Obama's Ring Will Clark,2013-03-27 Does Barack Obama's ring carry a sinister message? The idea that his ring carried an Islamic message was debunked when a photo revealed that was not the message on the ring. What that photo revealed was even more sinister than an Islamic message. It revealed a Satanic association of Biblical importance. Displayed on Obama's ring are two coiled serpents. Many verses in the Bible refer to Satan as a serpent; starting in the Garden of Eden in Genesis, and moving to the church at Pergamos, in Revelation. According to Apostle John, writing from Patmos to the seven churches of Asia Minor, Satan's seat was at the church of Pergamos. John's reference was to the icon for the great medical center there which was represented by serpents. Using that reference from Apostle John's letter to Pergamos, there are many other clues in the Bible, and from current events, that suggest Barack Obama might be the one described in the Book of Revelation as the deceiver, that great threat to Israel and Christians. The author reveals many connections to suggest that possibility. The author describes the major event that will allow the rise of the Antichrist, how the Antichrist will get his great power, how the second beast will support the first beast, and why and how those Biblical writings are tied directly to current events. According to the author: Agenda 21, the Muslim Brotherhood, the One World Order, Wahabbism, and the actions by Barack Obama reveal signs of the 'End Times.' This book ties all these things together to show a clear and revealing picture of that Biblical prophesy.

Biometric and Auditing Issues Addressed in a Throughput Model Waymond

Rodgers, 2011-12-01 This book proposes a Throughput Model that draws from computer science, economic and psychology literatures to model perceptual and judgmental processes whereby biometrics might be used to reduce risks to a company's internal control. The book also discusses challenges in employing biometric technology and pinpoints avenues for future research. Biometrics is the examination of measurable biological characteristics. In organizational security, biometrics refers to tools that rely on measurable physical and behavioral characteristics that can be automatically checked. The Throughput Modeling process enables organizations to employ trust systems in assisting transactions that are motivated by ethical considerations. Auditing systems are by far based on trust. Concepts of ethics and trust are aided by the employment of biometrics technology, which enhances the transactions between individuals and organizations in an internal

control environment. Issues pertaining to sustainability are also examined with the assistance of the Throughput Model. Finally, this book examines the potential use of an internal control biometrics system to lessen threats to identification and verification procedures. This book proposes an “Throughput Model framework” that considers both exposure and information risks as fundamental factors in classifying applications and organizational processes that might be candidates for the type of internal control biometrics system that biometrics can offer.

Transforming NOKIA Risto Siilasmaa, 2018-10-12 The great Nokia turnaround—universal business lessons for leaders in any industry Nokia once dominated the smartphone industry. It was to mobile phones as Kleenex is to facial tissues. Then iPhones and Androids appeared out of nowhere and pushed Nokia off the cliff. In just four years, the company lost over 90 percent of its value. Revenues were in freefall; massive layoffs became common. Pundits predicted that bankruptcy wasn't a matter of if, it was a matter of when. Then something equally shocking occurred. In record time, Nokia

bounced back. With a vengeance. Nokia reinvented itself and is now the second-biggest player in the \$100 billion-dollar global wireless market. In *Transforming Nokia*, the man who orchestrated and led Nokia's comeback—Chairman of the Board Risto Siilasmaa—reveals the story of Nokia's fall and resurrection. He reveals the inside story of the collapse and provides survival strategies and change-management methods any business leader can take to the bank. You'll learn how to harness the power of what Siilasmaa calls "paranoid optimism" and apply his winning entrepreneurial leadership model to rise above any challenge and drive sustainable success. Whether you lead a team or a corporate division, head a start-up or a massive organization, and whether your business is on the rocks or running smoothly, *Transforming Nokia* provides everything you need to sharpen your foresight, expand your options, seize opportunities, and thrive, no matter what changes tomorrow brings.

Simultaneously led by sex-addict Head Alter J.J., intrepid alters assume frequent control,

Dark Side of Halloween (Halloween) David L Brown, 2018-08-15 The purpose of this book is to reveal the dark side of Halloween and to show how the demonic principles and practices are beguiling our children & our culture. I have researched this topic for nearly two decades. There is no doubt about Halloween's occult connection. and the occultists' most effective tool in bewitching America!

Appetites Anthony Bourdain, Laurie Woolever, 2016-10-25 Written with the no-holds-barred ethos of his beloved series, *No Reservations* and *Parts Unknown*, the celebrity chef and culinary explorer's first cookbook in more than ten years—a collection of recipes for the home cook. Anthony Bourdain is a man of many appetites. And for many years, first as a chef, later as a world-traveling chronicler of food and culture on his CNN series *Parts Unknown*, he has made a profession of understanding the appetites of others. These days, however, if he's cooking, it's for family and friends. *Appetites*, his first cookbook in more than ten years, boils down forty-plus years of professional cooking and globe-trotting to a tight repertoire of personal favorites—dishes that everyone should (at least in Mr. Bourdain's opinion) know how to cook. Once the supposed bad boy of cooking, Mr. Bourdain has, in recent years, become the father of a little girl—a role he has embraced with enthusiasm. After years of traveling more than 200 days a year, he now enjoys entertaining at home. Years of prep lists and the hyper-organization necessary for a restaurant kitchen, however, have caused him, in his words, to have morphed into a psychotic, anally retentive, bad-tempered Ina Garten. The result is a home-cooking, home-entertaining cookbook like no other, with personal favorites from his own kitchen and from his travels, translated into an effective battle plan that will help you terrify your guests with your breathtaking efficiency.
