Counties in Court Wayne N. Welsh,1995 As new jails fill up almost as soon as they open, conflict continues to grow among public officials, who, in turn, create policies that do little more than avoid blame and temporarily control the crisis. This book proposes that we can understand this crisis by tracing the interdependence of the jail system with local agencies of criminal justice.

An Aviator's Journal James D. Fox,2011-08-17 This is the story of a young man's dream come true, the problems he faced when he got there, how he faced those problems, and what happened as a result. The story is not only about flying, but also about human nature. After all, the people who fly airplanes, are still just people, and enhanced or encumbered by the position where they find themselves. The author often sees situations from the humorous side, so you can expect some laughs as well as some heart stopping adventures. Technical points are explained for the technically challenged. It is easy reading and contains no love interest. Sorry, Mrs. Parker. The author's high school English teacher suggested that stories should contain a love interest if expected to have a commercial value.
