*How Stella Learned to Talk* Christina Hunger,2021-05-04 INSTANT NEW YORK TIMES BESTSELLER An incredible, revolutionary true story and surprisingly simple guide to teaching your dog to talk from speech-language pathologist Christina Hunger, who has taught her dog, Stella, to communicate using simple paw-sized buttons associated with different words. When speech-language pathologist Christina Hunger first came home with her puppy, Stella, it didn't take long for her to start drawing connections between her job and her new pet. During the day, she worked with toddlers with significant delays in language development and used Augmentative and Alternative Communication (AAC) devices to help them communicate. At night, she wondered: If dogs can understand words we say to them, shouldn't they be able to say words to us? Can dogs use AAC to communicate with humans? Christina decided to put her theory to the test with Stella and started using a paw-sized button programmed with her voice to say the word "outside" when clicked, whenever she took Stella out of the house. A few years later, Stella now has a bank of more than thirty word buttons, and uses them daily either individually or together to create near-complete sentences. *How Stella Learned to Talk* is part memoir and part how-to guide. It chronicles the journey Christina and Stella have taken together, from the day they met, to the day Stella "spoke" her first word, and the other breakthroughs they've had since. It also reveals the techniques Christina used to teach Stella, broken down into simple stages and actionable steps any dog owner can use to start communicating with their pets. Filled with conversations that Stella and Christina have had, as well as the attention to developmental detail that only a speech-language pathologist could know, *How Stella Learned to Talk* will be the indispensable dog book for the new decade.

The Dog That Talked to God Jim Kraus,2012-03-01 A wonderfully quirky, heart-breaking, heart-warming and thought-provoking story of a woman's dog who not only talks to her, he talks to God. Recently widowed Mary Fassler has no choice except to believe Rufus, the miniature schnauzer, who claims to speak to the Divine. The question is: Will Mary follow the dog's advice, and leave everything she knows and loves? Is this at the urging of God? Or is it something else? Will Mary risk it all or ignore the urgings of her own heart? I loved this story. Quirky and unusual, this unique tale wove a spell around me and drew me in. It wasn't what I expected at all, and when I turned the last page, it left me wanting more. - Ane Mulligan, Sr. Editor of Novel Rocket The Dog That Talked to God is a moving and powerful read, inspirational long after the last page has been turned. - New York Journal of Books
