Classic Speedsters Ronald Sieber, 2021-11 Classic Speedsters: The Cars, The Times, and The Characters Who Drove Them chronicles the most significant vehicles ever to have traveled American roads and racetracks. Speedsters were the pizzazz cars of their era. Speedsters were owned by entertainers, captains of industry, the wealthy, and in some cases, the everyday guy or gal. They were often expensive, but always fast and sexy. Speedsters were America's first sports cars. Each chapter frames the birth and evolution of a company that produced a speedster model in its lineup and includes a biography of a famous owner of the period. This book traces the journey of the speedster concept across several time periods and among twelve automotive companies. It answers three fundamental questions: · Why were these cars so important and influential? · Why did so many prominent people own them? · What message do they have for modern design?

But a new team of specials exists in the future, continuing the legacy of Vanguard. Together, they are the only source of resistance against the alien overlords. For years, their efforts have been valiant, yet futile. Now though, they have the opportunity to change their fate, if only they can send the mysterious Chronos into the past! Explore the future in the fourth volume of Percival Constantine's superhero epic!

Errett Lobban Griffith Borgeson, 2005-08-21 E.L. Cord was first and foremost a salesman, both of products and of himself. In 1924, after achieving great success as an automobile distributor, Cord became the man with enough talent and panache to lead the Auburn Automobile Company out of its slumber. By 1929, Auburn sales had increased 15-fold and Cord was the head of an empire. His Cord Corporation owned Lycoming Mfg. Co. (engines), Limousine Body Co. and Central Mfg. Co. (auto bodies), Century Airlines, and Duesenberg, among others. Cord's philosophy of automobile design (and salesmanship) might be summed up in two words: Novelty Sells. Though mechanically ordinary, his Auburn models, with outstanding styling and clever paint combinations, were hot sellers. Cord oversaw the introduction of the fabulous Model J Duesenberg, a car whose combination of size, cost, performance, and style was and is unmatched in American automotive history. His most novel car was the rakish Cord L-29, the first American production car to feature front-wheel drive. All this and more is told of America's true renaissance man, E.L. Cord, in the original and complete biography of the man behind the Auburn, Cord and Duesenberg lines. The luxurious presentation includes 280 over-sized pages containing more than 500 rare illustrations, photographs and documents.
