Cognition In Action Alan F. Collins,Philip Levy,Peter E. Morris,Mary M. Smyth,1994-08-05 This revised textbook is designed for undergraduate courses in cognitive psychology. It approaches cognitive psychology by asking what it says about how people carry out everyday activities: how people organize and use their knowledge in order to behave appropriately in the world in which they live.; Each chapter of the book starts with an example and then uses this to introduce some aspect of the overall cognitive system. Through such examples of cognition in action, important components of the cognitive system are identified, and their interrelationships highlighted. Thus the text demonstrates that each part of the cognitive system can only be

understood properly in its place in the functioning of the whole.; This edition features increased coverage of neuropsychological and connectionist approaches to cognition.

Who Gives a Poop? Heather L. Montgomery, 2020-10-13 Follow scientist Heather L. Montgomery into science labs, forests, hospitals, and landfills, as she asks: Who uses poo? Poop is disgusting, but it's also packed with potential. One scientist spent months training a dog to track dung to better understand elephant birthing patterns. Another discovered that mastodon poop years ago is the reason we enjoy pumpkin pie today. And every week, some folks deliver their own poop to medical facilities, where it is swirled, separated, and shipped off to a hospital to be transplanted into another human. There's even a train full of human poop sludge that's stuck without a home in Alabama! This irreverent and engaging narrative nonfiction book shows that poop isn't just waste-and that dealing with it responsibly is our duty.

The Cougar's Wish Holley Trent,2019-07-15 A desperate entity trapped on the other side of an active hellmouth pleads for cougar shifter Belle Foye's help, and she can't stop herself from running toward it, even though it means putting her own life in danger. As if that weren't inconvenient enough, Belle's inner cat's biological clock is loudly ticking, which means her body is acting in all sorts of ways she wishes it wouldn't—particularly when it comes to her new babysitter. Former soldier Steven Welch has been tasked with keeping Belle away from the hellmouth at all costs. It's just his luck that the cat has taken a shine to his human self. Unfortunately, sticking close to her means he has no choice but to confront a fear of the supernatural he'd hoped he left in the Afghan desert. When the pair learns Steven's own secret paranormal gift could help solve Belle's problem, their differences collide. Steven insists he's no hero, but Belle wants to enter the hellmouth and end the trouble it's brought on her family once and for all. If Belle can't convince him that she has his back as well as he has hers, she'll lose her fated mate and the only man she's ever trusted enough to call “partner.”

Desert Guards Holley Trent, 2016-07-11 Meet three alpha were-cougars and their spirited, sass-spouting soulmates in this shifter romance bundle. Spells, hexes, and curses won't stop these strong, sexy desert guards from finding love at long last. **The Cougar's Pawn:** Ellery Colvard escapes her perfectly organized life for a camping trip with her friends, hoping for a tiny thrill. Instead, she gets carried away--literally--by alpha were-cougar Mason Foye, who needs a mate to avoid his fate. But Ellery has some witchy ways, too, and she isn't buying into his life story. The clock is ticking as Mason struggles to keep his son, his family, and the woman he's already fallen head over heels for. **The Cougar's Trade:** Hank Foye has his eyes set on a brash looker as the mate to help him avoid being cursed to live as a cougar for the rest of his life, but instead fate chooses quiet nurse Miles Bennett. When he gets stuck playing bodyguard to the gal who brings his long-repressed passions roaring to life, he must decide if Miles is a mate strong enough to go the distance with him. **The Cougar's Bargain:** Hannah Welch doomed were-cougar Sean Foye to spend the rest of his life in his animal form when she refused to accept him as a mate. But an attack at the Foyes' New Mexico ranch ended with Hannah becoming a cougar, too. She strikes a bargain with the goddess who cursed him: Sean will be freed from his furry affliction if Hannah can find him a more suitable mate. But will she be able to give him up? **The Cougar's Wish:** Former soldier Steven Welch has been tasked with keeping Belle Foye away from a dangerous hellmouth at all costs. Not only is Belle a bit young in his world-weary opinion, but sticking close to her means he has no choice but to confront a fear of the supernatural he'd hoped he left in the Afghan desert. Will Steven's fears and stubbornness cause Belle to lose her fated mate and the one man she's ever trusted enough to call partner? Sensuality Level: Sensual

The Art of the Swap Kristine Asselin,Jen Malone,2018-02-13 Freaky Friday meets Downton Abbey in this middle grade mystery that features a modern day twelve-year-old switching bodies with a Gilded Age heiress in order to solve a famous art heist. Hannah Jordan lives in a museum...well, sort of. She is the daughter of the caretaker for mansion-turned-museum The Elms in Newport, Rhode Island. Hannah's captivated by stories of The Elms's original occupants, especially Maggie Dunlap, the tween heiress subject of a painting that went missing during a legendary art heist in 1905. But when a mysterious mirror allows Hannah and Maggie to switch places in time, suddenly Hannah is racing to stop the heist from happening, while Maggie gets an introduction to iPhones, soccer (which girls can play!), and freedoms like exploring without supervision. Not to mention the best invention of all: sweatpants (so long, corsets!). As the hours tick away toward the art heist, something's not adding up. Can the girls work together against time—and across it—to set things right? Or will their temporary swap become a permanent trade?

The Swap Megan Shull,2014-08-26 Now a Disney Channel Original Movie, Megan Shull's smart and funny twist on Freaky Friday is perfect for fans of Wendy Mass, Jerry Spinelli, and Jon Scieszka! This middle grade novel is an excellent choice for tween readers in grades 5 to 6, especially during homeschooling. It's a fun way to keep your child entertained and engaged while not in the classroom. With one random wish, Jack and Ellie are living life in each other's shoes. He's her. And she's him. ELLIE assumed popular guys didn't worry about body image, being perfect, or talking to girls, but acting like you're cool with everything is tougher than it looks. JACK thought girls had it easy—no fights with bullies, no demanding dads, no power

plays—but facing mean girls at sleepovers and getting grilled about your period is way harder than taking a hit to the face at sports practice. Now they’re dealing with each other’s middle school dramas—locker room teasing, cliques, video game battles, bra shopping, and a slew of hilariously awkward moments—until they hopefully switch back! Told in both Jack’s and Ellie’s voices, *The Swap* offers a fresh and honest take on tween friendship, all while exploring more serious themes of family, loss, empathy, and what it really means to be yourself. And as Jon Scieszka says, it’s “seriously, truly, fearlessly funny!”
