Beautiful Minecraft James Delaney,2016-11-01 With a bit of imagination and a heavy dose of artistic talent, Minecraft blocks can be used to build almost anything. But as you'll see, some artists are taking Minecraft building to a whole new level. Beautiful Minecraft is a compendium of stunning artwork built in Minecraft. Using millions of blocks and spending hundreds of hours, these artists have created floating steampunk cities, alien worlds, detailed classical sculptures, fantastical landscapes, architectural marvels, and more. The results are simply beautiful.

Hell's Angels Hunter S. Thompson,2012-08-01 Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell's Angels, that is—in this short work of nonfiction. "California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again." Thus begins Hunter S. Thompson's vivid account of his experiences with California's most notorious motorcycle gang, the Hell's Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as *The New Yorker* pointed out, "For all its uninhibited and sardonic humor, Thompson's book is a thoughtful piece of work." As illuminating now as when originally published in 1967, *Hell's Angels* is a gripping portrait, and the best account we have of the truth behind an American legend.

Howard Hughes: The Secret Life Charles Higham,2013-09-24 His wealth was legendary. His passions were bizarre. Now, the truth about the money, the madness, and the man behind the enigma. Howard Hughes is one of the best known and least understood men of our times--famed for his wealth, his daring, and his descent into madness. Bestselling biographer Charles Higham goes beyond the enigma to reveal the incredible private life of Howard Hughes: * his romances with the great stars of Hollywood--Katharine Hepburn, Bette Davis, Cary Grant, Tyrone Power, and numerous others * his forays into sadomasochism * his involvement with Richard Nixon and Watergate * his bizarre final years This is a compelling portrait of a unique American figure--in a story as revealing as it is unforgettable.

K-Pax Dr. Gene Brewer,2001-01-15 Adapted into a major motion picture of the same name starring Kevin Spacey, Gene Brewer's K-PAX has touched the hearts and expanded the horizons of readers around the world--a thought-provoking masterpiece of modern-day fiction. Psychiatrist Gene Brewer doesn't have a diagnosis for the mysterious new patient who calls himself prot (rhymes with

goat). But this strange and likeable man cannot be--as he claims--from the planet K-PAX. Or can he? Prot knows facts about space that are confounding the experts. He is soon revealing Dr. Brewer's own deepest pains and most sublime longings. And his tales of K-PAX have other patients competing to go along with him when he heads home. Now the doctor is racing the clock to find prot's true identity before he losses a man whose madness might just save them all. . .

Nomad Emma Reddington, 2019-10-25 A reclusive designer living in a custom tiny house in the middle of the Montana wilderness. A couple who traded their expensive Bay Area apartment for a slip at a nearby marina, where they live on a docked sailboat. A family of five who decided to simplify their lives by moving into a school bus, selling most of their possessions in the process. Nomad features their stories, and many more. From vanlifers to boondockers, liveaboards to tiny-house dwellers, these freedom seekers have forged a new way of life for themselves—one that values experiences over things, is environmentally conscious, and is often more budget-friendly than their “rooted” lives ever were. It's now possible to do whatever you want from wherever you want and still have a foothold in the world. This book shows you how, with tours of 26 unconventional homes and the people who live in them, plus all the information you need to make your own off-the-grid dream a reality. There are chapters on bathroom and storage—two of the most challenging aspects of this lifestyle—plus a comprehensive guide to finding the right home, assessing the cost of renovation, handy products for small spaces, and indispensable resources (including sources for replacement RV parts, portable power solutions, tiny wood stoves, and much more).

No matter how righteously the Garou hold themselves, no matter how they prey on their destroyers, the corruption spreads. Now the time for reconciliation is past. This grave insult against Gaia can end in only one way: blood, betrayal... and rage. Tribebooks contain vital character information for players and Storytellers.
