Last Days: Zombie Apocalypse Ash

Barker, 2018-06-28 Last Days: Zombie Apocalypse is a skirmish-scale miniatures game of survival horror. It pits players against each other in a nightmarish near-future where the dead have returned to life and are feasting on the living. Players build their own factions, representing desperate civilians, military personnel, or hardened survivors, and must explore, scavenge, and fight in order to survive another day. Rival gangs are only one of the dangers they face – mindless zombies wander the streets, driven by insatiable hunger and drawn by the sound of combat! A gang's ability to scavenge is as vital as their combat ability, and players must ensure

that they have the resources to survive in this hostile world. Scenarios and campaigns allow you to develop your gang, gain experience and recruit new henchmen to build up your strength or replace the inevitable casualties of the zombie apocalypse.

Chomp! Craig Sieracki, 2014-10-21 The Zombie Apocalypse has occurred and now you have to fight your way through fast zombies, slow zombies, mutated zombies, and even Welsh Corgi Zombies! Do you have what it takes to Survive? CHOMP! is a zombie-themed role playing game where the players try to survive their own, unique, zombie apocalypse. It was designed for quick set up and play so it is great as a one shot game or a filler game on nights you need a break from long campaigns. It features five minute character creation and quick game set up. All that you require is this book, paper, a writing utensil, and two six sided dice (all stuff probably located in a drawer in your house). So grab your friends, grab some weapons, and fight for survival against the zombie horde!

All Things Zombie - Evolution Ed

Teixeira, 2018-08-16 EVOLVE OR DIE! All Things Zombie won the Origins Award for Best Miniatures Game in 2005. From then until now, gamers have changed and All Things Zombie has changed with them.*****Want a game where all you do is run around the table and kill Zombies? If you do, then All Things Zombie - Evolution is not for you. Think of all the great and not so great Zombie movies and television series. Remember how many Zombies the heroes killed? I'm betting you don't, but I bet you remember how they interacted with other survivors and how they finally overcame the obstacles in their way. In short, you remember the Story. And that's what All Things Zombie - Evolution is all about, the Story; your Story. All Things Zombie - Evolution sweeps you up and sticks you right in the middle of a catastrophic zombie outbreak. Who you are when the outbreak occurs is just as important as where you are. Because unlike other zombie games, where the zombies have been around for a while, you won't be able to tell the humans from the zombies until maybe it's too late. Because it's all happening to you just like it would on Day One. Confusion, chaos, and lack of information are just some of the challenges you'll face when the world starts to crumble. Will you have what it takes to survive the first 30 days?

THEN WHAT? All Things Zombie - Evolution starts on the first day of the Outbreak, but then let's you continue your life, building your very own future. It's a game where every detail has been covered, as you first escape the soulless creatures that threaten you, then hunt them down and take back what's yours. On the way you'll find that your most dangerous enemies aren't the zombies, but are your neighbors and sometimes your old friends. Play All Things Zombie - Evolution solo, cooperatively against the game, or head to head against one another. Play it as a one off game or part of an ongoing campaign. Play it on the Tabletop or on the Battle Boards we've included. It doesn't matter which way you play it, as the goal of All Things Zombie - Evolution is to rebuild the world, as you knew it; except maybe this time with you in charge. Inside you'll find: Counters and two 8 x 10 Battle Boards. Three classes - Survivor, Ganger, or Militia, each with different goals and opportunities. Attributes, Skills, and more, that are used to define your Characters and make them unique. A light-book keeping Campaign System to reward you when you do well and punish you when you don't. A variety of Zombies, from the old school Shamblers to Smarties and Ragers. Pre-generated scenarios that can be played alone or played together to build your Story. A fully populated Post-Apocalyptic town for you to adventure in. All this and much more. And we didn't even mention the Werewolves, Aliens or Vampires. All Things Zombie ... Still THE Zombie game. Please note that the maps and counters for this book are printed inside in black and white.

Zombie Culture Shawn McIntosh, Marc Leverette, 2008-02-15 Why have zombies resonated so pervasively in the popular imagination and in media, especially films? Why have they proved to be one of the most versatile and popular monster types in the growing video game industry? What makes zombies such widespread symbols of horror and dread, and how have portrayals of zombies in movies changed and evolved to fit contemporary fears, anxieties, and social issues? Zombies have held a unique place in film and popular culture throughout most of the 20th century. Rare in that this enduring monster type originated in non-European folk culture rather than the Gothic tradition from which monsters like vampires and werewolves have emerged, zombies have in many ways superseded these Gothic monsters in popular entertainment and the public imagination and have increasingly been used in discussions ranging from the philosophy of mind to computer lingo to the business press. *Zombie Culture* brings together scholars from a variety of fields, including cinema studies, popular culture, and video game

studies, who have examined the living dead through a variety of lenses. By looking at how portrayals of zombies have evolved from their folkloric roots and entered popular culture, readers will gain deeper insights into what zombies mean in terms of the public psyche, how they represent societal fears, and how their evolving portrayals continue to reflect underlying beliefs of The Other, contagion, and death.
