Scrambles in the Canadian Rockies Alan Kane, 2011-10-15 With 15,000 copies of previous editions sold, this bestselling guide brings together 150 of Alan Kane's favourite scrambles, starting in Waterton National Park and working up through the Crowsnest area and Kananaskis Country into the contiguous national parks of Banff, Kootenay, Yoho and Jasper. Each peak can be climbed in one day from a road or backcountry lodge. All scrambles in the book are carefully graded and range from easy walk-ups for experienced hikers who want a little more challenge to more difficult, hands-on scrambles for more daring climbers. Each mountain is well illustrated with route photos and often a photo of the crux.

A Question of Manhood, Volume 1 Darlene Clark Hine, Earnestine L. Jenkins, 1999-10-22 Each of these essays illuminates an important dimension of the complex array of Black male experiences as workers, artists, warriors, and leaders. The essays describe the expectations and demands to struggle, to resist, and facilitate the survival of African American culture and community. Black manhood was shaped not only in relation to Black womanhood, but was variously nurtured and challenged, honed and transformed against a backdrop of white male power and domination, and the relentless expectations and demands on them to struggle, resist, and to facilitate the survival of African-American culture and community.

Currency Reform in India Vaman Govind Kale, 1919

A Question of Manhood Darlene Clark Hine, Earnestine Jenkins, 1999 A Question of Manhood is the first anthology of historical studies focused on themes and issues central to the construction of Black masculinities. The editors identified these essays from among several hundred articles published in recent years in leading American history journals and academic periodicals. Each piece illuminates an important dimension of the complex array of Black male experiences as workers, artists, warriors, and leaders in both slave and free communities in the centuries and decades prior to the end of slavery in the United States. The introduction offers a gendered perspective on, and a race and class framework for the future study of, Black men's history. The introduction weaves the salient points made in each of the historical essays into a fresh narrative of Black male efforts to construct their individual life and community-sustaining identities. Black manhood was shaped not only in relation to Black womanhood, but was variously nurtured and challenged, honed and transformed against a backdrop of white male power and domination, and the relentless expectations and demands on them to struggle, resist, and to facilitate the survival of African-American culture and community.

How to Do Nothing Jenny Odell, 2020-12-29 ** A New York Times Bestseller **
NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: Time • The New Yorker • NPR • GQ • Elle • Vulture • Fortune • Boing Boing • The Irish Times • The New York Public Library • The Brooklyn Public Library A complex, smart and ambitious book that at first reads like a self-help manual, then blossoms into a wide-ranging political manifesto.—Jonah Engel Bromwich, The New York Times Book Review One of President Barack Obama's Favorite Books of 2019 Porchlight's Personal Development & Human Behavior Book of the Year In a world where

addictive technology is designed to buy and sell our attention, and our value is determined by our 24/7 data productivity, it can seem impossible to escape. But in this inspiring field guide to dropping out of the attention economy, artist and critic Jenny Odell shows us how we can still win back our lives. Odell sees our attention as the most precious—and overdrawn—resource we have. And we must actively and continuously choose how we use it. We might not spend it on things that capitalism has deemed important ... but once we can start paying a new kind of attention, she writes, we can undertake bolder forms of political action, reimagine humankind's role in the environment, and arrive at more meaningful understandings of happiness and progress. Far from the simple anti-technology screed, or the back-to-nature meditation we read so often, *How to do Nothing* is an action plan for thinking outside of capitalist narratives of efficiency and techno-determinism. Provocative, timely, and utterly persuasive, this book will change how you see your place in our world.

The Outlying Fells of Lakeland Alfred Wainwright, 2011-06-01 This is the legendary A. Wainwright's guide to his selection of 56 'foothills' in Lakeland, brilliantly revised and updated by Chris Jesty. The outings described here with typical eloquence and humour were chosen by Wainwright with a particular readership in mind: 'those walkers who, because of age or infirmity, must be content with milder expeditions on lesser fells.' This guide is packed with gems of outstanding beauty which you don't have to be super-fit to enjoy: Orrest Head, where Wainwright's love affair with the Lake District began; Scout Scar, 'a pleasure every step of the way'; Beacon Fell, 'the epitome of that appeals to fellwalkers'; and many, many others. All the walks fall within the boundaries of the National Park. In the second edition, the main routes are picked out in red for greater visibility, and parking information is given where possible.
