Three Hundred Tang Poems Peter Harris, 2009-03-31 A new translation of a beloved anthology of poems from the golden age of Chinese culture—a treasury of wit, beauty, and wisdom from many of China’s greatest poets. These roughly three hundred poems from the Tang Dynasty (618–907)—an age in which poetry and the arts flourished—were gathered in the eighteenth century into what became one of the best-known books in the world, and which is still cherished in Chinese homes everywhere. Many of China’s most famous poets—Du Fu, Li Bai, Bai Juyi, and Wang Wei—are represented by timeless poems about love, war, the delights of drinking and dancing, and the beauties of nature. There are poems about travel, about grief, about the frustrations of bureaucracy, and about the pleasures and sadness of old age. Full of wisdom and humanity that reach across the barriers of language, space, and time, these poems take us to the heart of Chinese poetry, and into the very heart and soul of a nation.

Its distinctive aesthetics, delicate language and diverse styles constitute great literature in itself, as well as a rich topic for literary study. This two-volume set is the masterpiece of Professor Lin Geng, one of China’s most respected literary historians, and reflects decades of active research into Tang poetry, covering the “Golden Age” of Chinese poetry (618-907 CE). In the first volume, the author provides a general understanding of poetry in the “High Tang” era from a range of perspectives. Starting with an indepth discussion of the Romantic tradition and historical context, the author focuses on poetic language patterns, Youth Spirit, maturity symbols, and prototypes of poetry. Poems of the Late T'ang, 2008-01-22 Classical Chinese poetry reached its pinnacle during the T'ang Dynasty (618-907 A.D.), and the poets of the late T'ang—a period of growing political turmoil and violence—are especially notable for combining striking formal innovation with raw emotional intensity. A. C. Graham's slim but indispensable anthology of late T'ang poetry begins with Tu Fu, commonly recognized as the greatest Chinese poet of all, whose final poems and sequences lament the pains of exile in images of crystalline strangeness. It continues with the work of six other masters, including the “cold poet” Meng Chiao, who wrote of retreat from civilization to the remoteness of the high mountains; the troubled and haunting Li Ho, who, as Graham writes, cultivated a “wholly personal imagery of ghosts, blood, dying animals, weeping statues, whirlwinds, the will-o'-the-wisp”; and the shimmeringly strange poems of illicit love and Taoist initiation of the enigmatic Li Shang-yin. Offering the largest selection of these poets' work available in English in a translation that is a classic in its own right, Poems of the Late T'ang also includes Graham's searching essay “The Translation of Chinese Poetry” as well as helpful notes on each of the poets and on many of the individual poems.

A History of Western Appreciation of English-translated Tang Poetry Lan Jiang, 2018-03-08 This book examines the development of English-translated Tang poetry and its propagation to the Western world. It consists of two parts, the first of which addresses the initial stage of English-translated Tang poetry's propagation, and the second exploring its further development. By analyzing the historical background and characteristics of these two stages, the book traces the trend back to its roots, discusses some well-known early sinologists and their contributions, and familiarizes readers with the general course of Tang poetry's development. In addition, it presents the translated versions of many Tang poems. The dissemination of Tang poetry to the Western world is a significant event in the history of cross-cultural communication. From the simple imitation of poetic techniques to the acceptance and identification of key poetic concepts, the Tang poetry translators gradually constructed a classic "Chinese style" in modern American poetry. Hence, the traditional Chinese culture represented by Tang poetry spread more widely in the English-speaking world, producing a more lasting impact on societies and cultures outside China – and demonstrating the poetry's ability to transcend the boundaries of time, region, nationality and culture. Due to different cultural backgrounds, the Tang poets or poems admired most by Western readers may not necessarily receive high acclaim in China. Sometimes language barriers and cultural differences make it impossible to represent certain allusions or cultural and ethnic concepts correctly during the translation process. However, in recent decades, the translation of Tang poetry has evolved considerably in both quantity and quality. As culture is manifested in language, and language is part of culture, the translation of Tang poetry has allowed Western scholars to gain an unprecedented understanding of China and Chinese culture.

