Diary of a Teddy Boy Mim Scala, 2000-03 Captures that hinge moment when everything changed from grey to colour.' - Marianne Faithfull London, 1950s. Mr Tobias, the Fulham tailor, makes young Emilio Scala a fingertip drape and he fills it, a Teddy boy extraordinaire. By day he still serves cornets and wafers on the North End Road at Scala's Ice Cream Parlour, but at night he's in Chelsea getting bloodstains on the suit, tearing out cinema seats while 'Rock Around the Clock' plays on. His two worlds collide when Diana Dors and Dandy Kim visit for a Knickerbocker Glory. Soon he's out in 1960s Soho taking Purple Hearts with the cool set: Michael Caine, Chris Stamp, Patti Boyd, Richard Harris, Sabrina Tennant. Now a King's Road gambler and junior playboy, he sees Paris and Tangiers, runs into an old Hemingway - and Burroughs - right on time. For Mim it's a baby step to becoming an agent. In a whirlwind of fame, only some of it temporary, he hires Dennis Hopper, devils with Ronan O'Rahilly, gambles with Lucian Freud, evades the Kray twins, turns down Hair in New York on Salvador Dali's say-so, and listens reverently to Cat Stevens, Jimi Hendrix and Marianne Faithfull. In 1968 he persuades Jean-Luc Godard to film The Rolling Stones and witnesses the May riots on the streets of Paris, as Nicholas Roeg's Performance is scripted and enacted next door to his London flat. Sharp suits turn to caftans in the 1970s. When his friend Brian Jones dies it marks the end of an era, but Mim himself is reincarnated. He had promised Jones they would discover the most beautiful music on the planet, and he sets off for Morocco to find it alone. With his miracle vehicle Shadowfax, he becomes part of a different world. A psychedelic nomad now, he sojourns in Sri Lanka, and watches and listens to desert life in north Africa, its sunsets, windstorms and one unforgettable eclipse. He returns to London with the ceremonial recordings of the Berber Ganoua, a world music before 'world music', and becomes head of marketing at Island Records. He discovers the post-punk band Warsaw Pakt, organizes Marianne Faithfull's comeback appearance on Saturday Night Live in New York, and adjusts to the 1980s. In the right place and the right time, Mim touched the lives of the twentieth century's most famous pop stars, and their glory touched him. *Diary of a Teddy Boy* is a vision of the styles, moods and drugs that defined three decades. The brilliant picaresque memoir of a working-class hero, it is a personal story of what fame can bring, and what it takes away.

TERI Energy & Environment Data Diary and Yearbook (TEDDY) 2015/16 (Updated Edition), 2016-12-22 TERI Energy & Environment Data Diary and Yearbook (TEDDY) is an annual publication brought out by The Energy and Resources Institute (TERI) since 1986. It is the only comprehensive energy and environment yearbook in India which provides updated information on the energy supply sectors (coal and lignite, petroleum and natural gas, power, and renewable energy sources), energy demand sectors (agriculture, industry, transport, residential, and commercial sectors), and environment (local and

global). The publication also provides a review of the government policies that have implications for these sectors of the Indian economy. Each edition of TEDDY contains India's commercial energy balances for the last four years that provide comprehensive information on energy flows within different sectors of the economy and how they have been changing over time. These energy balances and conversion factors are a valuable ready reckoner for researchers, scholars, and organizations working on energy sector. After the introductory chapters, for the ease of readers, TEDDY has been divided into sections on energy supply, energy demand, and local and global environment. Interactive graphs, figures, maps, and tables have been used throughout the chapters to explain facts, which make the book an interesting read. In addition, detailed tables at the end of each chapter represent statistical data on each of the above-mentioned sectors. The publication is accompanied by a complimentary CD containing full text. The publication has more than 15,000 readers across the globe and is often cited in international peer reviewed journals and policy documents. Key Features: ☐ Exhaustive compilation of data from energy supply and demand sectors ☐ Recent data along with data from the past years covered in the form of structured and easy-to-understand tables ☐ Recent advances made in the energy sectors ☐ Self-explanatory figures and graphs showing the latest trends in various sectors ☐ The ☐Green Focus☐ at the end of every chapter highlights a topical issue ☐ A complimentary CD that contains all the chapters and additional tables

TERI Energy & Environment Data Diary and Yearbook (TEDDY) 2020/21 TERI, TERI Energy & Environment Data Diary and Yearbook (TEDDY) is an annual publication brought out by TERI since 1986. It is the only comprehensive energy and environment yearbook in India that provides updated information on the energy supply sectors (coal and lignite, petroleum and natural gas, power, and renewable energy sources), energy demand sectors (agriculture, industry, transport, household, buildings), and environment (local and global).
