Brick by Brick Lynn Donohue, 2006-04 A memoir with all the page-turning drama of a good novel, *Brick by Brick* tells the author's story of coming of age in the gritty South End of New Bedford, Massachusetts, as a tough teenage dropout without direction . . . until she took a job as a bricklayer.

Brick City Warren Elsmore, 2013 From New York's Empire State Building to the Eiffel Tower, Dubai's iconic Burj Al Arab hotel to London's St Pancras station, this is a glorious, full colour celebration of the world's most distinctive buildings and urban icons, recreated in LEGO bricks. *Brick City* is a celebration of the world's favourite buildings and urban icons, recreated solely using LEGO bricks. While to many, LEGO bricks are 'just a toy,' to an ever-growing army of fans they provide a challenging and enjoyable modelling medium. These fans, calling themselves 'AFOLs' or Adult Fans of LEGO have taken it upon themselves to recreate local landmarks using just the bricks that you find at a local store. LEGO models created by adult fans though, don't resemble those that many people created as a child. Created by masters of their medium, these fabulously detailed models may contain thousands of pieces - or perhaps just a handful. Either way, the talented artists have an intimate knowledge of every piece and colour available; skilfully choosing the ideal piece to recreate a well-known landmark. Sometimes creating a model indistinguishable from the real thing, or evoking the spirit of a building in just a few small pieces. In fact, landmarks and cityscapes - from the New York skyline to the Sagrada Familia, London's St. Pancras, and the amazing towers of Beijing and Hong Kong - have long been a source of inspiration for LEGO builders. In this book, Warren Elsmore takes us on a world tour and explores more than 12 global cities and their iconic structures. Each city is examined and recreated in LEGO form. Comprising amazing artwork, exploratory photographs, and detailed breakdowns, *Brick City* looks at the essence of what makes an urban landscape recognisable.

With a tender and timeless text by Joshua David Stein and architectural line art by Julia Rothman, this tribute to becoming part of something greater serves children and adults alike.

Brick by Brick David Robertson, Bill Breen, 2013-06-25 Sometimes radical yet always applicable, *Brick by Brick* abounds with real-world lessons for unleashing breakthrough innovation in your organization, using LEGO--which experienced one of the most remarkable business transformations in recent history--as a business model. As LEGO failed to keep pace with the revolutionary changes in kids' lives and began sliding into irrelevance, the company's leaders implemented some of the business world's most widely espoused prescriptions for boosting innovation. Ironically, these changes pushed the iconic toymaker to the brink of bankruptcy, showing that what works in theory can fail spectacularly in the brutally competitive global economy. It took a new LEGO management team--faced with the growing rage for electronic toys, few barriers to entry, and ultra-demanding consumers (ten-year old boys)--to reinvent the innovation rule book and transform LEGO into one of the world's most profitable, fastest-growing companies. Along the way, *Brick by Brick* reveals how LEGO: - Became truly customer-driven by co-creating with kids as well as its passionate adult fans - Looked beyond products and learned to leverage a full-spectrum approach to innovation - Opened its innovation process by using both the wisdom of crowds and the expertise of elite cliques - Discovered uncontested, blue ocean markets, even as it thrived in brutally competitive red oceans - Gave its world-class design teams enough space to create and direction to deliver built a culture where profitable innovation flourishes Whether you're a senior executive looking to make your company grow, an entrepreneur building a startup from scratch, or a fan who wants to instill some of that LEGO magic in your career, you'll learn how to build your own innovation advantage, *brick by brick*.
