Fragments of a World Lesley Smith, 2023-06-12 It has been 140 years since a full biography of William of Auvergne (1180?-1249), which may come as a surprise, given that William was an important gateway of Greek and Arabic thought and philosophy to western Europe in the thirteenth century, and one of the earliest writers in the medieval Latin west on demonology. Lesley Smith's aims in this book are two-fold: first, to take a closer look at William, the human being, how he saw the world and his place in it; and to uncover William's interactions with his Parisian congregation through the nearly 600 sermons he left after his death. Smith has mined these writings, unremarked in previous scholarship, to give us a different perspective on the schoolmaster, bishop of Paris, and strict theologian we have come to know: a preacher who spoke and ministered not just to the powerful and elite, but also to commoners, to the poor, and to the less fortunate. Through a study of the sermons, Smith creates a broader landscape of William's thought and life, highlighting his attention to the importance--and limits--of language, and his attempts to find a way to address the concerns of the larger populace. In his preaching, we get a sense of the balance William achieved, in the way he communicated religious teachings, in his understanding of the concerns of ordinary Parisians, and in his awareness of the ebb and flow of daily life in a medieval city. The book will interest scholars of intellectual history and philosophy, religion, and literary studies more broadly for Smith's innovative method of excavating the sermons in pursuit of William the person, and his humanity. An altogether new William for the twenty-first century--

Children and Everyday Life in the Roman and Late Antique World Christian Laes, Ville Vuolanto, 2016-11-10 Children and Everyday Life in the Roman and Late Antique World explores what it meant to be a child in the Roman world - what were children's concerns, interests and beliefs - and whether we can find traces of children's own cultures. By combining different theoretical approaches and source materials, the contributors explore the environments in which children lived, their experience of everyday life, and what the limits were for their agency. The volume brings together scholars of archaeology and material culture, classicists, ancient historians, theologians, and scholars of early Christianity and Judaism, all of whom have long been involved in the study of the social and cultural history of children. The topics discussed include children's living environments; clothing; childhood care; social relations; leisure and play; health and disability; upbringing and schooling; and children's experiences of death. While the main focus of the volume is on Late Antiquity its coverage begins with the early Roman Empire, and extends to the early ninth century CE. The result is the first book-length scrutiny of the agency and experience of pre-modern children.

Tudor Children Nicholas Orme, 2023 The first history of childhood in Tudor England What was it like to grow up in England under the Tudors? How were children cared for, what did they play with, and what dangers did they face? In this beautifully illustrated and characteristically lively account, leading historian Nicholas Orme provides a rich survey of childhood in the period. Beginning with birth and infancy, he explores all aspects of children's experiences, including the games they played, such as Blind Man's Bluff and Mumble-the-Peg, and the songs they sang, such as Three Blind Mice and Jack Boy, Ho Boy. He shows how social status determined everything from the food children ate and the clothes they wore to the education they received and the work they undertook. Although childhood and adolescence could be challenging and even hazardous, it was also, as Nicholas Orme shows, a treasured time of learning and development. By looking at the lives of Tudor children we can gain a richer understanding of the era as a whole.

Born a Crime Trevor Noah, 2016-11-15 #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a

damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.

Laughter and the Grace of God Brian Edgar,2019-08-12 Laughter is important because we cannot really love anybody with whom we never laugh, and this is true of our relationship with God. Having a sense of humor is essential for maturity in faith and holiness. Unfortunately, humor and the role that laughter plays in life and spirituality have often been neglected and the aim of *Laughter and the Grace of God* is to restore laughter to its central place in Christian spirituality and theology. It examines the role of laughter in Scripture and finds it in unexpected places including the story of Abraham and the formation of the covenant and the tragedy of Job. There is laughter in the incarnation, the resurrection, and even the crucifixion. Jesus is the great Laugh-maker. Thomas Aquinas spoke of the sin of having too little laughter as well as the danger of having too much, while Martin Luther said, “If you’re not allowed to laugh in heaven, I don’t want to go there.” Laughter is nothing less than a participation in the life and love of God.

The Poisonwood Bible Barbara Kingsolver,2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection “Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty.” —Los Angeles Times Book Review The *Poisonwood Bible*, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleanna Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.