Landmark Anthology of Tang Dynasty Poetry Chinese poetry is unique in world literature in that it was written for the best part of 3,000 years by exiles and refugees. In this anthology we meet Du Fu, Li Bai, Wang Wei, and others less familiar to readers in English. Known as the Golden Age of Poetry, the Tang Dynasty was a time when poems were bartered in the marketplace for wine and tea; and posted in temples and taverns, the words of poets unmissable as street art and signage. Monks, courtiers, courtesans, woodsmen, and farmhands were fluent in poetry. More than reading matter, it was a common currency--whether as a necessity or luxury in times of rampant warfare, droughts, famine, plague, man-made and natural disasters. Chinese history can be read in the words of the poets. It was left for poetry to teach the least & the most, says the translator Wong May, a literacy of the heart in a barbarous world. True to the spirit of classics, these poems from 1,200 years ago read like they were still being written somewhere in the world--to be read today, and tomorrow: In dark times we read by the light of letters. A bird translates silence, the incredibly thorough and utterly unique Afterword begins. In 70 sections that span the millennia, the translator traverses continents and civilizations to retrieve these texts of Tang Poetry for our century, prompted by the voice of another guide, the Rhino, a magical being and original spirit who held a special place in Tang China. A historical study of ancient literature has never felt so alive and timeless. [Wong May's] quirky, individual voice, her own original spirit in translation and commentary, accompanies us on an unmissable journey through her Tang poetry; we can only be grateful for that queasy moment in a Beijing hotel room when the project began slowly but inexorably to announce itself and gradually take hold.-- Peter Sirr, Dublin Review of Books [An] extraordinary Afterword, titled 'The Numbered Passages of a Rhinoceros in the China Shop,' is a magnificent, peculiar tour de force that spans nearly a hundred pages, and the book is transformed by its existence [...] entrancing, and entirely sincere.--Daryl Lim Wei Jie, Asian Books Blog

A book very contemporary in its human closeness.... Wong May offers an extensive Afterword on the poetry and its interpreters. No mere translator's note, this capacious essay is historical, critical, comical, personal, structural and mystical by turns, exploring the Tang context of the original poets and the poetry's echoes over the last millennium or so, up through Pound and Mao and Dharma Bums. Wong May hopes 'to return the text to the body of world literature' through her investigations as a translator and critic. Her work deserves this hope, which is better than any reparative aim for poetry, always complicit in and resistant to the politics of its times.-- Harry Josephine Giles, Poetry Book Society Translation Selector Poetry. How to Read a Chinese Poem ,2007 This bilingual edition of Tang poems offers a new approach to reading and understanding classical Chinese poetry. Included are nearly two hundred regulated verses written by the great poets of the Tang Dynasty, such as Du Fu, Li Bai, Wang Wei, Li Shangyin, and Meng Haoran. For each poem, both traditional and simplified Chinese characters are provided for cross reference. In addition to its literary translation, each poem is given a bilingual annotation with respect to the literal meanings of each key word or phrase. The tone and pinyin transliteration of each Chinese character are also provided. Readers who are familiar with the pinyin system can learn to recite the original poem the way the Chinese read it. This book is designed to help the readers understand Tang poems from a bilingual perspective. It may also be a helpful learning tool for students who want to learn Chinese through poetry.

The Late Tang Stephen Owen,2020-03-17 The poetry of the Late Tang often looked backward, and many poets of the period distinguished themselves through the intensity of their retrospective gaze. Chinese poets had always looked backward to some degree, but for many Late Tang poets the

echoes and the traces of the past had a singular aura. In this work, Stephen Owen resumes telling the literary history of the Tang that he began in his works on the Early and High Tang. Focusing in particular on Du Mu, Li Shangyin, and Wen Tingyun, he analyzes the redirection of poetry that followed the deaths of the major poets of the High and Mid-Tang and the rejection of their poetic styles. The Late Tang, Owen argues, forces us to change our very notion of the history of poetry. Poets had always drawn on past poetry, but in the Late Tang, the poetic past was beginning to assume the form it would have for the next millennium; it was becoming a repertoire of available choices--styles, genres, the voices of past poets. It was this repertoire that would endure.

