Vincent Smith

Building a Masterpiece Anne Watson,2013 Building a masterpiece explores some of the untold chapters in the long history of the Opera House's gestation, development and completion -- of individuals whose careers were made or broken by the Opera House, the companies whose reputations were secured through their association with the building, and the pioneering construction methods, innovative technologies and methodologies developed to meet the demands of its unprecedented design and challenging construction. The workers who built the building, the politicians, architects and members of the public who championed it and its often beleaguered architect are discussed as is its current world status as a symbol of Australia.To coincide with the 40th anniversary of the opening of the Sydney Opera House, this new edition of Building a Masterpiece will include a new chapter on another little known and much misunderstood story: the architect who took over from Utzon and completed the project.

The House Helen Pitt,2018-08-15 The extraordinary story of the 20th century's most recognisable building, with new insights into the people involved and the controversy that surrounded its construction. Winner of the 2018 Walkley Book Award The best-loved building in Australia nearly didn't get off the drawing board. When it did, the lives of everyone involved in its construction were utterly changed: some for the better, many for the worse. Helen Pitt tells the stories of the people behind the magnificent white sails of the Sydney Opera House. From the famous conductor and state premier who conceived the project; to the two architects whose lives were so tragically intertwined; to the workers and engineers; to the people of Sydney, who were alternately beguiled and horrified as the drama unfolded over two decades. With access to diaries, letters, and classified records, as well as her own interviews with people involved in the project, Helen Pitt reveals the intimate back story of the building that turned Sydney into an international city. It is a tale worthy of Shakespeare himself. 'A drama-filled page turner' - Ita Buttrose AO OBE 'Helen Pitt tells us so much about the building of the Sydney Opera House we've never heard before' - Bob Carr, former Premier of NSW 'Australia in the seventies: mullets, platform shoes and, miraculously, the Opera House. At least we got one of them right. A great read.' - Amanda Keller, WSFM breakfast presenter

The Sydney Opera House Peter FitzSimons,2022-11-03 If only these walls and this land could talk . . . The Sydney Opera House is a breathtaking building, recognised around the world as a symbol of modern Australia. Along with the Taj Mahal and other World Heritage sites, it is celebrated for its architectural grandeur and the daring and innovation of its design. It showcases the incomparable talents involved in its conception, construction and performance history. But this stunning house on Bennelong Point also holds many secrets and scandals. In his gripping biography, Peter FitzSimons marvels at how this magnificent building came to be, details its enthralling history and reveals the dramatic stories and hidden secrets about the people whose lives have been affected, both negatively and positively, by its presence. He shares how a conservative 1950s state government had the incredible vision and courage to embark on this nation-defining structure; how an architect from Denmark and construction workers from Australia and abroad invented new techniques to bring it to completion; how ambition, betrayal, professional rivalry, sexual intrigue, murder, bullying and breakdowns are woven into its creation; and how it is now acknowledged as one of the wonders and masterpieces of human ingenuity.

Sydney Opera House Sam Doust,Peter Gibson,2022-03-30 * Richly illustrated with images and stories, this is your perfect souvenir of the Sydney Opera House* A new guide to this architectural masterpiece and UNESCO World Heritage Site* Sydney Opera House is one of the most recognizable buildings in the world* Looks at the history of the entire site, construction and development of the Sydney Opera HouseSydney Opera House is one of the most recognizable buildings in the world. Fusing ancient and modernist influences and situated on a site sacred to the Gadigal people for thousands of years, it is Australia's premier tourist attraction, a UNESCO World Heritage-listed site and one of the busiest performing arts centers in the world. While the tale of the Sydney Opera House is one of breathtaking triumph, it is also one of personal cost. Its Danish architect, Jørn Utzon (1918-2008), left Australia midway through construction and never returned to see his masterpiece completed - a building that, according to Frank Gehry, 'changed the image of an entire country'. This souvenir guide traces the history of this extraordinary building - one that is synonymous with inspiration and imagination - through a beautifully realized combination of photography, text and quotes.

Rent Jonathan Larson,1997-05-21 In these pages, Rent offers what most theater books can't: a chance to step behind the curtain and feel the electricity of a stage phenomenon as it unfolds. Rent has single-handedly reinvigorated Broadway and taken America by storm. Sweeping all major theater awards, including the 1996 Pulitzer Prize for drama, as well as four 1996 Tony Awards including Best Musical, Best Book, and Best Score for a Musical, Rent captures the heart and spirit of a generation, reflecting it onstage through the emotion of its stirring words and music, and the energy of its young cast. Now, for the first time, Rent comes to life on the page -- through vivid color photographs, the full libretto, and an utterly compelling behind-the-scenes oral history of the show's creation. Here is the exclusive and absolutely complete companion to Rent, told in the voices of the extraordinary talent behind its success: the actors, the director, the producers, and the librettist and composer himself, Jonathan Larson, whose sudden death, on the eve of the first performance, has made Rent's life-affirming message all the more poignant.

Sydney Opera House at 50 Andrew Botros,2023-08-31 There is no more consequential building created in the 20th century; no other building has so comprehensively defined a city, stretched the technology of its day and required as much toil of its people. 50 years after the opening of the Sydney Opera House, it is easy to assume the inevitability of the structure that stands, but this was Australia's moon project. It pushed international capability to breaking point and absorbed vast teams of talented individuals into the unknown, experimenting with new techniques for years. Only through the collective can we understand its story. With the

benefit of key first-hand accounts, now publicly known, this book lays out the critical moments for Jorn Utzon and the building's key designers as they played out at Sydney's world-heritage site.

Utzon and the Sydney Opera House: Penguin Special Daryl Dellora,2013-10-23 Jørn Utzon designed the Sydney Opera House so that every element would be in harmony. But its construction, while it began in just that way, ended in complete discord. The visionary state government that commissioned the project was replaced by one that did not appreciate it and stopped funding it. Utzon was forced out. The interiors he planned went unbuilt and rumours were spread about his departure. In this incisive essay, to celebrate the Opera House's fortieth anniversary, Daryl Dellora draws on his own past interview with Utzon to pull those rumours apart. Along with the architect's original intentions, he reveals how misguided was the attempt to thwart one of the modern world's architectural masterpieces.
