- 📖 **HELLO, THIS IS YOUR BODY TALKING** LUCIA CAPACCHIONE,2017-03-15 With Drawing Your Stress Away and Hello, This Is Your Body Talking, art therapist and educator Dr. Lucia Capacchione presents a new concept in adult coloring: the draw-it-yourself coloring book. Forty years ago, Capacchione originated the Creative Journal Method to help clients and students reduce stress, heal trauma and unleash creativity. Since then, her research-based techniques have been used internationally in schools, counseling centers, support groups, addiction recovery centers, and programs for veterans. Drawing Your Stress Away and Hello, This Is Your Body Talking are a wonderful introduction to Capacchione's methods, which include drawing, coloring, and writing with the non-dominant hand to help the user shed inhibitions and rediscover the artistic spontaneity of childhood. Capacchione gently guides readers to use drawing for meditation, stress release, and self-care. In Hello, This Is Your Body Talking, simple breathing, drawing, and writing prompts encourage physical awareness and relaxation. Drawing Your Stress Away helps reduce tension through emotional expression, self-nurturing, and artistic discovery. Unlike traditional coloring books, which require fine motor control in highly detailed predetermined patterns, Capacchione's anti-coloring books provide the inspiration for users to make their own art; tune out their inner critics; and take the training wheels off their natural creativity.
- 📖 **SHUT THE F*CK UP AND COLOR 3** CYNTHIA VAN EDWARDS,2016-03-09 How to use the Cats Talking Shit Coloring Book... LOTS and LOTS of beautiful and ornate coloring book pages for hours and hours of relaxing calm and peace. And isn't that what coloring is really about. Turn on some music, sit back, and let your creative juices flow while you turn a page of black and white into the embodiment of your mind's ultimate color scheme! Let's face it, my cat is an A-hole. Turns out most of them are, and this book is devoted to those furry little balls of laziness we love so much. This is a coloring book devoted to the cats and all the shit they talk. Half of our population shares a love of cats in their many and wondrous forms. Whether it's your house cat, the lazy fat cat down the street that steals all of your cat food, or the sleek and elegant jungle cat that we see on television, we love cats. Unlike dogs, cats have a personality that requires a certain amount of patience and effort if you intend to receive any affection. Cats can be calculating and sinister, and if they could talk, can you even imagine what they would say? Oh we can, and we have... We decided to focus not just on images of cats, but beautiful and intricate designs that you can spend hours coloring until they become majestic pieces of artwork, worthy of your wall, Facebook or the Guggenheim Gallery! Beauty and vulgarity, all in one! This book has been a collaborative effort between artists, designers, and psychologists. This book not only soothes you, but also increases mental stimulation. The pictures and designs may seem random at first glance, but they're anything but. We also added some really cool coloring pages that are just for you to zone out after reading our madness. We think you'll love the designs and create some incredible pieces of art! Our idea with this project was to both inspire you, and increase neuronal activity and stimulation in a way that activates very unique parts of your mind. There are fields of research suggesting that both children and adults who work with coloring books and designs can effectively raise their IQ. So have fun, relax, let the markers and pens do what they will, and hang on for an incredible, mind altering ride! We hope to give the designer (you) a very introspective and mind expanding experience. To help you bring your full art and color to life, we've left the outlines slightly gray instead of harsh black. Your ideas and the beauty you create are more important than the original designs. This is for you! MARKER NOTE: If you feel like using markers, we suggest Staedtler Triplus Fineliner marker pens. They're easy to use and are very good when it comes to bleeding issues. We've chosen a paper that we feel offers the best compromise between durability and brightness so that your ideas come to life without being encumbered by the paper. (Ideally, you would use colored pencils or crayons that won't bleed through the paper!) * Also, place a piece of white paper underneath your current pages to soak up any extra ink! Depending on the markets you choose, there may be a little bleed through. The piece of extra paper will also assist you in leaving just the right amount of color on the current page you're working on. * PLEASE SHARE your work with us. Simply go to Amazon and leave a review and it will allow you to post your own pictures! We want to see what you've got. And each week we will choose one of the images as our best in class and you'll receive one of our new coloring books absolutely FREE! Just color, post, and win!
