Uneven Futures Ida Yoshinaga, Sean Guynes, Gerry Canavan, 2022-12-20 Essays on speculative/science fiction explore the futures that feed our most cherished fantasies and terrifying nightmares, while helping diverse communities devise new survival strategies for a tough millennium. The explosion in speculative/science fiction (SF) across different media from the late twentieth century to the present has compelled those in the field of SF studies to rethink the community's identity, orientation, and stakes. In this edited collection, more than forty writers, critics, game designers, scholars, and activists explore core SF texts, with an eye toward a future in which corporations dominate both the means of production and the means of distribution and governments rely on powerful surveillance and carceral technologies. The essays, international in scope, demonstrate the diversity of SF through a balance of popular mass-market novels, comics, films, games, TV shows, creepypastas, and more niche works. SF works explored range from *Riot Baby* by Tochi Onyebuchi, *2084: The End of the World* by Boualem Sansal, *Terra Nullius* by Claire Coleman, *Watchmen* and *X-Men* comics, and the Marvel film *Captain America: The Winter Soldier*, to the *MaddAddam* trilogy by Margaret Atwood, *The Dispossessed* by Ursula K. Le Guin, *The Wandering Earth* by Liu Cixin, and the *Wormwood* trilogy by Tade Thompson. In an era in which ecological disaster and global pandemics regularly expose and intensify deep political-economic inequalities, what futures has SF anticipated? What survival strategies has it provided us? Can it help us to deal with, and grow beyond, the inequalities and injustices of our times? Unlike other books of speculative/science fiction criticism, *Uneven Futures* uses a think piece format to make its critical insights engaging to a wide audience. The essays inspire visions of better possible futures—drawing on feminist, queer, and global speculative engagements with Indigenous, Latinx, and Afro- and African futurisms—while imparting important lessons for political organizing in the present. DREAMLAND (THE WORTH OF MAN) Thomas J. Thiel, 2013-11 An extraordinary tale of power, love, and deception. The author has captured the joy and consternation in the human experience, recording an astonishing study of detail, and an uncommon observation of wonder and vulnerability. When asked to give an account of the origins of *Dreamland*, Mr. Thiel states, I am not sure if I am ready to uncover every influence with an intrusive eye. Fascination with the complexity of life had led me to write a story about the struggle for freedom, and how the rise of unchecked power can rattle the core of society.

The Lost Queen of Crocker County Elizabeth Leiknes, 2018-07-10 For fans of books like *THE READERS OF BROKEN WHEEL* RECOMMEND, a feel-good story of going home again to get things right. Crocker County crowns a new Corn Queen every year, but Jane Willow's the one you would remember. She can't forget Iowa, either. Even though she fled to LA to become a film critic years ago, home was always there behind her. But when a family tragedy happens, she's forced to drive back to Crocker County. The rolling farmlands can't much hide the things she left behind: the best friend she abandoned who now runs a meatloaf hotline, the childhood front porch that sits hauntingly empty, and that fiasco of a Corn Fest that spun her life in a different direction. Before Jane can escape her past a second time, disaster strikes, and she will have to find a way to right her mistakes and save herself from her regrets. An unflinchingly love letter to the Midwest that unfolds through a celebration of movies, this ferociously endearing novel brings home the saving grace of second chances.

We Own This City Justin Fenton, 2022-03-15 NEW YORK TIMES EDITORS' CHOICE • The astonishing true story of "one of the most startling police corruption scandals in a generation" (The New York Times), from the Pulitzer Prize-nominated reporter who exposed a gang of criminal cops and their yearslong plunder of an American city NOW AN HBO SERIES FROM THE WIRE CREATOR DAVID SIMON AND GEORGE PELECANOS "A work of journalism that not only chronicles the rise and fall of a corrupt police unit but can stand as the inevitable coda to the half-century of disaster that is the American drug war."—David Simon Baltimore, 2015. Riots are erupting across the city as citizens demand justice for Freddie Gray, a twenty-five-year-old Black man who has died under suspicious circumstances while in police custody. Drug and violent crime are surging, and Baltimore will reach its highest murder count in more than two decades: 342 homicides in a single year, in a city of just 600,000 people. Facing pressure from the mayor's office—as well as a federal investigation of the department over Gray's death—Baltimore police commanders turn to a rank-and-file hero, Sergeant Wayne Jenkins, and his elite plainclothes unit, the Gun Trace Task Force, to help get guns and drugs off the street. But behind these new efforts, a criminal conspiracy of unprecedented scale was unfolding within the police department. Entrusted with fixing the city's drug and gun crisis, Jenkins chose to exploit it instead. With other members of the empowered Gun Trace Task Force, Jenkins stole from Baltimore's citizens—skimming from drug busts, pocketing thousands in cash found in private homes, and planting fake evidence to throw Internal Affairs off their scent. Their brazen crime spree would go unchecked for years. The results were countless wrongful convictions, the death of an innocent civilian, and the mysterious death of one cop who was shot in the head, killed just a day before he was scheduled to testify against the unit. In this urgent book, award-winning investigative journalist Justin Fenton distills hundreds of interviews, thousands of court documents, and countless hours of video footage to present the definitive account of the entire scandal. The result is an astounding, riveting feat of reportage about a rogue police unit, the city they held hostage, and the ongoing struggle between American law enforcement and the communities they are charged to serve.
