Tom Green, Jordan L Chilcott

From After Effects to Flash Tom Green,Tiago Dias,2007-03-01 This book provides the world's first and best guide to marrying After Effects and Flash technologies together, starting by taking the reader through the creation of a video project from concept to upload, with emphasis on making their workflow as efficient as possible. The rest of the book focuses on specific techniques and special effects that the reader can walk through and build, and then adapt for use on their own projects. The book supports the latest versions of After Effects and Flash.

Creating Motion Graphics with After Effects Chris Meyer,Trish Meyer,2013-02-11 After Effects CS5.5 Update: /tv.adobe.com/show/after-effects-cs55-new-creative-techniques/ Chris and Trish Meyer have created a series of videos demonstrating how to use their favorite new and enhanced features in After Effects CS5.5. Virtually all of these videos use exercise files from Creating Motion Graphics with After Effects (5th Edition for CS5) as their starting point, extending the usefulness of this book for its owners. These videos may be viewed for free on AdobeTV. * 5th Edition of best-selling After Effects book by renowned authors Trish and Chris Meyer covers the important updates in After Effects CS4 and CS5 * Covers both essential and advanced techniques, from basic layer manipulation and animation through keying, motion tracking, and color management * The downloadable resources are packed with project files for version CS5, source materials, and nearly 200 pages of bonus chapters Trish and Chris Meyer share over 17 years of hard-earned, real-world film and video production experience inside this critically acclaimed text. More than a step-by-step review of the features in AE, readers will learn how the program thinks so that they can realize their own visions more quickly and efficiently. This full-color book is packed with tips, gotchas, and sage advice that will help users thrive no matter what projects they might encounter. Creating Motion Graphics 5th Edition has been thoroughly revised to reflect the new features introduced in both After Effects CS4 and CS5. New chapters cover the revolutionary new Roto Brush feature, as well as mocha and mocha shape. The 3D section has been expanded to include working with 3D effects such as Digieffects FreeForm plus workflows including Adobe Repoussé, Vanishing Point Exchange, and 3D model import using Adobe Photoshop Extended. The print version is also accompanied by downloadable resources that contain project files and source materials for all the techniques demonstrated in the book, as well as nearly 200 pages of bonus chapters on subjects such as expressions, scripting, and effects. Subjects include: Animation Techniques; Layer Management; Modes, Masks, and Mattes; Mastering 3D Space; Text Animation; Effects & Presets; Painting and Rotoscoping; Parenting, Nesting, and Collapsing; Color Management and Video Essentials; Motion Tracking and Keying; Working with Audio; Integrating with 3D Applications; Puppet Tools; Expressions; Exporting and Rendering; and much more.

After Effects @ Work Richard Harrington,2006-08-15 Real-World commercial projects presented in full color feature the work of renowned artists, Chris and Trish Meyer, Jayse Hansen, Mark Coleran, Ken Locsmandi and others. The tutorials are commercial projects that the artists created for a client budget of \$10,000 or less, using only the plug-ins that come with the software. Special focus is given to the fundamental techniques that are important to novice motion graphic artists. The companion DVD contains the source files required for the reader to replicate the techniques as well as Apple QuickTime presentations of the final projects. The projects cover a wide range of practical applications including broadcast animation, big-screen film trailers, music video compositing, trade show presentations, DVD menu graphics, and cel animation with Flash.

Foundation Flash 8 Video Tom Green,Jordan L Chilcott,2006-12-06 This is one of the first books solely dedicated to Flash 8 Video development and goes a lot deeper into the subject than other books. It is suitable for those with no previous Flash experience who want to discover the best way to create video applications for the Web. It starts with the very basics, and by the end of the book the reader will be creating advanced interactive video applications, using video alpha channels, masking, blends and filters, the Camera object, and much more.
