The ValueReporting Revolution Robert G. Eccles, Robert H. Herz, E. Mary Keegan, David M. H. Phillips, 2002-03-14 Provides a comprehensive framework for achieving higher levels of corporate information disclosure and transparency In order to decide whether or not a company is a good investment, analysts and investment professionals need to know as much as possible about the company's tangible and intangible assets, as well as a variety of critical performance measures. Written by an international team of experts, The Value Reporting Revolution clearly explains why corporations must move toward greater transparency and, more importantly, it provides a comprehensive framework for achieving that goal. Among other important lessons, readers learn how to identify the gaps between how corporate managers perceive their disclosure practices versus how the markets see them, as well as how to leverage their organizations' electronic communications technology and tools to ensure easy access to vital information and more meaningful data analysis. Robert Eccles (Jupiter, FL) is President of Advisory Capital Partners, Inc. Robert H. Herz (New York, NY) is a Partner at PricewaterhouseCoopers, US. David Phillips (London, UK) is a Partner at PricewaterhouseCoopers, UK. Mary M. Keegan (London, UK) is head of Global Corporate Reporting at PricewaterhouseCoopers, UK.
