Writing Is Designing Michael J. Metts,Andy Welfle,2020-01-14 Without words, apps would be an unusable jumble of shapes and icons, while voice interfaces and chatbots wouldn't even exist. Words make software human-centered, and require just as much thought as the branding and code. This book will show you how to give your users clarity, test your words, and collaborate with your team. You'll see that writing is designing.

Conspiracy of Fools Kurt Eichenwald, 2005-12-27 From an award-winning New York Times reporter comes the full, mind-boggling true story of the lies, crimes, and ineptitude behind the Enron scandal that imperiled a presidency, destroyed a marketplace, and changed Washington and Wall Street forever. It was the corporate collapse that appeared to come out of nowhere. In late 2001, the Enron Corporation—a darling of the financial world, a company whose executives were friends of presidents and the powerful—imploded virtually overnight, leaving vast wreckage in its wake and sparking a criminal investigation that would last for years. Kurt Eichenwald transforms the unbelievable story of the Enron scandal into a rip-roaring narrative of epic proportions, taking readers behind every closed door—from the Oval Office to the executive suites, from the highest reaches of the Justice Department to the homes and bedrooms of the top officers. It is a tale of global reach—from Houston to Washington, from Bombay to London, from Munich to Sao

Paolo—laying out the unbelievable scenes that twisted together to create this shocking true story. Eichenwald reveals never-disclosed details of a story that features a cast including George W. Bush, Dick Cheney, Paul O'Neill, Harvey Pitt, Colin Powell, Gray Davis, Arnold Schwarzenegger, Alan Greenspan, Ken Lay, Andy Fastow, Jeff Skilling, Bill Clinton, Rupert Murdoch and Sumner Redstone. With its you-are-there glimpse into the secretive worlds of corporate power, *Conspiracy of Fools* is an all-true financial and political thriller of cinematic proportions.

Murder in the Midlands Rita Y. Shuler, 2007-03-20 The full story of the infamous double murder featured on Discovery's FBI Files—includes photos. In this book, former South Carolina Law Enforcement Division (SLED) forensic photographer Lt. Rita Y. Shuler recounts twenty-eight days of terror and shocking developments in one of the most notorious double murders and manhunts in South Carolina history. Shuler shares her own personal interactions with some of the key players in this famous manhunt and investigation. Also included are Bell's chilling calls from area phone booths to the Smith family, along with his disconcerting interviews and bizarre actions in the courtroom, which show the dark, evil, and criminal mind of this horrific killer. This is a comprehensive account of the case that has been featured on the Discovery Channel's FBI Files, in the CBS movie *Nightmare in Columbia County*, and on Court TV's *Forensic Files*.

Lawyer Games Dep Kirkland, 2015-10-15 In the early morning of May 2, 1981, Danny Hansford was shot dead by James Williams with a World War II vintage Luger in a historic

Savannah mansion. For the next eight-and-a-half years, through four murder trials and intrigue which reached the highest levels of Georgia politics—including a former governor and the Georgia Supreme Court—lawyers battled over whether the 50-year-old Williams shot the 21-year-old Hansford in self-defense. The case inspired a best-selling book and a movie directed by Clint Eastwood. Written by Dep Kirkland, who arrived at the scene when Hansford's body was still on the floor, *Lawyer Games* is the true story of this remarkable case. Kirkland, the Chief Assistant DA at the time, made the decision to arrest Williams and tried the first of four murder trials alongside the district attorney. His firsthand knowledge allows him not only to deeply analyze the murder case but also to expose the legal mischief spawned when a defendant facing unshakable physical evidence possesses almost unlimited funds. True crime aficionados will be drawn to the two stories told in the book: The riveting story of the case, its evidence (including facts never heard in the courtroom), trials and results, and the incredible eight-year campaign to beat a murder rap no matter what, with a look behind the curtain at a darker side of the American criminal justice system.

Translating Tagore's Stray Birds into Chinese Yuanyi Ma, Bo Wang, 2020-12-28
Translating Tagore's 'Stray Birds' into Chinese explores the choices in poetry translation in light of Systemic Functional Linguistics (SFL) and illustrates the ways in which readers can achieve a deeper understanding of translated works in English and Chinese. Focusing on Rabindranath Tagore's 'Stray Birds', a collection of elegant and philosophical poems, as a source text, Ma and Wang analyse four Chinese target texts by Zheng Zhenduo, Yao Hua, Lu Jinde and Feng Tang and consider their linguistic complexities through SFL. This book analyses the source text and the target texts from the perspectives of the four strata of language, including graphology, phonology, lexicogrammar and context. Ideal for researchers and academics of SFL, Translation Studies, Linguistics, and Discourse Analysis, Translating Tagore's 'Stray Birds' into Chinese provides an in-depth exploration of SFL and its emerging prominence in the field of Translation Studies.

Perfect SoloPreneur They Call Me Hoz, 2018-12-31 I wrote *Perfect SoloPreneur* to answer the question: how would I become a SoloPreneur if I had to start from scratch all over again? Today, everybody has the opportunity to create a personal brand and become a SoloPreneur or an entrepreneur using mostly free tools on the World Wide Web. But the path is littered with traps, sharks and missing information. If you're hustling to build your own side business - your own digital empire - then you already know about the endless temptations for cool tools and software and the endless monthly subscriptions that are required to run these tools. You know also about the countless motivational videos and tips out there telling us to just go for it, make it happen, etc. In this book, I talk about the things not to fall for and the mindset the SoloPreneur needs to cultivate. I talk about the things to be mindful of when you're building your personal brand and the ways others may try to attack it in future. I talk about the problem with all these motivational videos (they're great to watch and I recommend that you use them to get inspired, but we need to remember context because context is everything. The fact is that today, there is an incredible opportunity for anyone to become a SoloPreneur and build a successful business online in their spare time from their spare room, and every day more people join the laptop lifestyle (aka the Internet lifestyle) and become financially independent. But the idea of achieving online success is being romanticised into a work your b*tt off and it will happen formula (well, those make great videos...) I tried and failed more times than I care to remember and ended up in ugly situations from following a lot of similar advice blindly. I finally got things to work after a lot of effort and backtracking and applying certain rules based on common sense. At the end of that 'little journey' it struck me that it should not have been this hard, and I should not have had to go through so much stress both financially and emotionally. I realised that the reason I made things a lot harder than they need to be is because I

followed other people's models without applying any criteria of my own. This book is about the things I've learnt on this journey, and about how I would do this next time, to make it as easy and efficient as possible. Enjoy.

About Hoz: Hoz has worked with clients in 21 countries. He has created 3 physical product brands of his own which he runs to this day as well as a digital marketing agency and a publishing business. Before that he was a touring musician. Recently, Hoz decided to start blogging and vlogging to share his journey with other SoloPreneurs. He's just getting started in the bloggesphere but he brings all his experience and humour with him. He decided to put his hindsight to use and write *Perfect SoloPreneur* as the blueprint he would have followed if he had to do this whole thing again from scratch. *Perfect SoloPreneur* is a bird's eye view of what it takes to create digital empires. The premise of the book is a call to action to today's unprecedented opportunity to create a personal brand and generate revenue online working from home or anywhere else and designing the life you want.

Q&As What's the difference between a solopreneur and an entrepreneur? Entrepreneurs have teams on whom they rely on to carry out their ideas. SoloPreneurs come up with ideas and then roll up their sleeves and do the work. Because of this limitation, SoloPreneurs have less scale than entrepreneurs - especially those on a budget. This book talks about the most important things SoloPreneurs can leverage to increase their output.
