ex registris papyreis cancellariae deductum Robert Ignatius Burns, 2001-09-02 In this volume, a panoramic history of medieval Valencia continues to unfold, as the noted scholar Robert Burns presents a new set of documents from the registers of Jaume the Conqueror at the Crown Archives in Barcelona. Here Burns focuses on 500 government charters covering the years 1264 to 1270, the culmination of the king's warrior fame in Christendom, and places these documents within the context of Jaume's pan-Mediterranean military and political exploits. The most impressive archives of its kind outside the papal series, this collection is invaluable to medievalists as well as to historians interested in topics ranging from colonialism to rhetoric to economics during the Crusade period. Together the five Diplomatarium volumes will reconstruct the thousands of charters describing the daily business of Jaume's kingdom and will provide detailed paraphrases of each document to aid scholars with little or no Latin. The third volume describes Jaume distributing public baths and taverns and artisans' quarters, constructing irrigation networks and castles, licensing butchers and physicians, noticing even dovecotes and beehives and oranges, operating on credit and on charismatic itinerant presence, interacting with his many Jewish and Muslim communities, and leading his armies to battle. Meanwhile, Jaume's bureaucrats are at work elaborating a Roman law framework, shaping an institutional and commercial system, and defining the kingdom's religious identity. In a kaleidoscope of human detail, these documents open a window on an exotic past that medievalists and all historians can enjoy.
