Gator Tango and the Higgs Boson Peter Martel, 2012-05-01 In the fantasy novel *Gator Tango and the Higgs Boson*, an American spy travels around the world reporting on scientific developments in other countries. In particular, he seeks information about the Higgs Boson - or the God Particle - an entity that will explain why subatomic particles have weight (a property that is not properly accounted for by current theories). His travels take him to Switzerland, Germany, France, Russia, China, Japan, Tibet, Nepal, India, Egypt and Israel, destinations enhanced by the insightful descriptions of the author, who has visited all these countries. During his missions, the spy has romantic encounters and falls in love with a KGB agent. The woman decides to leave Russia and move in with her new love in Louisiana. The dangers there not only include spy games but a giant monster alligator on the prowl. There's a lot of bite in *Gator Tango*. On a small island off the coast of Cape Breton, Peter Martel, a young man of French Acadian origins and a high school dropout, set out to find his place in the world. After graduating with a Ph.D. in physics from the University of Toronto, he ended up at Chalk River Laboratories doing research in pure physics

Quick Guide for Obtaining Free Remote Desktop Protocol (RDP) Services Dr. Hidaia Mahmood

Alassouli,2020-11-12 Remote Desktop Protocol (RDP) is a proprietary protocol developed by Microsoft which provides a user with a graphical interface to connect to another computer over a network connection. The user employs RDP client software for this purpose, while the other computer must run RDP server software. RDP refers to Remote Desktop protocol which connects your remotely connected computers or system over a RDP connected network. RDP gives a graphical interface to a client to be able to associate with another PC, system or network. RDP servers are built on Windows OS, but can be enabled to other OS as well. The major benefit of a remote desktop connection is being able to connect to your data from anywhere in the world. Your data is in one place that is easy to see and you no longer have to have software installed on your own computer. In Simple term “RDP is a short form of Remote Desktop Protocol – RDP specifies for home windows servers, it works as an icon to get in touch with an additional computer system, usually, it is utilized for attaching to a server organized in a data center to carry out jobs that typically do not need much user interaction and runs 24/7.”Several of the extra usual uses of RDP servers are running bots, SEO devices, bitcoin mining, on-line video clip streaming, running forex trading software and so on. Most RDP servers’ providers that provide free services during trial period will request debit/credit card information, which is risky for us as they can claim any payment from the card. So that encouraged me to search for RDP services providers that can provide services during free trial period without requesting credit/debit card information. This report will investigate the possible ways to get free RDP server account or RDP server account at lowest cost. The report will consist from the following parts:

1. Some RDP Services Providers with free trials 2. Some RDP servers providers that sell RDP with Credit Card, Debit Card, Bitcoin, PayPal or other E-wallets 3. Getting free RDP from freerdpserver.com 4. Getting free RDP from Google Cloud 5. Getting Google Cloud RDP/VPS for free for one month through Qwiklabs.com 6. Creating RDP through Alibabacloud.com 7. Getting free RDP/VPS for seven days from CloudSigma.com 8. Getting RDP/VPS through Microsoft Azure 9. Getting Microsoft Azure RDP/VPS for free through Sandbox subscription 10. How to get university email: 11. How to get RDP service for free through Microsoft Azure for students: 12. Getting free RDP from AWS Amazon: 13. It Takes One to Tango Winifred M. Reilly, 2018-04-03 With a focus on self-empowerment and resilience, this refreshing and witty relationship guide has a reassuring counterintuitive message for

unhappy spouses: you only need one partner to initiate far-reaching positive change in a marriage. Conventional wisdom says that “it takes two” to turn a troubled marriage around and that both partners must have a shared commitment to change. So when couples can’t agree on how—or whether—to make their marriage better, many give up or settle for a less-than-satisfying marriage (or think the only way out is divorce). Fortunately, there is an alternative. “What distinguishes Reilly’s book is that she says a warring couple don’t have to agree on the goal of staying together; it takes one person changing, not both, to make a marriage work” (The New York Times). Marriage and family therapist Winifred Reilly has this message for struggling partners: Take the lead. Doing so is effective—and powerful. Through Reilly’s own story of reclaiming her now nearly forty-year marriage, along with anecdotes from many clients she’s worked with, you’ll learn how to: -Focus on your own behaviors and change them in ways that make you feel good about yourself and your marriage -Take a firm stand for what truly matters to you without arguing, cajoling, or resorting to threats -Identify the “big picture” issues at the basis of your repetitive fights—and learn how to unhook from them -Be less reactive, especially in the face of your spouse’s provocations - Develop the strength and stamina to be the sole agent of change Combining psychological theory, practical advice, and personal narrative, *It Takes One to Tango* is a “wise and uplifting” (Dr. Ellyn Bader, Director of The Couples Institute) guide that will empower those who choose to take a bold, proactive approach to creating a loving and lasting marriage.

Faith Tango Carolyn Williford, Craig Williford, 2013-02-13 Growing spiritually as a couple can be one of the greatest frustrations in marriage. Why? Because husbands and wives take the spiritual growth approach that works for individuals and try to apply it to couples. As many Christian couples can testify, this is an invitation to failure. Faith Tango presents a liberating approach that fits the unique dynamics of marriage, revealing how spouses can incorporate spiritual sharing into the natural flow of life and experience greater growth and deeper intimacy. In Faith Tango, Carolyn and Craig Williford introduce a fresh and compelling approach to growing spiritually as a couple, encouraging readers to abandon their preconceptions about what couples' devotions should be, dump the sense of defeat that plagues many couples, and embrace a new approach to spiritual growth that fits beautifully into their everyday life and marriage.
