

Television For Mexico

Fox de Cardona Fox

Muy Buenas Noches Celeste Gonzalez de Bustamante,2013-01-01 By the end of the twentieth century, Mexican multimedia conglomerate Televisa stood as one of the most powerful media companies in the world. Most scholars have concluded that the company's success was owed in large part to its executives who walked in lockstep with the government and the Partido Revolucionario Institucional (PRI), which ruled for seventy-one years. At the same time, government decisions regulating communications infrastructure aided the development of the television industry. In one of the first books to be published in English on Mexican television, Celeste González de Bustamante argues that despite the cozy relationship between media moguls and the PRI, these connections should not be viewed as static and without friction. Through an examination of early television news programs, this book reveals the tensions that existed between what the PRI and government officials wanted to be reported and what was actually reported and how. Further, despite the increasing influence of television on society, viewers did not always accept or agree with what they saw on the air. Television news programming played an integral role in creating a sense of lo mexicano (that which is Mexican) at a time of tremendous political, social, and cultural change. At its core the book grapples with questions about the limits of cultural hegemony at the height of the PRI and the cold war.

Dramatized Societies: Quality Television in Spain and Mexico Paul Julian Smith,2016-11-29 The first study of contemporary quality TV drama in two countries - Spain and Mexico -- where television has displaced cinema as the creative medium that shapes the national narrative

Broadcasting in Mexico Luis Antonio de Noriega,Frances Leach,2023-12-22 Broadcasting in Mexico (1979) traces the birth and growth of Mexico's broadcasting services against the background of its geographical, cultural, demographic, economic and political structure. The development of Mexican radio and television has been characterised by innovation and experiment by both government and private enterprise, and sometimes the country has been the beneficiary of these efforts and sometimes the victim. Up to a certain point, the cultural infrastructure of the country itself dictated the path taken by the media, although there have been temptations to imitate the established structure of other countries.

Locating Television Anna Cristina Pertierra,Graeme Turner,2013 Locating Television: Zones of Consumption takes an important next step for television studies and addresses the question of 'what is television now?'

The Perceived Reality of Television and Aggressive Predispositions Among Children in Mexico Felipe Korzenny,1975

Latin American Broadcasting Fox de Cardona Fox,1997 The conflicts and compromises that accompanied the introduction and growth of radio and television in Latin America are explored in this comparative-historical analysis of the role of foreign influence on Latin American broadcasting. Documented are stories of how radio and television broadcasting developed in Argentina, Brazil, Chile, Colombia, Mexico, Peru, Uruguay, and Venezuela from the early 20th century to the present.

Latino TV Mary Beltrán,2022-01-25 This book surveys the history of Latina and Latino depictions, narratives, and authorship in U.S. English-language television since the 1950s, with a focus on the navigations and impact of Latina/o series writers and creators as they have been able to enter the industrial landscape in recent decades. Based on archival research, interviews with dozens of media professionals who worked on or performed in these series, textual analysis of available episodes and promotional materials, and analysis of news media coverage, the chapters examine Latina/o representation in children's television Westerns in the 1950s, in

Chicana/o and Puerto Rican activist-led public affairs series in the 1970s, in sitcoms from the 1970s through the 2010s, including many considered failed, and in Latina and Latino-led series in the 2000s and 2010s on broadcast, cable, and streaming outlets, including *George Lopez*, *Ugly Betty*, *One Day at a Time*, and *Vida*. These series and their creators and writers are explored in relation to the social and political contexts of these junctures in U.S. and Latina/o history and to the evolving industry with respect to whether Latina/o creatives were allowed entrée and to the cultural climate for writers and other creative professionals working in television development and production. As such, it also highlights how television has been key to both the marginalization and to the incremental growth of Latina/o cultural citizenship in the United States, as well as how Latina/o creative professionals are gaining numbers and agency within the television industry and are continuing to push to be able to produce and share their stories--

Encyclopedia of Television Horace Newcomb, 2014-02-03 The Encyclopedia of Television, second edition is the first major reference work to provide description, history, analysis, and information on more than 1100 subjects related to television in its international context. For a full list of entries, contributors, and more, visit the Encyclopedia of Television, 2nd edition website.

Latinx TV in the Twenty-First Century Frederick Luis Aldama, 2022-04-19 Latinx TV in the Twenty-First Century offers an expansive and critical look at contemporary TV by and about U.S. Latinx communities. This volume unpacks the negative implications of older representation and celebrates the progress of new representation all while recognizing that television still has a long way to go--

The Future of Television Ioannis Deliyannis, 2019-03-13 This book presents a collection of chapters that focus on the convergence of television today, approached using an interdisciplinary perspective. Clearly, the importance of technological advances describes only one aspect of this evolutionary process. In this book, convergence is also examined from other equally important perspectives, which include a historical case study on convergence and culture-viewer evolution and the changes that interactivity has introduced as opposed to static content. Because this publication focuses on all aspects that transform the medium, users, content, broadcasting, and interactive technology, it becomes evident that convergence is a highly interdisciplinary subject that must always be addressed from various perspectives.

