*Critical Theory and Democracy* Enrique Peruzzotti,Martin Plot,2012-11-27 This book focuses on Andrew Arato's democratic theory and its relevance to contemporary issues such as processes of democratization, civil society, constitution-making, and the modern Executive. Andrew Arato is -both globally and disciplinarily- a prominent thinker in the fields of democratic theory, constitutional law, and comparative politics, influencing several generations of scholars. This is the first volume to systematically address his democratic theory. Including contributions from leading scholars such as Dick Howard, Ulrich Preuss, Hubertus Buchstein, Janos Kis, Uri Ram, Leonardo Avritzer, Carlos de la Torre, and Nicolás Lynch, this book is organized around three major areas of Arato's influence on contemporary political and social thought. The first section offers a comprehensive view of Arato's scholarship from his early work on critical theory and Western Marxism to his current research on constitution-making and its application. The second section shifts its focus from the previous, comprehensive approach, to a much more specific one: Arato's widespread influence on the study of civil society in democratization processes in Latin America. The third section includes a previously unpublished work, 'A conceptual history of dictatorship (and its rivals,)' one of the few systematic interrogations on the meaning of a political form of fundamental relevance in the contemporary world. *Critical Theory and Democracy* will be of interest to critical and social theorists, and all Arato scholars.

**Rome: The Eagle Of The Twelfth** Manda Scott,2012-05-24 From the Sunday Times bestselling author Manda Scott, a captivating, stirring and breath-taking historical adventure full of honour, loyalty and bravery. Perfect for fans of Simon Scarrow, Robert Harris and Conn Iggulden. A tale that shines like the Eagle at its heart. I suspect that no one else writes like M. C. Scott. I'm certain plenty wish they could. -- GILES KRISTIAN Enthralling...Gladiator meets Tinker Tailor Soldier Spy in a baroque landscape. -- ROBERT LOWE Compulsive reading -- \*\*\*\*\* Reader review Truly consummate, well-written historical fiction -- \*\*\*\*\* Reader review \*\*\*\*\* THEY ARE KNOWN AS THE LEGION OF THE DAMNED... Throughout the Roman Army, the brutal XIIth Legion is notorious for its ill fortune. For one young man, Demalion of Macedon, joining it will be a baptism of fire. And yet, amid all of the violence and savagery of his life as a legionary, he will come to love the Twelfth and the bloody-minded, dark-hearted soldiers he calls his brothers. But during the punishing Judaeon campaign, the Hebrew army inflict a catastrophic defeat upon the legion - not only decimating their ranks, but taking away their soul - the eagle. There is just one final chance to save the legion's honour - to steal it back. To do that, Demalion and his legionnaires must go undercover into Jerusalem, into the very heart of their enemy. Recovering their pride is paramount but discovery will mean the worst of deaths...

**Unequal Freedoms** John McMurtry,1998-01-01 Published Under the Garamond Imprint The intelligent citizen's complete guide to the theory and practice of the global market.

*The Resilience of Indigenous Religion* Samson Kamei,2022-12-22 This book is a sociological study of the resilience of Tingkao Ragwang Chapriak - one of the indigenous religions of the Rongmei people of Manipur. It examines the underlying factors contributing towards the ability of the adherents of Tingkao Ragwang Chapriak to continue with their religion despite stigmatisation, conversion and persecution by sections of Christians. This book reflects the contemporary relevance of the legacies of the religious movements under Jadonang Malangmei and Rani Gaidinliu. Thus, the book also examines the continuity between the past and the present religious movements with complex underlying factors contributing to the resilience of an indigenous religion. The Rongmei people following Tingkao Ragwang Chapriak, a reformed religion, are seen to be not shying away from changes in their religious beliefs and practices. Interestingly, however, despite all the reformations consciously heralded the idea of primordiality in the sense of unchanging is a sincere atavism among the adherents of Tingkao Ragwang Chapriak. Methodologically speaking, the emphasis of the book is on theoretical and methodological triangulation. Both social change theory and social identity theory are used to understand the resilience of the indigenous faith of the Rongmei people amidst dominant Hindus and tribal Christians. It is observed that the idea of change is indispensable in understanding the resilience of an indigenous faith despite the commonly held belief in the essentiality of primordiality in a religion. The book is intended to serve the academic interests of researchers working on indigenous religions. Taylor & Francis does not sell or distribute the print version of this book in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.

