Day & Section Hikes Pacific Crest Trail: Northern California Wendy Lautner,2010-09-29 Instead of guiding travelers through the arduous task of hiking the entire PCT, the goal of this book is to help plan trips that incorporate hiking on the PCT in Northern California, whether hikers have just an afternoon to spare or want to escape for the entire weekend. The author's hike choices most often include the opportunity for a wilderness swim or a summit hike to take in outstanding views. Maps and elevation graphs were carefully produced using GPS data collected by the author while out on the trail.

The Mourne Mountains Andrew McCluggage,2019-07-15 The only guidebook for the Mourne Mountains written by a County Down local hiker: 30 handpicked routes. The only guidebook for the Mourne Mountains with Real 1:25,000 Maps: this makes navigation easy and saves you money: no need to carry additional maps. Also includes: - Game of Thrones film locations - Numbered waypoints linking maps to text - Quick Reference Route List: enabling you to plan an itinerary to match your ability and schedule. All difficult calculations of time, distance and altitude gain are done for you - Everything the hiker needs to know to plan routes: route descriptions, difficulty, weather, how to get there, and more - Accommodation section - Information on Wildlife, Plants & Geology - History of the Mourne Wall - List of Irish Place Names - Edge to edge colour: the most modern and beautiful Mournes guidebook The Mourne range comprises the highest mountains in Northern Ireland. It is a stunning wilderness which is popular with local walkers but is relatively unknown to those outside of Ireland. The highest mountain in the range is Slieve Donard (849m), Northern Ireland's highest point, which sweeps majestically down into the Irish Sea at the pretty seaside town of Newcastle. This proximity to the sea is a characteristic of the Mournes, often creating a mysterious atmosphere, as frequently the high peaks can be seen rising dramatically out of a blanket of sea mist. The Mournes have everything you would expect from a mountain region on the Emerald Isle: beautifully long ridges, magnificent summits and vibrant heather and gorse covered slopes. However, there is one key thing which sets it apart: uniquely, the whale-backed slopes of the highest peaks are completely encircled by the lovely dry-stone 'Mourne Wall'.

Beyond Belfast Will Ferguson,2018-12-11 Offbeat, charming, and filled with humour and insight, Beyond Belfast is the story of one man’s misguided attempt at walking the Ulster Way, “the longest waymarked trail in the British Isles.” It’s a journey that takes Will Ferguson through the small towns and half-forgotten villages of Northern Ireland, along rugged coastlines and across barren moorland heights, past crumbling castles and patchwork farms. From IRA pubs to Protestant marches, from bandits and bad weather to banshees and blood sausage, he wades into the thick of things, providing an affectionate and heartfelt look at one of the most misunderstood corners of the world. As the grandson of a Belfast orphan, Will also peels back the myths and realities of his own family history—a mysterious photograph, rumours of a lost inheritance. The truth, when it comes, is both surprising and funny ...

Hike It Baby Shanti Hodges,2018-06-01 New parents and parents of toddlers face unique challenges when it comes to planning outdoor trips. “Family-friendly trail” is often a misleading phrase, and doesn’t take young children under the age of 5 into consideration, whose safety and comfort require a different perspective. The unpredictable nature of little ones leads many parents to put their adventure dreams on the back burner, missing out on years of meaningful experiences as a family. Hike it Baby presents 100 outdoor adventures across the U.S. that you can take with babies and toddlers (really!), along with everything you need to know about exploring the natural world. Sourced from real families using Hike it Baby’s trail-tested system, this book helps moms and dads get out there in their comfort zone, yet feel like hardcore adventurers! Whether you’ve always wanted to hike part of the Appalachian Trail, splash around in gentle Northwest waterfalls, or scramble up rocks in the desert surrounded by Joshua Trees, this book shows you how to plan a truly memorable journey together.

The Rule of the Land Garrett Carr,2017-01-31 In the wake of the EU referendum, the United Kingdom's border with Ireland has gained greater significance: it is set to become the frontier with the European Union. Over the past year, Garrett Carr has travelled this border, on foot and by canoe, to uncover a landscape with a troubled past and an uncertain future. Across this thinly populated line, travelling down hidden pathways and among ancient monuments, Carr encounters a variety of characters who have made this liminal space their home. He reveals the turbulent history of this landscape and changes the way we look at nationhood, land and power. The book incorporates Carr's own maps and photographs.

60 Hikes Within 60 Miles Tammy York,2010-06 60 Hikes within 60 Miles: Cincinnati is one book that covers the best and sometimes the least-well-known hiking destinations within 60 miles of the greater Cincinnati area. The hikes were selected based on family friendliness, scenery, and history. Many of the hikes fall between 3 to 5 miles in length, which provides parents with a relaxing and revitalizing hike even little ones can enjoy. This isn't a bunch of poppy-cock either. Author Tammy York hiked most of the trails with her two young daughters. 60 Hikes within 60 Miles: Cincinnati was created with other parents and newbie hikers in mind, while also providing challenging hikes for skilled hikers. With this guide, hikers will discover many of the local hidden hiking treasures that are in or near Cincinnati. Places such as Caldwell Nature Preserve, Mary Gray Bird Sanctuary, and Quiet Trails Nature Preserve offer incredible views, ample wildlife and wildflowers, and a chance to get away from everything and enjoy the simple pleasure of nature. Trails in the guide cover Ohio, Indiana, and Kentucky, and range from easy to you-must-be-joking difficult. For example, Sharon Woods is an easy and accessible paved trail for most of the hike, but Clifty Falls State Park hike will challenge your ability to concentrate on crossing slippery and tippy rocks without falling into the stream.

A Course Called Ireland Tom Coyne,2010-02-02 The hysterical story bestseller about one man's epic Celtic sojourn in search of ancestors, nostalgia, and the world's greatest round of golf By turns hilarious and poetic, A Course Called Ireland is a magnificent tour of a vibrant land and paean to the world's greatest game in the tradition of Bill Bryson's A Walk in the Woods. In his thirties, married, and staring down impending fatherhood, Tom Coyne was familiar with the last refuge of the adult male: the golfing trip. Intent on designing a golf trip to end all others, Coyne looked to Ireland, the place where his father has taught him to love the game years before. As he studied a map of the island and plotted his itinerary, it dawned on Coyne that Ireland was ringed with golf holes. The country began to look like one giant round of golf, so Coyne packed up his clubs and set off to play all of it-on foot. A Course Called Ireland is the story of a walking-averse golfer who treks his way around an entire country, spending sixteen weeks playing every seaside hole in Ireland. Along the way, he searches out his family's roots, discovers that a once-poor country has been transformed by an economic boom, and finds that the only thing tougher to escape than Irish sand traps are Irish pubs.
