Major Companies of The Far East and Australasia 1990/91 J. Carr,2012-12-06
This book represents the seventh edition of what has become an established reference work, MAJOR COMPANIES OF THE FAR EAST & AUSTRALASIA. This volume has been carefully researched and updated since publication of the sixth edition, and provides more company data on the most important companies in the region. The information in the book was submitted mostly by the companies themselves, completely free of charge. For the first time, a third volume has been added to the series, covering major companies in Australia and New Zealand. The companies listed have been selected on the grounds of the size

of their sales volume or balance sheet or their importance to the business environment of the country in which they are based. The book will be updated and published every year. Any company that considers it is eligible for inclusion in the next edition of MAJOR COMPANIES OF THE FAR EAST & AUSTRALASIA, should write to the publishers. No charge whatsoever is made for publishing details about a principal Asian company. Whilst the publishers have taken every care to ensure accurate reporting of the company information contained in this book, no liability can be accepted by either the publishers, their editorial staff, or their distributors for any errors or omissions, nor for the consequences thereof. One Hundred Years' History Of The Chinese In Singapore: The Annotated Edition Ong Siang Song,2020-03-12 Since its publication in 1923, Sir Song Ong Siang's One Hundred Years' History of the Chinese in Singapore has become the standard biographical reference of prominent Chinese in early Singapore, at least in the English language. This fact would have surprised Song who saw

himself primarily as a compiler of historical and biographical snippets. The original was not referenced in academic fashion and contained a number of errors. This annotation by the Singapore Heritage Society takes Song's classic text and updates it with detailed annotations of sources that Song himself might have consulted, and includes more recent scholarship on the lives and times of various personalities who are mentioned in the original book. This annotated edition is commissioned by the National Library Board, Singapore and co-published with World Scientific Publishing.

The Art Song in East Asia and Australia, 1900 to 1950 Alison McQueen Tokita, Joys H. Y. Cheung, 2023-03-31 This book explores art song as an emblem of musical modernity in early twentieth-century East Asia and Australia. It appraises the lyrical power of art song – a solo song set to a poem in the local language in Western art music style accompanied by piano – as a vehicle

for creating a localized musical identity, while embracing cosmopolitan visions. The study of art song reveals both the tension and the intimacy between cosmopolitanism and local politics and culture. In 20 essays, the book includes overviews of art song development written by scholars from each of the five locales of Japan, Korea, China, Taiwan, and Australia, reflecting perspectives of both established narratives and uncharted historiography. The Art Song in East Asia and Australia, 1900 to 1950 proposes listening to the songs of our neighbours across cultural and linguistic boundaries. Recognizing the colonial constraints experienced by art song composers, it hears trans-colonial expressions addressing musical modernity, both in earlier times and now. Readers of this volume will include musicologists, ethnomusicologists, singers, musicians, and researchers concerned with modernity in the fields of poetry and history, working within local, regional, and transnational contexts.

Lim Chong Yah: An Autobiography - Life Journey Of A Singaporean Professor
Lim Chong Yah, 2017-01-18 Why are some nations rich and others poor? Why do the citizens of some countries lead a happy, prosperous life while others struggle in terrible want? This book takes the reader through the eventful life journey of one of Singapore's best known economists and educators, Professor Lim Chong Yah. Born in Malacca, the author planted tapioca to feed himself and his family, caught fish in paddy fields and was thrown in jail as a 10-year-old during the war. He fought to win a Commonwealth scholarship to get a decent education, met the love of his life at a Chinese New Year party, became a Professor at two of the best universities in Asia, and went on to

write one the most widely-used economics textbooks of the time, Elements of Economic Theory. At 84, Lim Chong Yah is as feisty, indomitable and curious as when he was a small, cheeky boy catching fighting fish in those paddy fields. And he still asks the fundamental question of how each of us can make a difference.
