The Emperor of Wine Elin McCoy, 2014-03-25 The first book to chronicle the rise of Robert M. Parker, Jr., the world's most influential and controversial wine critic, who, over the last twenty-five years, has dominated the international wine world and embodied the triumph of American taste. This is the story of how an American lawyer raised on Coca-Cola caused a revolution in the way wines around the globe are made, sold, and talked about. To his legions of fans, Parker is a cross between Julia Child and Ralph Nader — part enthusiastic sensualist and part consumer crusader. To his many enemies, he is a self-appointed wine judge bent on reducing the meaning of wine to a two-digit number. The man who now rules the world of wine has been the focus of both adulation and death threats. He rose to his pinnacle of power by means of the traditional American virtues of hard work, determination, and integrity — coupled with an unshakeable ego and a maniacal obsession with a beverage that aspires to a seductive art form: fine wine. Parker's

influential bimonthly newsletter, *The Wine Advocate*, with more than 45,000 subscribers across the United States and in more than thirty-seven countries, exerts the single most significant influence on consumers' wine-buying habits and trends in America, Europe, and the Far East, and impacts the way wine is being made in every wine-producing country in the world, from France to Australia. Parker has been profiled in countless magazines and newspapers around the world and most of his dozen books have been best sellers in the United States and abroad. Yet, despite the world's attention and unending acclaim, Robert Parker stands at the center of a heated controversy. Is he a passionate lover of wine who, more than anyone else, is responsible for its vastly improved quality, or is he, as others claim, waging a war against centuries of tradition and in the process killing the soul of wine? *The Emperor of Wine* tackles the myriad questions that swirl about Parker and reveals how he became both worshipped and despised, revered as an infallible palate by some and blamed by others for remaking the world's wine industry into a single global market, causing prices to skyrocket, and single-handedly reshaping the taste of wine to his own preference. Elin McCoy met Robert Parker in 1981 when she was his first magazine editor, and she has followed his extraordinary rise ever since. In telling Parker's story, McCoy gives readers an unmatched, authoritative insider's view of the eccentric personalities, bitter feuds, controversies, passions, payoffs, and secrets of the wine world, explaining how wine reputations are made, how and why wine critics agree and disagree, and tracking the startling ways wines are judged, promoted, made, and sold today. This fascinating portrait of a modern-day cultural colossus shows how a world that once was the province of gentlemen's clubs and the pastime of stuffed shirts turned into a sensual hobby for the middle class, creating a luxury industry bent on making money on a worldwide scale — and how one man has revolutionized the way the world thinks about wine.

Wine for Women Leslie Sbrocco, 2003-10-14 Wine is not to fear or revere, but to enjoy, says Leslie Sbrocco, wine expert. And that's exactly what she shows you how to do in *Wine for Women*, the first wine book written exclusively for women -- the majority of wine consumers. In *Wine for Women*, Leslie Sbrocco scraps the stuffy wine-speak and deals with what women really want to know about wine. The book includes shopping guides with hundreds of recommended wines, quick ideas for wine-friendly meals, and creative tips for sharing wine with family and friends. Organized into easy-to-manage sections, *Wine for Women* appeals to all levels of wine lovers. From Sauvignon Blanc to Chenin Blanc, Merlot to Malbec, and pink wines to dessert wines, Leslie Sbrocco makes her enormous knowledge of wine entertaining enough for the serious wine lover and accessible enough so any novice can feel like an expert. Each chapter focuses on a different variety of wine, and covers what Leslie calls the big three -- how to buy, pair, and share wine. You'll learn how to make smart buying decisions in stores and restaurants. Leslie also gives you practical advice for pairing wine and food and offers insights on entertaining with wine, whether you're having an informal picnic or planning the most formal of weddings. Confused between Chardonnay and Champagne? Think little black dress versus sequins. And Pinot Gris? Think your wine wardrobe's basic jeans. With her relaxed, friendly approach, Leslie makes it easy to understand the differences between wines and encourages women to explore and enjoy wine in their everyday lives. Keep *Wine for Women* in your kitchen.

Bring it into your living room. Refer to it before you hit the wine shop, or when you just want an excuse to read, relax, and have a sip of something that's really you.

"BBQ is such an important part of African American history, and no one is better at BBQ than Rodney."—Marcus Samuelsson, chef and restaurateur ONE OF THE BEST COOKBOOKS OF THE YEAR: The New York Times, The Washington Post, Time Out, Food52, Taste of Home, Garden & Gun, Epicurious, Vice, Salon, Southern Living, Wired, Library Journal Rodney Scott was born with barbecue in his blood. He cooked his first whole hog, a specialty of South Carolina barbecue, when he was just eleven years old. At the time, he was cooking at Scott's Bar-B-Q, his family's barbecue spot in Hemingway, South Carolina. Now, four decades later, he owns one of the country's most awarded and talked-about barbecue joints, Rodney Scott's Whole Hog BBQ in Charleston. In this cookbook, co-written by award-winning writer Lolis Eric Elie, Rodney spills what makes his pit-smoked turkey, barbecued spare ribs, smoked chicken wings, hush puppies, Ella's Banana Puddin', and award-winning whole hog so special. Moreover, his recipes make it possible to achieve these special flavors yourself, whether you're a barbecue pro or a novice. From the ins and outs of building your own pit to poignant essays on South Carolinian foodways and traditions, this stunningly photographed cookbook is the ultimate barbecue reference. It is also a powerful work of storytelling. In this modern American success story, Rodney details how he made his way from the small town where he worked for his father in the tobacco fields and in the smokehouse, to the sacrifices he made to grow his family's business, and the tough decisions he made to venture out on his own in Charleston. Rodney Scott's World of BBQ is an uplifting story that speaks to how hope, hard work, and a whole lot of optimism built a rich celebration of his heritage—and of unforgettable barbecue.

