King Kong Vs. Tarzan Will Murray,2016-11-20 BEAST-GOD VERSUS APE-MAN The year was 1933. Filmmaker Carl Denham had captured the stupendous monster he had dubbed King Kong. But that was only the beginning. Denham was determined to get the dethroned ruler of Skull Mountain Island back to America, and cash in on the greatest wild animal capture in human history. The saga of how Kong was taken in chains from his Indian Ocean kingdom to New York City has never been told. In order for the cargo freighter Wanderer to make the long transit to the Atlantic, she is forced to circumnavigate Africa-jungle home of the legendary Tarzan of the Apes! Main Street Sinclair Lewis,2023-01-03 The novel written by Sinclair Lewis is set in the small town of Gopher Prairie, Minnesota, a fictionalized version of Sauk Centre, Minnesota. The novel takes place in the 1910s, with references to the start of World War I, the United States' entry into the war, and the years following the end of the war, including the start of Prohibition. Satirizing small-town life, Main Street is perhaps Sinclair Lewis's most famous book, and led in part to his eventual 1930 Nobel Prize for Literature. It relates the life and struggles of Carol Milford Kennicott as she comes into conflict with the small-town mentality of the residents of Gopher Prairie. Highly acclaimed upon publication, Main Street remains a recognized American classic.

Two Shades of Vice Dewey B. Reynolds,2017-03-31 The action is hot in Kansas City during the 1960s. Gordon Reynolds happens to be a vicious criminal who has served prison time in five different states over a period of twenty-five years. Gordon is determined to muscle his way into major rackets such as prostitution, bootlegging whiskey, robbery, hijacking and contraband cigarettes. He eventually meets up with Alla Mae Briggs. She knows the prostitution racket very well, since she worked the Kansas City streets for several years. She too has a lengthy rap sheet of twenty-five criminal convictions for the solicitation of prostitution. Gordon needs someone to help him operate his main bawdy house. Alla Mae is the perfect recruit to help him forge stronger relations between his hookers and their customers. The collaboration of their experiences on the streets proves highly profitable. But unforeseen danger causes things to come crashing down all around them. Racist cops, ruthless gangsters, a white supremacist group, jealous pimps and rival hookers are the opposing forces that this interracial couple are destined to face. Crossing the racial line puts them at incredible odds with the law and fellow criminals alike. Based on the true story of how a white man and a black woman fell in love and broke all the rules in order to make their living together illegally.

Ugly Feelings Sianne Ngai,2009-07-01 Envy, irritation, paranoia—in contrast to powerful and dynamic negative emotions like anger, these non-cathartic states of feeling are associated with situations in which action is blocked or suspended. In her examination of the cultural forms to which these affects give rise, Sianne Ngai suggests that these minor and more politically ambiguous feelings become all the more suited for diagnosing the character of late modernity. Along with her inquiry into the aesthetics of unprestigious negative affects such as irritation, envy, and disgust, Ngai examines a racialized affect called “animatedness,” and a paradoxical synthesis of shock and boredom called “stuplimity.” She explores the politically equivocal work of these affective concepts in the cultural contexts where they seem most at stake, from academic feminist debates to the Harlem Renaissance, from late-twentieth-century American poetry to Hollywood film and network television. Through readings of Herman Melville, Nella Larsen, Sigmund Freud, Alfred Hitchcock, Gertrude Stein, Ralph Ellison, John Yau, and Bruce Andrews, among others, Ngai shows how art turns to ugly feelings as a site for interrogating its own suspended agency in the affirmative culture of a market society, where art is tolerated as essentially unthreatening. Ngai mobilizes the aesthetics of ugly feelings to investigate not only ideological and representational dilemmas in literature—with a particular focus on those inflected by gender and race—but also blind spots in contemporary literary and cultural criticism. Her work

maps a major intersection of literary studies, media and cultural studies, feminist studies, and aesthetic theory.

Subject Guide to Children's Books in Print ,1976

Everything I Need to Know I Learned in the Twilight Zone Mark Dawidziak,2017-02-28 Can you live your life by what The Twilight Zone has to teach you? Yes, and maybe you should. The proof is in this lighthearted collection of life lessons, ground rules, inspirational thoughts, and stirring reminders found in Rod Serling’s timeless fantasy series. Written by veteran TV critic, Mark Dawidziak, this unauthorized tribute is a celebration of the classic anthology show, but also, on another level, a kind of fifth-dimension self-help book, with each lesson supported by the morality tales told by Serling and his writers. The notion that “it’s never too late to reinvent yourself” soars through “The Last Flight,” in which a World War I flier who goes forward in time and gets the chance to trade cowardice for heroism. A visit from an angel blares out the wisdom of “follow your passion” in “A Passage for Trumpet.” The meaning of “divided we fall” is driven home with dramatic results when neighbors suspect neighbors of being invading aliens in “The Monsters Are Due on Maple Street.” The old maxim about never judging a book by its cover is given a tasty twist when an alien tome is translated in “To Serve Man.”

Critical Expressivism Tara Roeder,Roseanne Gatto,2015-04-15 Critical Expressivism is an ambitious attempt to re-appropriate intelletual territory that has more often been charted by its detractors than by its proponents. Indeed, as Peter Elbow observes in his contribution to this volume, “As far as I can tell, the term ‘expressivist’ was coined and used only by people who wanted a word for people they disapproved of and wanted to discredit.” The editors and contributors to this collection invite readers to join them in a new conversation, one informed by “a belief that the term expressivism continues to have a vitally important function in our field.”