In the Same Light Wong May, 2022-01-27 Shortlisted for the Lucien Stryk Asian Translation Prize 2023 Shortlisted for the National Translation Award in Poetry 2023 by the American Literary Translators Association The Poetry Book Society Spring 2022 Translation Choice Chinese poetry is unique in world literature in that it was written for the best part of 3,000 years by exiles, and Chinese history can be read as a matter of course in the words of poets. In this collection from the Tang Dynasty are poems of war and peace, flight and refuge but above all they are plain-spoken, everyday poems; classics that are everyday timeless, a poetry conceived to teach the least and the most, the literacy of the heart in a barbarous world, says the translator. C.D. Wright has written of Wong May's work that it is quirky, unaffectedly well-informed, capacious, and unpredictable in [its] concerns and procedures, qualities which are evident too in every page of her new book, a translation of Du Fu and Li Bai and Wang Wei, and many others whose work is less well known in English. In a vividly picaresque afterword, Wong May dwells on the defining characteristics of these poets, and how they lived and wrote in dark times. This translator's journal is accompanied and prompted by a further marginal voice, who is figured as the rhino: The Rhino 犀牛 in Tang China held a special place, she

writes, much like the unicorn in medieval Europe — not as conventional as the phoenix or the dragon but a magical being; an original spirit, a fitting guide to China's murky, tumultuous Middle Ages, that were also its Golden Age of Poetry, and to this truly original book of encounters, whose every turn is illuminating and revelatory.

Willow, Wine, Mirror, Moon ,2015-06-20 This collection of 106 poems by 44 female Tang-era poets is the most comprehensive of its kind. Poets are organized based on their status in Tang dynasty society: women of the court, women of the household, courtesans and entertainers, and women of religion. While each poet's concerns vary with their social status, common thematic threads include heartbreak and the mysteries of the natural world. Thumbnail biographies of each poet and notes regarding individual poems complete this important collection. Jeanne Larsen has published poetry, three novels set in China, and a book of poetry translation, *Brocade River Poems: Selected Works of the Tang Dynasty Courtesan Xue Tao*. 300 Tang Poems: Bilingual Edition, English and Chinese Dragon Dragon Reader,2016-05-27 This bilingual edition of 300 Tang Poems features both English and Chinese side by side for easy reference and bilingual support. The poems are numbered and organized for easy reading and access. Tang poetry refers to poetry written in or around the time of or in the characteristic style of China's

Tang dynasty, 618 - 907, and follows a certain style, often considered as the Golden Age of Chinese poetry. During the Tang Dynasty, poetry continued to be an important part of social life at all levels of society. Scholars were required to master poetry for the civil service exams, but the art was theoretically available to everyone. This led to a large record of poetry and poets, a partial record of which survives today. Two of the most famous poets of the period were Du Fu and Li Bai. This classic collection of 300 Tang Poems features the English translation of Witter Bynner, reprinted with the generous permission from The Witter Bynner Foundation for Poetry. Manifest in Words, Written on Paper Christopher M.B. Nugent,2020-10-26 This study aims to engage the textual realities of medieval literature by shedding light on the material lives of poems during the Tang, from their initial oral or written instantiation through their often lengthy and twisted paths of circulation. Tang poems exist today in stable written forms assumed to reflect their creators' original intent. Yet Tang poetic culture was based on hand-copied manuscripts and oral performance. We have almost no access to this poetry as it was experienced by contemporaries. This is no trivial matter, the author argues. If we do not understand how Tang people composed, experienced, and transmitted this poetry, we miss something fundamental about the roles of memory and copying in the circulation of poetry as well as readers' dynamic participation in the creation of texts. We learn something different about poems when we examine them, not as literary works transcending any particular physical form, but as objects with distinct physical attributes, visual and sonic. The attitudes of the Tang audience toward the stability of texts matter as well. Understanding Tang poetry requires acknowledging that Tang literary culture accepted the conscious revision of these works by authors, readers, and transmitters. 2012 Joseph Levenson Book Prize, Pre-1900 Category, China and Inner Asia Council of the Association for Asian Studies
