The Big Bang Theory Multiple Choice Trivia contains more information than any other trivia quiz book written on the subject, and the author's ingenious presentation has revolutionized the trivia quiz format, an unprecedented feat in publishing history. The first segment covers the most memorable moments in the show which generally pertain to multiple friends or the entire gang. It addresses broader episode plots and character storylines. The following section addresses guest stars and recurring characters. The Big Bang Theory was known for signing big-name movie and television stars as well as developing some of the most unique and fascinating recurring characters in sitcom history.
