**Drunken Space Pirates!** Phoenix Freebird A.,2009-06-30 Running from a mutinous crew, sucked through a wormhole like in a bad sci-fi movie and slowly running out of booze . . . and that’s just the beginning of this non-traditional story that starts off as a simple captain’s log book and evolves into something more like a really warped and twisted TV show in text. Follow the Captain and crew on a series of seemingly random adventures, where it’s obvious it’s not just the Captain who’s been drinking. At some point you may ask yourself, is all this just coincidence or is there something dark and annoying on the horizon? The Captain seems to have a drinking problem, the problem being he never has enough to drink and people from his past keep showing up and ruining his buzz / Akki a corrupted artificial intelligence who occasionally takes over the Captain’s log has his own plans, mostly self-serving ones because he has nothing better to do. The rest of the crew, pirates, hot chicks, robots and a foul beaked little space penguin round out the Drunken Space Pirates and with all the wise cracks and shots aimed at everyone and everything its clear the alcohol flows rather freely within the D.S.P. Many of the off the wall characters of the D.S.P. are walking guilty pleasures who say what they feel, do what they want and just generally give it to life, pop culture and the universe in general with both barrels . . . and occasionally fish...

She takes Marcus and his younger brother to Puerto Rico to spend a week with relatives they don't remember or have never met. But Marcus can't focus knowing that his father--who walked out of their lives ten years ago--is somewhere on the island. So begins Marcus's incredible journey, a series of misadventures that take him all over Puerto Rico in search of his elusive namesake. Marcus doesn't know if he'll ever find his father, but what he ultimately discovers changes his life. And he even learns a bit of Spanish along the way.

**To Love a Dog** Tom Inglis,2020-09-03 'A little gem of a book' Brendan O'Connor Tom Inglis and his Wheaten terrier Pepe have lived together for eighteen years: countless days of walks and play and the odd bit of chaos. Now, though, they are both getting old. To Love a Dog tells the story of Tom's life with Pepe, and looks at the ancient connection between humans and dogs. It explores why we take on the hassle of caring for these pet animals who rely on us so completely, who can create mess and upset in our lives, and who will probably die before us, leaving us behind to grieve. This is a book for everyone who has ever loved a dog.

**Confessions of a Demon** S.L. Wright,2009-12-01 After accidentally stealing the life force of a dying demon, Allay became the only human-demon hybrid in existence. Demons feed on human emotions, so Allay decided the safest way to satisfy this need—and still retain some semblance of her humanity—was to open a bar. Here she can drink from, and ease, her patrons’ pain, which has helped her to stay under the demon radar . . . until now. When Allay is attacked and nearly killed by another demon, a human comes to her rescue. Theo Ram is tall, handsome, and mortal—and Allay feels a connection to him she didn’t think she’d ever know. But that bond is tested when the demon community in New York begins to rise up, and two opposing clans fight for power. Now Allay is caught in the middle, and she must decide where her loyalties lie.

*Another Sort of Freedom* Gurcharan Das,2023-10-30 Another Sort of Freedom is a funny, moving and honest memoir of a man's struggle to break free from expectations. Gurcharan Das was born in Lyallpur, Punjab, during World War II, when Hitler, Churchill and Hirohito were bashing everyone around. His mother noted in her diary, 'This is a restless baby.' By age two he had become 'a difficult child', and by three she was calling him a 'troublemaker'. He discovered one day that he could run, and he has been running ever since. There are strange twists in his journey, from Partition's chaos to misguided attempts at winning over first loves. Setting out to become an engineer, he ends up with a philosophy degree from Harvard University. He then abandons a promising academic career in ivy-covered halls to become a salesman for Vicks VapoRub in India's dusty bazaars. This leads him to the CEO's position of Procter & Gamble India. One day, at the peak of his professional life, his high-powered corporate mask crumbles, and he walks away to become a celebrated writer and public intellectual. Candid, witty and wry, the memoir is filled with moments of deep introspection at every turn alongside wise observations on the author's encounters with history on four continents. This is Gurcharan Das as you have never seen him before.
