Survival Psychology J. Leach,1994-09-05 '...it should be made standard reading for those dealing with disaster/survival situations, it is also very informative in helping the general reader understand the psychology of survivors...The text makes compulsive reading and the book is hard to put down. It is worth examining, no matter where your professional interest lies.'- Duncan MacPaul, Nursing Times. Why do so many people die without need? How can an exceptional few survive extraordinarily harsh conditions sometimes after months or years of deprivation? Recent years have seen remarkable improvements in survival training and technology, yet most people still perish quickly in the face of adversity. In this book John Leach seeks to answer these questions by considering the psychology of human survival; how groups and individuals behave before, during and after life threatening events. Both short and long-term survival are addressed as well as the psychological consequences of hunger, thirst, cold, heat, crowding, isolation, fatigue and sleep deprivation. The essence of this work is distilled into a set of principles for psychological first-aid for use in the field.

Murdoch and Hunt's Dictionary of Irish Law Brian Hunt (Barrister-at-law),Henry J. P. Murdoch,2016-09-15 Murdoch and Hunt's Dictionary of Irish Law defines the principal words, concepts and phrases, their legal source, whether statutory or judicial, and gives a brief introduction to the law. Now in its sixth edition and with its definitions having been cited in the Supreme Court, this book remains essential to the understanding and practice of the law. The dictionary's usefulness lies in the wealth of related information that is pulled together under subject-matter headings. The entries are usually accompanied with the relevant statutory basis, as well as related acts and even, in the case of a major topic of law, noteworthy textbooks in the area. The dictionary draws information from a range of sources including the Rules of the Superior Courts, Law Reform commission Reports, as well as Gazette and Bar Review articles. In this way the dictionary can also be used as a subject-index of Irish law which reflects the up-to-date legislative and judicial developments in each area whilst also encompassing references to academic commentaries. The layout of the dictionary has been carefully designed with alphabetical physical tabulations and bold fonts for entry titles, to ensure the ease and speed of use. The sixth edition of Murdoch and Hunt's Dictionary of Irish Law contains over 10,300 legal definitions from "a coelo usque ad centrum" to "zoonoses". This new edition adds 533 pages, incorporating 308 acts and 6335 SIs enacted since the 5th edition's publication eight years ago. The ongoing value of the work can be seen in the 23 instances it has been cited by the superior courts in recent years. This value will only grow in this newly expanded and updated edition.

Numenera Discovery and Destiny Slipcase Set Monte Cook, Monte Cook Games, Sean Reynolds, Bruce Cordell, 2018-07-31 They say there have been eight worlds before ours. Eight times the people of this Earth, over vast millennia, built their civilizations. They reached heights we cannot even imagine now: they spoke to the stars, reshaped the creatures of the world, and mastered form and essence. They built cities and machines that have since crumbled to dust, leaving only their vast outlines and barest remnants. This is the Ninth World. The people of the prior worlds are gonescattered, disappeared, or transcended. But their works remain, in the places and devices that still contain some germ of function. The ignorant call these magic, but the wise know that these are our legacy. They are our future. They are the... Two 416-page corebooks, two poster maps, a handsome and sturdy slipcase, a metal medallion, and additional play aids all for the price of the corebooks alone. All existing Numenera supplements remain compatible with these corebooks.
