*Play in the Early Years* Marilyn Flear, 2017-05-01 The second edition of *Play in the Early Years* provides a comprehensive introduction to pedagogy and play in early years education settings. Drawing on classical and contemporary theories, this text examines social, cultural and institutional approaches to play, and explores a range of strategies for successfully integrating play into classrooms. Thoroughly revised to include the latest methods and research, this edition features new material on intentional teaching, play as learning, digital play, and discipline-specific content. Two new chapters discuss post-structuralist and cultural-historical conceptions of play, and extended practical examples link pedagogical practice to the Early Years Learning Framework (EYLF) and the Australian Curriculum. The text is pedagogically rich, and each chapter is supported by a comprehensive companion website which provides links to videos, readings and supplementary activities. Freshly presented in a new full colour layout and written in an engaging style, *Play in the Early Years* remains an essential resource for pre-service students and practitioners.

**Engaging the Public to Fight the Consequences of Terrorism and Disasters** I. Apostol, J. Mamasakhlisi, D. Subotta, 2015-05-07 Governments must work tirelessly to update their preparedness for dealing with natural and man-made disasters, as well as taking account of the increasingly present threat of terrorism. Efficient international cooperation is key to achieving safety and internationalizing security policy. This book presents the proceedings of the NATO Advanced Research Workshop (ARW) *Engaging the Public to Fight the Consequences of Terrorism and Disasters*, held in Tbilisi, Georgia, in June 2014. The purpose of the workshop was to analyze accumulated European theoretical knowledge and practical experience in the field of disaster prevention and the involvement of the public in preventing and fighting the consequences of terrorism, as well as natural and man-made disasters. There

was a particular focus on the perspective of the region, especially with a view to meeting European Union standards and setting uniform and independent standards for hazard and risk assessment methods. The protection of economically critical infrastructure, such as dams, pipelines and transport and storage facilities, was addressed as were the issues of managing water and non-renewable resources, the disposal of dangerous chemicals and radioactive waste, and defensible methods of transport for fuel supplies and key personnel. Contributions reflected the extensive experience of the participating NATO and partner countries, including Armenia, Austria, Bulgaria, Georgia, Germany, Italy, Moldova, the Netherlands, Romania, Turkey and Ukraine as well as international organizations such as UNECE and NATO.

**Bloomsbury CPD Library: Supporting Children with Special Educational Needs and Disabilities** Cherryl Drabble, Bloomsbury CPD Library, 2016-09-22 According to the most recent SEND Code of Practice, every teacher is a teacher of children with special educational needs and disabilities, and yet teachers often receive little or no training in this area. Despite their best intentions they are therefore often ill-equipped to rise to the challenge of helping their students achieve the best possible educational outcomes. This comprehensive resource will equip primary and secondary teachers and SENDCos with the training and skills they need to fully support children with SEND in mainstream classrooms. Cherryl Drabble draws on her vast experience as a CPD leader, NQT mentor and her many years of working with SEND to share guidance, practical activities and strategies for evaluating and strengthening your practice and that of your colleagues. The book provides a set of ready-to-use training plans, accompanied by PowerPoint slides available to download online for free, so you can train your colleagues in this essential area and ensure the best support possible for students with SEND across your school. In total, the book offers over 50 hours of CPD, equating to a cost of less than 50p per hour of training!