Fast-Talking Dames Maria DiBattista,2008-10-01 There is nothing like a dame, proclaims the song from South Pacific. Certainly there is nothing like the fast-talking dame of screen comedies in the 1930s and '40s. In this engaging book, film scholar and movie buff Maria DiBattista celebrates the fast-talking dame as an American original. Coming of age during the Depression, the dame -- a woman of lively wit and brash speech -- epitomized a new style of self-reliant, articulate womanhood. Dames were quick on the uptake and hardly ever downbeat. They seemed to know what to say and when to say it. In their fast and breezy talk seemed to lie the secret of happiness, but also the key to reality. DiBattista offers vivid portraits of the grandest dames of the era, including Katharine Hepburn, Irene Dunne, Rosalind Russell, Barbara Stanwyck, and others, and discusses the great films that showcased their compelling way with words -- and with men. With their snappy repartee and vivid colloquialisms, these fast-talkers were verbal muses at a time when Americans were reinventing both language and the political institutions of democratic culture. As they taught their laconic male counterparts (most notably those appealing but tongue-tied American icons, Gary Cooper, Henry Fonda, and James Stewart) the power and pleasures of

speech, they also reimagined the relationship between the sexes. In such films as *Bringing Up Baby*, *The Awful Truth*, and *The Lady Eve*, the fast-talking dame captivated moviegoers of her time. For audiences today, DiBattista observes, the sassy heroine still has much to say.

Ancient Carved Ambers in the J. Paul Getty Museum Faya Causey, 2020-01-07 A comprehensive overview of ancient ambers, the only such book in English, is now revised. First published in 2012, this catalogue presents fifty-six Etruscan, Greek, and Italic carved ambers from the Getty Museum's collection—the second largest body of this material in the United States and one of the most important in the world. The ambers date from about 650 to 300 BC. The catalogue offers full description of the pieces, including typology, style, chronology, condition, and iconography. Each piece is illustrated. The catalogue is preceded by a general introduction to ancient amber (which was also published in 2012 as a stand-alone print volume titled *Amber and the Ancient World*). Through exquisite visual examples and vivid classical texts, this book examines the myths and legends woven around amber—its employment in magic and medicine, its transport and carving, and its incorporation into jewelry, amulets, and other objects of prestige. This publication highlights a group of remarkable amber carvings at the J. Paul Getty Museum.

But as Hannah finds out, revisiting holiday memories can be murder . . . With her dream of opening The Cookie Jar taking shape, Hannah's life matches the hectic December hustle and bustle in Lake Eden—especially when she agrees to help recreate a spectacular Christmas Ball from the past in honor of Essie Granger, an elderly local in hospice care. But instead of poring over decadent dessert recipes for the merry festivities, she instantly becomes enthralled by Essie's old notebooks and the tale of a woman escaping danger on the streets of New York. Hannah's surprised by Essie's secret talent for penning crime fiction. She's even more surprised when the story turns real. As Hannah prepares to run a bakery and move out of her mother's house, it'll be a true miracle if she can prevent another Yuletide disaster by solving a mystery as dense as a Christmas fruitcake . . .

Dark Matter Gregory Sholette, 2010-12-15 Art is big business, with some artists able to command huge sums of money for their works, while the vast

majority are ignored or dismissed by critics. This book shows that these marginalized artists, the dark matter of the art world, are essential to the survival of the mainstream and that they frequently organize in opposition to it. Gregory Sholette, a politically engaged artist, argues that imagination and creativity in the art world originate thrive in the non-commercial sector shut off from prestigious galleries and champagne receptions. This broader creative culture feeds the mainstream with new forms and styles that can be commodified and used to sustain the few artists admitted into the elite. This dependency, and the advent of inexpensive communication, audio and video technology, has allowed this dark matter of the alternative art world to increasingly subvert the mainstream and intervene politically as both new and old forms of non-capitalist, public art. This book is essential for anyone interested in interventionist art, collectivism, and the political economy of the art world.

The American Congress Julian E. Zelizer,2004-09-21 Congress is the heart and soul of our democracy, the place where interests are brokered, laws are established, and innovation is turned into concrete action. It is also where some of democracy's greatest virtues clash with its worst vices: idealism and compromise meet corruption and bitter partisanship. The American Congress unveils the rich and varied history of this singular institution. Julian E. Zelizer has gathered together forty essays by renowned historians to capture the full drama, landmark legislation, and most memorable personalities of Congress. Organized around four major periods of congressional history, from the signing of the Constitution to the creation of the Department of Homeland Security, this volume brings a fresh perspective to familiar watershed events: the Civil War, Watergate, the Vietnam War. It also gives a behind-the-scenes look at lesser-known legislation debated on the House and Senate floors, such as westward expansion and war powers control. Here are the stories behind the 1868 vote to impeach President Andrew Johnson; the rise of Jeannette Rankin, the first woman elected to Congress and a leading advocate for pacifism; and the controversy surrounding James Eastland of Mississippi, who carried civil rights bills in his pockets so they could not come up for a vote. Sidebars further spotlight notables including Huey Long, Sam Rayburn, and Tip O'Neill, bringing the sweeping history of our lawmaking bodies into sharp focus. If you've ever wondered how Congress worked in the past or what our elected officials do today, this book gives the engaging, often surprising, answers.
