Hold Fast Blue Balliett,2013-03-01 From NYT bestselling author Blue Balliett, the story of a girl who falls into Chicago's shelter system, and from there must solve the mystery of her father's strange disappearance. Where is Early's father? He's not the kind of father who would disappear. But he's gone . . . and he's left a whole lot of trouble behind.As danger closes in, Early, her mom, and her brother have to flee their apartment. With nowhere else to go, they are forced to move into a city shelter. Once there, Early starts asking questions and looking for answers. Because her father hasn't disappeared without a trace. There are patterns and rhythms to what's happened, and Early might be the only one who can use them to track him down and make her way out of a very tough place.With her signature, singular love of language and sense of mystery, Blue Balliett weaves a story that takes readers from the cold, snowy Chicago streets to the darkest corner of the public library, on an unforgettable hunt for deep truths and a reunited family.

Lover Enslaved (Thieves of Aurion, #1) Jodi Redford,2017-01-18 Mara Sheppard has no love for the Fae, but to free her brother from prison, she'll do whatever the treacherous Queen Nalia asks. Even kidnap Dashael Rhyder, a womanizing thief. She should have known the deal would go south. It's almost too easy to bait and trap Dashael. Resisting his potent Fae allure? A different story. Especially since Nalia's unexpected demand for a missing, magical rune means Mara's willpower will be put to the test. Dashael's best shot at escaping? Seduce her. If he can survive a few dozen of his closest enemies out for blood and the queen's scheme to make him her personal stud…he might have a chance in hell. Then his game of seduction trips over a snag named Mara, and he falls. Hard. For a

commitment-phobic thief, love might as well be a prison sentence. Yet the alternative—losing her—is even worse. Mara can't deny that her enemy has stolen her heart. But their love is about to be tested by a lifetime of secrets. The risk may not be worth it. Especially if a life together means death for one of them.

Keeping Up the Kardashian Brand Amanda Scheiner McClain,2013-10-29 The Kardashian family is a contemporary cultural touchstone, recognizable throughout the world connoting warrantless celebrity, voluptuous beauty, and social media savviness. Amanda Scheiner McClain explores the Kardashians' brand and celebrity via narrative discourse analyses of their hit reality television series, Keeping Up with the Kardashians, social media utilization, and popular press coverage. This triangulated study allows insight into contemporaneous American culture: societal norms, values, and ideologies, as well as structural and cultural aspects of cross-platform brand creation. The television series examination finds intrinsic paradoxes of sexuality/conservatism, family/business, beauty/unhappiness, narcissism/celebrity, intimate/transgressiveness, and traditional/nontraditional gender roles, as well as materialism and public vs. private spheres themes. In addition, a study of the Kardashian blogs and Twitter use finds that their careful participation amplifies celebrity and unifies the overall brand into a single, sellable image across media. Through interactive media and just being themselves, the Kardashians renovate banal status updates and hackneyed reality television into character-constructing building blocks of brand, celebrity, and profits.
