White,2009-03-20 This is the definitive guide to learning and mastering Tarot quickly and easily. Unique, fun, easy-to-learn exercises teach you how to hear what the cards are trying to tell you. This book is perfect for the beginner: all you need to read the tarot is this book and a deck of cards (preferably the standard Rider decks you can find anywhere). We start you immediately practicing our unique, easy and fun exercises with your cards. You will spend your time playing with your cards, not memorizing rules and dogma from some book of archaic superstition and vague cards meanings. You see, this is not yet another book of Tarot card meanings. How boring is that? We will start your hands-on learning immediately; you will be playing with your Tarot cards as they reveal the future to you. You learn by doing, not by memorizing outdated lies and superstitions. This is our official Tarot academy textbook, the same one we use to turn beginners into professionals. This (hands-on time and practice) is essential or you will be trapped in the cycle of buying more and more Tarot books that only make you more and more reliant on them for card meanings. Here is what you will by reading this book: What your cards are telling you every time you ask a question. What various

meanings your cards can have (how else can 78 cards describe the thousands of things that could happen to you on any given day?) How to cast a spread and actually get reliable answers The best spreads to use, how to use them, and when to use them (for any occasion) What the cards traditionally mean and why that is important, but not more important than what your intuition is telling you right now The difference between average Tarot readers and masters is their ability to hear their inner voice, and see how card meanings adapt to the question being asked. We help you instinctively see exactly how cards blend, influence, and aspect other cards, and how to answer ANY question, even if you have never picked up a deck. We do this through unique exercises and games, taught nowhere else in the world. Click on the Look Inside link above to see exactly how you will quickly and easily master the Tarot. This is a highly interactive workbook: You don't just read this book and put it on the shelf-you practice what you learn in real time, and you see results instantly from your education. The more you practice the better your results will be and the more you will understand your cards. We even have TONS of free videos every week and audio lessons to supplement your education at our easy tarot lessons website. This book is the best way to start learning the tarot. When you have completed this book and you want to read cards better than most professional tarot readers you will ever meet, you will want to pick up a copy of Advanced Tarot Secrets. That book will help you get 3-5 times more information from every spread you cast than anyone you know, and it will teach you the deepest secrets of distance divination and manifestation. Best of all, unlike any other professionally published tarot book this book comes with complete support. If you ever get lost, stuck, or bored, we are here to help. You can find us inside the book. Thanks for checking out The Easiest Way to Learn the Tarot-EVER!! We are here to help you. This is all we do.

*Tarology* Enrique Enriquez, 2011-11 In *TAROLOGY* Enrique Enriquez sees the Tarot de Marseille through the prism and science of pataphysics, the science of imaginary solutions. By following into the footsteps of Oulipian writers, he applies the idea of constraint and the rule of restriction to the surprisingly visual and gestural nature of Tarot. The result is not only illuminating but also enriching for all those interested in the history of Tarot and its divinatory practices. Enriquez develops a whole new method of reading cards, which combines careful considerations of chance with choice. By using a phenomenological and constructivist approach to the cards, Enriquez shows how the Tarot de Marseille speaks poetry and thus reveals some of our deepest concerns with language, with what we can say when we are at a loss for words. --  
- In *TAROLOGY*, going from pataphysics to poetry, Enrique Enriquez PERFORMS tarot in a way that is marvelously free of cultural preconditioning to the workings of myth and symbol, while at the same time proposing following the rules of 'watch and learn', 'keep it simple', 'stay on track', 'be surprised', 'be fearless', and 'let the image talk the walk'. This is no small achievement. (Camelia Elias, Professor of American Studies and Tarot de Marseille Reader)

The Book of Shadows Tarot, 2017

antes que isla es volcán / before island is volcano Raquel Salas Rivera, 2022-04-05 Gold Medal Winner of the Juan Felipe Herrera Award for Bilingual Poetry From the National Book Award-nominated, Lambda Award-winning poet: a powerful, inventive

new collection that looks to the future of Puerto Rico with love, rage, beauty, and hope Raquel Salas Rivera's star has risen swiftly in the poetry world, and this, his 6th book, promises to cement his status as one of the most important poets working today. In sharp, crystalline verses, written in both Spanish and English versions, *antes que isla es volcán* daringly imagines a decolonial Puerto Rico. Salas Rivera unfurls series after series of poems that build in intensity: one that casts Puerto Rico as the island of Caliban in Shakespeare's *The Tempest*, another that imagines a multiverse of possibilities for Puerto Rico's fate, a 3rd in which the poet demands his right to a future and its immediate distribution. The verses are rigorous and sophisticated, engaging with literary and political theory, yet are also hard-hitting, charismatic, and quotable ("won't you be sorry? / won't you wish you had a boss? / won't you get restless / with all that freedom?"). These poems tap unflinchingly into the explosive energy of the island, transforming it into protest, into spirit, into art.

**Book of Moons** Rosemary Edghill, 2014-08-12 Rosemary Edghill's *Bast* (a.k.a. Karen Hightower) is a modern-day witch and amateur detective whose investigations lead her through the colorful and exotic world of New York's occult underground. In *Book of Moons*, a series of puzzling thefts serves as a prelude to a shocking murder whose origins lurk centuries in the past. Every witch has a *Book of Shadows*: part recipe book, part liturgy, and part diary. Now someone is looking for one very odd, very special Book--and is willing to kill for it. *Bast* has few suspects and fewer clues, but where there's a witch, there's a way. Edghill portrays this New York subculture with humor and panache and provides a unique, if sometimes cynical, perspective. Recommended. - Library Journal At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Learning the Tarot* Joan Bunning, 1998-01-15 Learning the Tarot, Joan Bunning offers a complete course in 19 lessons that covers the basics and then gradually goes into more advanced concepts. First published in 1998, Joan Bunning's *Learning the Tarot* has become a tarot classic. Written in a confident and natural style, the book communicates the basic depth and beauty of each card, shows how the cards trigger psychological projection, and enhances intuition. Learning the Tarot is a thorough (but never overwhelming) invitation to the beginner. The book focuses in detail on: the actual process of discovering meaning in the cards how to consider one card by itself, how to look for card pairs how to create the story of a reading The book includes a convenient reference section that contains two pages of information for each card, including a picture from the popular Waite-Smith deck, a description, keywords, action phrases, and suggestions for cards with similar and opposite meanings. The author first presented this course online at [learntarot.com](http://learntarot.com), which continues to attract over one hundred thousand visitors per month. "When I first created my website in 1995," writes Joan Bunning, "I never dreamed how much interest in the tarot I would find. People from all over the world began writing to tell me about their experiences with the course and their adventures with the cards. This response was music to my ears! I knew from my own experience that the tarot is a wonderful tool for personal guidance and inner exploration. "My goal with this book was to give you the basics you need to begin working with the tarot on your own. I try to make this inner process understandable by breaking it up into a series of steps that are simple while still doing justice to the depth and beauty of the cards. I concentrate on the everyday, showing how the tarot makes real, practical sense in the modern world. The tarot is a living system that adapts creatively to each user. Rather than rules, I offer guidelines. While reading my book, I want you to feel

that you have a teacher sitting next to you who is introducing you to this special tool, but also encouraging you to go on to discover your own unique approach to the cards."