**United States of America, Government, Religion, Christianity, Law, Illegalities; God 1st Priority~ His Rightness, Provided Rights, Holy Bible; Not Self-Idol Selfishness.** Anthony Sheffield,2017-03-09 Every concerned citizen will enjoy and be very encouraged by the good and accurate historical records of the United States of America. Lies have infiltrated so vastly and so deeply into the society that even the educational institutions have become deceived and warped, so that the students are then receiving passed-down versions that are, as said, lies. Some folk are deceived innocently, some willingly; some know it and want it. Many folk are so busy with all the cares of life that they passively accept it. A false peace has set in, and yet it is not peace as we are so alertly observing. Values of the heart need care, as to whether they are right values, and those values are then displayed by posts of the government. Every citizen needs to know what the true historical experience and record is, what governmental structure was established in the USA, what it is all about, and how it really is and operates. Because we are all interested in the spiritual activity of life, then we will be so inspired therein. This is a very different and correct account of the real USA Government, its history, and its establishment.

*Constitution-making in Asia* H. Kumarasingham,2016-03-31 Britain's main imperial possessions in Asia were granted independence in the 1940s and 1950s and needed to craft constitutions for their new states. Invariably the indigenous elites drew upon British constitutional ideas and institutions regardless of the political conditions that prevailed in their very different lands. Many Asian nations called upon the services of Englishman and Law Professor Sir Ivor Jennings to advise or assist their own constitution making. Although he was one of the twentieth century's most prominent constitutional scholars, his opinion and influence were often controversial and remain so due to his advocating British norms in Asian form. This book examines the process of constitutional formation in the era of decolonisation and state building in Asia. It sheds light upon the influence and participation of Jennings in particular and British ideas in general on democracy and institutions across the Asian continent. Critical cases studies on India, Pakistan, Sri Lanka, Malaysia and Nepal - all linked by Britain and Jennings - assess the distinctive methods and outcomes of constitution making and how British ideas fared in these major states. The book offers chapters on the Westminster model in Asia, Human Rights, Nationalism, Ethnic politics, Federalism, Foreign influence, Decolonisation, Authoritarianism, the Rule of Law, Parliamentary democracy and the power and influence of key political actors. Taking an original stance on constitution making in Asia after British rule, it also puts forward ideas of contemporary significance for Asian states and other emerging democracies engaged in constitution making, regime change and seeking to understand their colonial past. The first political, historical or constitutional analysis comparing Asia's experience with its indelible British constitutional legacy, this book is a critical resource on state building and constitution making in Asia following independence. It will appeal to students and scholars of world history, public law and politics.

*Historical Theology* Gregg Allison,2011-04-19 Most historical theology texts follow Christian beliefs chronologically, discussing notable doctrinal developments for all areas of theology according to their historical appearance. And while this may be good history, it can make for confusing theology, with the classic theological loci scattered throughout various time periods, movements, and controversies. In *Historical Theology*, Gregg Allison offers students the opportunity to study the historical development of theology according to a topical-chronological arrangement, setting out the history of Christian doctrine one theological element at a time. Such an approach allows readers to concentrate on one tenet of Christianity and its formulation in the early church, through the Middle Ages, Reformation, and post-Reformation era, and into the modern period. The text includes a generous mix of primary source material as well, citing the words of Cyprian, Augustine, Aquinas, Luther, Calvin, Barth, and others. Allison references the most accessible editions of these notable theologians’ work so that readers can continue their study of historical theology through Christian history’s most important contributors. *Historical Theology* is a superb resource for those familiar with Wayne Grudem’s *Systematic Theology* or interested in understanding the development of Christian theology.

The Enigmatic Realm of **Super Ruler Free**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Super Ruler Free** a literary masterpiece penned by a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book is core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those who partake in its reading experience.
