Vasily Anna Yohan Kouskoulas

Smile With Simon Patricia Ann Simon RN,2017-05 Simon, a bright, red cardinal, hatched from his shell with a big gap in his beak. The gap made it hard for him to eat. Simon was not strong enough to fly. One day, he accidentally fell out of the nest and couldn't get back to his family. Patty discovered the little bird and realized he suffered from the same thing as she, a cleft lip. A story of friendship, love, acceptance, and kindness, this playful picture book for children shares the importance a smile has on others. It teaches a powerful lesson--despite people's differences, we are alike and beautiful.

Speaking for Our Lives Robert B Ridinger,2014-02-25 Read the words they risked everything for! This landmark volume collects more than a hundred years of the most important public rhetoric on gay and lesbian subjects. In the days when homosexuality was mentioned only in whispers, a few brave souls stood up to speak for the rights of sexual minorities. In *Speaking for Our Lives: Historic Speeches and Rhetoric for Gay and Lesbian Rights* (1892-2000), their stirring words have finally been gathered together, along with the political manifestoes, broadsheets, and performance pieces of the gay and lesbian liberation movement. *Speaking for Our Lives* comprises speeches and manifestoes prompted by events ranging from demonstrations to funerals. Scholars and researchers will appreciate the brief commentary introducing each piece, which discusses the author, the occasion, and the political and social contexts in which it first appeared. You'll find the words of a broad variety of individuals and groups, including: the Victorian humanist and crusader Robert Ingersoll key groups such as the Mattachine Society, Homosexual Law Reform Society, Gay Activists Alliance, and International Gay Association activists and educators Robin Morgan, Joseph Bean, and Dr. Franklin Kameny, artists and journalists of the movement, such as John Eric Larsen, Joan Nestle, Barbara Grier, and Jim Kepner elected officials, including Bella Abzug, Ed Koch, Eleanor Holmes Norton, Gerry Studds, Tammy Baldwin, and Bill Clinton Many of these documents have long been out of print. *Speaking for Our Lives* makes these noteworthy texts readily available to the broader public they deserve. This book preserves an essential part of twentieth-century history.

Hugh Welch has cared for his little sister Dorsey ever since they were children, when Dorsey looked at him as though he were a god. Start with Why Simon Sinek,2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. *START WITH WHY* asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. *START WITH WHY* shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

Schuyler's Monster Robert Rummel-Hudson,2008-02-19 Schuyler's Monster is an honest, funny, and heart-wrenching story of a family, and particularly a little girl, who won't give up when faced with a monster that steals her voice but can't crush her spirit. When Schuyler was 18 months old, a question about her lack of speech by her pediatrician set in motion a journey that

continues today. When she was diagnosed with Bilateral perisylvian polymicrogyria (an extremely rare neurological disorder caused by a malformation of the brain.), her parents were given a name for the monster that had been stalking them from doctor visit to doctor visit and throughout the search for the correct answer to Schuyler's mystery. Once they knew why she couldn't speak, they needed to determine how to help her learn. They didn't know that Schuyler was going to teach them a thing or two about fearlessness, tenacity, and joy. Schuyler's Monster is more than the memoir of a parent dealing with a child's disability. It is the story of the relationship between a unique and ethereal little girl floating through the world without words, and her earthbound father who struggles with whether or not he is the right dad for the job. It is the story of a family seeking answers to a child's dilemma, but it is also a chronicle of their unique relationships, formed without traditional language against the expectations of a doubting world. It is a story that has equal measure of laughter and tears. Ultimately, it is the tale of a little girl who silently teaches a man filled with self-doubt how to be the father she needs. Schuyler can now communicate through assistive technology, and continues to be the source of her father's inspiration, literary and otherwise.

The Partnership Barry Unsworth,2001-08-17 Booker Prize-winning author Barry Unsworth's first novel, published for the first time in the United States. Foley and Moss are partners in a successful small business, making plaster pixies for the tourist trade. Foley is the artistic member of the partnership; he thinks up the ideas and designs and has pretensions to even greater artistry in his cherub lamps and fixtures. Moss, the seemingly quiet one who supplied the capital for the venture, manufactures them. Barry Unsworth sets his scene magnificently—a Cornish village, Lanruan, thriving on specious tourism, and its local characters: Graham, the primitive painter; Bailey, the loud-mouthed Northerner who comes to Lanruan to make his fortune; Barbara, the nearest thing the village possesses to a bad girl; and above all Gwendoline, who, inadvertently, begins the rift in the partnership between Foley and Moss. The Partnership is a disquieting, darkly funny tale about hidden desires and the unspoken attachments we have for one another.
