Or looking for a big bank of questions for a pub quiz/quiz night? Here's what you will discover with this book: 720 multiple choice questions: Choose from 4 possible answers from each question. Unlike other quiz books we have seen out there - possible answers in The Ultimate Geography Quiz book are meant to be challenging and the possible answers are well researched to truly make you think - see below for more details. Challenging questions throughout: Made to really engage the brain cells, even for the die-hard geographers! Child/Family friendly questions: No sensitive topics are asked about within this book. Keep Score: Optional scoring system to measure your quizzing ability! Matte paperback cover for durability and ease of carrying, so your child can tackle questions at home or on the go. Tackle the quiz alone, with your partner, or make it a social event with your friends and family! Quizzes are great on commutes, and long drives - and equally as great as a social fun event for friends and family. You cannot go wrong with a quiz night! This book makes a perfect gift for adults and children with an interest in geography. Recommend age 12+ Question topics within The Ultimate Geography Quiz include, but not limited to: Country and continent names, size, borders and locations respective to each other. Mountain, mountain heights, mountain range and volcano names and their locations. Ocean, seas, marginal seas, and their locations respective to each other City, building, landmark and capital city names and location. Deserts, forests, jungles, glaciers! Country size, flags, language currency, religion, climate and population. Flag, flag colors, other flag

attributes. Physical Geography jargon. World record facts regarding geography. Challenging multiple choice questions: We have seen several quiz books that have a poor selection of multiple choice questions, such as example below... What is the highest mountain in Turkey? A Mt. Whitney B Mt. Everest C Mt. Ararat D Mt. Cook Whilst this question is somewhat tricky in itself, the answers given allow most geographers to eliminate the 3 wrong answers quickly to come up with answer C. Instead of this approach, we have kept the quiz more like shown below to make this strategy of quizzing harder for the challenger... What is the highest mountain in Turkey? A Mt. Elbrus B Mt. Davamond C Mt. Ararat D Mt. Bazarduzu Although it may be easy for some seasoned geographers, this question, by the choices given is harder for the most part, and will hopefully trigger more conversation/thought before answering. The Geography Quiz Book for the Seasoned Travel Expert Jane Dallas,2021-08-07 People who travel are of three kinds. There are the casual travelers - those who only think about travel as something to occupy the holidays; these people do not necessarily live for travel. There are the keen travelers, who have a few places on their bucket list that they look at again and again. And finally, there are those with the spirit of a nomad inside them, forever driving them onward and upward. Geography is Forever If you follow every travel page on social media, and if you spend all your free time looking up videos of places that you have always wanted to visit on a vacation trip, you are not alone. The love for travel is one that is shared by many billions of people worldwide, and we celebrate it together. In this book, you will be able to test your travel quotient and your geography knowledge through a series of intricately crafted trivia challenges. A casual traveler will be able to get a fairly high score, but perfection is the exclusive domain of those who eat maps for breakfast, and spin globes around in their minds all day. Cities are our homes The human race builds vast cities; this is a big part of what sets us apart from all other species. And each city is like a new person, with an endlessly fascinating personality. We know about the world's great cities, about London. New York, Paris, Rome, and Hong Kong. But do we also know as much about Osaka, about Sao Paulo, about Montreal, and about Vladivostok? This book will test your travel and geography quotient, and give your brain a thorough mental workout. In this book, you will test your knowledge of the biggest travel destinations and hotspots in the world, and see how much you really know about them. All of us have a country, a city, a town, a destination, or a vacation spot that we love. And, as we travel, we learn

more about the cities and countries of the world. But how much do you really know and remember? This book pits you against the best geography and travel trivia brains in the business to help you gauge where you stand on your Travel Quotient Knowledge Score. If you are a seasoned citizen of the world, you can expect a score of above 70%. If you are able to score 100% on all the questions, is your diet a combination of atlases and globes? Geography is fun. All of us know something about a few cities - this book will test that knowledge. The format is fairly simple: you will be given a series of cities in each set of questions. All you have to do is guess which country each city is in - you will, of course, be given options. We'll start you off easy, and slowly ramp up the difficulty. As you travel virtually through the most desirable destinations in the world, we hope that you can discover more about places you never knew existed, and that wanderlust awakens in your heart.

What's The Capital City? The Quiz Book B C Lester Books, 2020-12 Are you looking for a fun and challenging quiz to tackle solo? Or looking to tackle it with friends and family? Or a big bank of staple questions for a pub quiz/quiz night? Here's what you will discover with this book: Over 200 multiple choice questions: Choose from 4 possible answers from each question. 2 QUIZZES IN ONE! This one is a secret!! (until you open the book or read this description). Once you complete the world capitals, you will be greeted with the U.S. state capitals quiz (if you are not already quizzed out yet!) Challenging questions throughout: Sharpen your brain with these challenging multiple choice questions! We've gone the extra mile to ensure the multiple choices are hard to figure out, by mostly adding other settlements within a country as the options given. See an example of a question below! Child/Family friendly questions: No

sensitive topics are asked about within this book. Keep Score: Optional scoring system to measure your quizzing ability! Matte paperback cover for durability and ease of carrying, so your child can tackle questions at home or on the go. Tackle the quiz alone, with your partner, or make it a social event with your friends and family! Quizzes are great on commutes, and long drives - and equally as great as a social fun event for friends and family. You cannot go wrong with a quiz night! What's The Capital City? The Quiz Book makes a perfect gift for adults and children with an interest in geography. Recommend age 8+ An example question would be: What is the capital city of Morocco? A. Tangier B. Marrakech C. Casablanca D. Rabat This question uses settlements found within the country in question as options, rather than giving choices like Berlin, Paris etc. alongside the correct answer (do you know what it is?), for a more challenging experience!
