*Tarot for All Seasons* Christine Jette, 2001 Weave a web of tarot magic, and celebrate the days and nights of power with the magic of tarot and ritual. Perfect for both solitary and group practitioners, Tarot for All Seasons is the only book that combines the ancient wisdom of the tarot with the solar and lunar celebrations of the pagan Wheel of the Year. Discover how to work with seasonal energies throughout the year to improve all areas of your life--relationships, health, finances, and career. The twelve original tarot layouts capture the spirit of the full moon Esbats, waxing and waning moons, and the eight solar Sabbats. Several three-card spreads are also included for

further advice and clarification to help you hone your tarot reading skills. Sample readings offer a way to weave a story with the cards, showing how the cards relate to one another and how the same cards can describe diverse situations in various layouts. Ritual creates a sacred space between the worlds, an ideal environment for powerful and magical tarot readings. A list of corresponding scents, magical brews, and candles are included to help you design a personal tarot ritual. The special chapter A Year and a Day concludes your journey with suggestions for self-dedication to the magical study of tarot. The seventy-eight cards of the tarot form a unique system for divination, self-discovery, and magic. From the growing darkness of Samhain to the fertility and flowers of Beltane, weave a web of tarot magic as you celebrate the ever-changing world around you and within you. In the following excerpt, author Christine Jette describes the Lady of the Hunt spread. This spread is intended to be used near the time of the waxing moon. Lady of the Hunt In this spread, project means any creative endeavor or career/study plan. Relationship can be new love, coworkers, family, or friendships. You are the Lady of the Hunt and your question becomes your quest. If you have something specific in mind, ask your question while shuffling the cards. For example, Tell me what I need to know about my new (love, work situation, etc.). Breathe deeply and shuffle your tarot deck. When you are ready, lay the cards out in the shape of a waxing crescent moon. Position 1 - This begins your project or relationship: Your life experience, what you bring from the past into the new situation. What brought you to this moment? Position 2 - This shapes your project or relationship: Outside influences, significant events, other people that shape the situation. Position 3 - This is at the center of your project or relationship: The

main theme, lesson, opportunity or challenge of the situation. The focus card; all other cards revolve around the center and it carries the most weight in the reading.

Position 4 - What your project or relationship needs to succeed: The effort you will make, the elbow grease required for your goals and ambitions to be realized, the follow-up too your magical workings on the physical plane.

Position 5 - The direction or path of your project or relationship: Where you are headed, the future outlook.

Position 6 - Advice card: What is the best course of action to take with this new project or relationship? What do you need to know now? To complete the Maiden reading, you can meditate with the cards, write a journal entry, keep the cards on the altar until the next waxing moon, or simply close. Carry a card or two with you during the day to strengthen the connection between you and your Maiden Spirit's desire. Affirm your personal power to create your destiny: I awaken to my own creative powers. This, or something better, is manifesting for me now, for the good of all, harming no one, according to free will. So must it be.

*Blue Moon Tarot* Julie Cuccia-Watts, 2020-07-17 The Blue Moon Tarot Guide Book is the essential companion to Julie Cuccia-Watts' second tarot deck. Initially Blue Moon was meant to serve as closure for the calendar ideas written about in the Ancestral Path Tarot Wheel of the

year. But instead it became the inspiration for Julie's third deck MAAT Tarot. Originally Blue Moon was a hand glued laser printed deck that ran from 1998-2001. In 2004 Blue Moon was printed professionally as a limited edition of 1000 signed and numbered major arcana. In 2020 this deck had an upgrade and is now available on demand. This guide was remastered for the 2020 Blue Moon Tarot remake.

Quntanna,2020-11-10 How to navigate your life by the light of the Moon and its cycles-our workbook will show you step-by-step when and what to let go of to free yourself from whatever holds you back, and when and what to manifest. The Moon is the great cosmic architect-the builder and the dissolver of form. Full Moons are about dissolving obstacles and outdated patterns so you can become free. New Moons are about manifesting, accepting, and receiving what you want in your life. Most of this year, 2021, with the Mars and number 5 influence, is all about change, action, power, progress, adjustment, and adaptability ... all in service to the ultimate goal of this decade, transformation. The many crossroads we will encounter this year will bring us to the altar of change which will create many choices with unresolved outcomes. The crossroads will motivate adaptability, adjustment, power, and empowerment, setting us up with multi-level choice points. Adaptability will keep us in the motion required to make the best of the year. Charles Darwin wrote, It is not the strongest of the species that survives, nor the most intelligent that survives. It is the one that is most adaptable to change that survives. This multitude of choice points and many crossroads will ask us to make choices beyond our perceived survival issues.

Tarot Alchemy Kenneth Joseph Coombs,2012-02-09

Employing a practical, mathematical approach, author Kenneth Coombs presents a scientific and comprehensive analysis of the twenty-two Tarot cards in the Major Arcana. This detailed examination deciphers the reactions and interactions of the Tarot cards with each other, rather than simply the individual meanings of each card. He shares the results of the 231 possible combinations. In *Tarot Alchemy*, Coombs, a chemist with more than thirty years of Tarot card reading experience, discusses a novel approach to understanding Tarot. He details the process of alchemy, which involves looking at each Tarot card as an element. The interactions of the Tarot cards are like reactions that create molecules, and it is the interactions of the Tarot cards with each other that give depth and enlightenment in a Tarot reading. This process has given him the ability to determine specific timeframes and even names of people and places using the cards. His approach of deciphering the interactions in a scientific way leads to new insights about the meanings of the Tarot cards in a reading. *Tarot Alchemy* shows how learning to find patterns in the cards strengthens intuitive abilities and unlocks the doors to understanding the Tarot cards.