Foreign Direct Investment and Local Linkages: The Case of the Mexican Television Industry in Tijuana Jorge Carrillo Viveros,

Univision, Telemundo, and the Rise of Spanish-Language Television in the United States Craig Allen, 2023-05-02 The first history of Spanish-language television in the United States In the most comprehensive history of Spanish-language television in the United States to date, Craig Allen traces the development of two prominent yet little-studied powerhouses, Univision and Telemundo. Allen tells the inside story of how these networks fought enormous odds to rise as giants of mass communication within an English-dominated society. The book begins in San Antonio, Texas, in 1961 with the launch of the first Spanish-language station in the country. From it rose the Spanish International Network (SIN), which would later become Univision. Conceived by Mexican broadcasting mogul Emilio Azcárraga Vidaurreta and created by unsung American television pioneers, Univision grew to provide a vast amount of international programming, including popular telenovelas, and was the first U.S. network delivered by satellite. After

Telemundo was founded in the 1980s by Saul Steinberg and Harry Silverman, the two networks battled over audiences and saw dramatic changes in leadership. Today, Univision and Telemundo are multibillion-dollar television providers that equal ABC, CBS, NBC, and Fox in scale and stature. While Univision remains a beacon of U.S. television's internationalization, Telemundo—owned by NBC—is a worldwide leader in producing Spanish-language programs. Using archival sources and original interviews to reconstruct power struggles and behind-the-scenes intrigue, Allen uses this exciting narrative to question monolingual and Anglo-centered versions of U.S. television history. He demonstrates the endurance, innovation, and popularity of Spanish-language television, arguing that its story is essential to understanding the Latinx history of contemporary America. A volume in the series *Reframing Media, Technology, and Culture in Latin/o America*, edited by Héctor Fernández L'Hoeste and Juan Carlos Rodríguez

Television Advertising and Taste Transfer in Mexico John G. Sinclair, 1983

The SAGE Handbook of Television Studies Manuel Alvarado, Milly Buonanno, Herman Gray, Toby Miller, 2014-12-09 Genuinely transnational in content, as sensitive to the importance of production as consumption, covering the full range of approaches from political economy to textual analysis, and written by a star-studded cast of contributors - Emeritus Professor Graeme Turner, University of Queensland Finally, we have before us a first rate, and wide ranging volume that reframes television studies afresh, boldly synthesising debates in the humanities, cultural studies and social sciences...This volume should be in every library and media scholar's bookshelf. - Professor Ravi Sundaram, Centre for the Study of Developing Societies Bringing together a truly international spread of contributors from across the UK, US, South America, Mexico and Australia, this Handbook charts the field of television studies from issues of ownership and regulation through to reception and consumption. Separate chapters are dedicated to examining the roles of journalists, writers, cinematographers, producers and manufacturers in the production process, whilst others explore different formats including sport, novella and soap opera, news and current affairs, music and reality TV. The final section analyses the pivotal role played by audiences in the contexts of gender, race and class, and spans a range of topics from effects studies to audience consumption. The SAGE Handbook of Television Studies is an essential reference work for all advanced undergraduates, graduate students and academics across broadcasting, mass communication and media studies.

Audience Reactions to a Rural Instructional Television Series in Central Mexico Alberto Zuloaga-Albarran, 1972

Manufacturing the Gang Raúl Damacio Tovares, 2002-05-30 Coverage of Mexican-American youth gangs has been a staple of local television news in the United States for decades, and its form and content have come to embody many journalistic clichés: the rising tide of violence, the spread of drug addiction, the alienated minority youth. But as this bold new study argues, these stories contain gross exaggerations that lead to the reinforcement of stereotypes about Mexican-American young people and the Mexican-American community in general. Indeed, the police and community leaders greatly influence the content of this coverage by deciding what information to make available to the news media, while reporters select certain sources and ignore others, thus slanting the story even further. As author Raul Tovares makes clear, the true story of Mexican-American youth is far more complex than local news would have its viewers believe. Cultural values, organizational structures, and economic systems all contribute to the production of this journalism, which itself has a direct and real impact on the lives of Mexican-American teenagers. Unlike other books on the subject of Mexican-American youth gangs, Tovares's work critiques the very assumptions on which ideas about such gangs are based, and brings much-needed attention to a timely and often misunderstood subject.

This is likewise one of the factors by obtaining the soft documents of this **Television For Mexico** by online. You might not require more epoch to spend to go to the books initiation as skillfully as search for them. In some cases, you likewise get not discover the publication Television For Mexico that you are looking for. It will unquestionably squander the time.

However below, in the manner of you visit this web page, it will be for that reason enormously simple to get as capably as download lead Television For Mexico

It will not allow many period as we notify before. You can accomplish it while ham it up something else at house and even in your workplace. correspondingly easy! So, are you question?
