**Spanky the Mouse** Aunty Mona, 2015-07-23 The biggest failure in life for any parent, or anyone raising a child is, if the Child grows up to be 'Financially Successful but MORALLY BANKRUPT!!' As a Spinster and an Aunt who has raised nephews and nieces, as well as help babysit my friends children, I know how important it is to mould the child's mind to be noble and beautiful. Food and beverages can only nourish the body, while wisdom and knowledge nourishes the mind. The best way for a child to learn is through Stories, Jokes and Games, and they have to be carefully selected and chosen for the child. After buying countless books, I could not find anything truly worthwhile. Most books were made with only profit in mind, and I'm sure most were not written by the Author, but outsourced. Are you looking for a kid's or children's book that has no GIMMICKS? A book that is about QUALITY, not Quantity? A book that is highly entertaining, help you bond with your child, great for early readers, and is jam-packed with bedtime and all-day stories? Top it off with clean jokes, games to increase IQ? This children's storybook has it All! After a lot of soul searching, I have come up with my first book. It was written with the intention to help a child grow up to be a good person, a wonderful human being. Spanky the Mouse, is the hero of this book, and teaches Peter's son, Tom, the foundations of morality. The handful of stories are designed with 'Moral Science' in mind, that will help mould the child and establish the principles of being a good person. To top it off, there are Jokes and Games in the form of Riddles and a Quiz, to help stimulate the child intellectually while kindling the passion for learning. The amount of stories and games is adequate to hold the child's interest. Too much bores them, and too little deprives them of joy. I have tested it on my nephews, nieces, and my friends children, and saw them develop in an entire new and charming way. They have developed the qualities of kindness, compassion, sharing and understanding, while becoming smart and intelligent! Read it

to them when they can't read yet. When they can, they will want to read it by themselves. Every reading further enhances their perception of morality. I hope and wish your child succeeds in life, financially and morally! Good Luck and best wishes from Auntie Mona Your child will be entertained for hours, and be morally equipped for a Lifetime! Scroll up and click 'Buy' , spend some quality time, and create a precious Bond with your Child!

Space Mouse Richard Saunders,2017-07-21 BMW is an unusual mouse having remarkably keen hearing and enormous ears that he has been part of our space agency's search for messages from outer space. Logically, with the billions of galaxies out there, it would be peculiar if our earth was the only one with people. Actually, BMW failed to hear any messages from space while orbiting in his space capsule, but what he did hear led to his being honored by our president. His story is told by a

professor he befriended by chance after making a nest in the professors old car called a BMW.

The Tale of Despereaux Kate DiCamillo, 2009-09-08 A brave mouse, a covetous rat, a wishful serving girl, and a princess named Pea come together in Kate DiCamillo's Newbery Medal-winning tale. Welcome to the story of Despereaux Tilling, a mouse who is in love with music, stories, and a princess named Pea. It is also the story of a rat called Roscuro, who lives in the darkness and covets a world filled with light. And it is the story of Miggery Sow, a slow-witted serving girl who harbors a simple, impossible wish. These three characters are about to embark on a journey that will lead them down into a horrible dungeon, up into a glittering castle, and, ultimately, into each other's lives. What happens then? As Kate DiCamillo would say: Reader, it is your destiny to find out. With black-and-white illustrations and a refreshed cover by Timothy Basil Ering.

*Mouse* N. Scott Stedman, 2022-05-03 "There aren't many coders like that, not that I've ever met. You just might find that the mouse is really a lion, and even worse, that the lion has your head in her mouth." TWELVE-YEAR-OLD MOUSE GAMMA has

spent her entire life struggling to communicate. She's never understood how to stop the bullies and negligent foster parents without causing more trouble than it's worth. That is until she discovers the magic of code—a language that's more powerful than anything she's ever imagined. To everyone's surprise, Mouse is anonymously chosen to attend the prestigious Rickum Academy—an incubator for the brightest and most promising young minds in tech. Her excitement is short-lived as the mystery of how she ended up at Rickum very quickly unravels around her, threatening the safety of her new life and the innocent lives of those around her. With the help of her new friends, Ada and Boone, Mouse is in a race against her classmates, her teachers, and the most powerful man in tech to not only uncover the truth about who she is, but who she is not.
