Guadagnare con le APP\$ Paolo Zanzottera,2014-04-28T00:00:00+02:00 I dispositivi mobili stanno rivoluzionando le vite di tutti noi in ogni contesto: li usiamo per il lavoro, la corsa serale, l'investimento in borsa e la prenotazione del ristorante o dell'hotel dove ci condurranno col loro GPS. Sono ovunque, sono i primi veri personal computer della storia. Ogni giorno lanciamo decine di applicazioni, siamo quasi a cento miliardi di app scaricate, un'audience incredibile che passa ore interagendo con questi dispositivi. Chiunque può avere un'idea vincente e può sfruttare questo mercato mondiale enorme. Ma sviluppare un'app, metterla sull'app store e credere che, magicamente, inizino a scaricarla milioni di persone è come fermarsi a una stazione di servizio, comprare un biglietto della lotteria e pensare di diventare milionari... Ecco allora il perché di un libro che sia una vera e propria guida strategica per affrontare un mercato incredibile, ma dove la competizione è feroce è fondamentale un piano di sviluppo tecnico e di marketing per avere qualche chance di successo.

Watching Sympathetic Perpetrators on Italian Television Dana Renga,2019-02-11 This book offers the first comprehensive study of recent, popular Italian television. Building on work in American television studies, audience and reception theory, and masculinity studies, *Sympathetic Perpetrators and their Audiences on Italian Television* examines how and why viewers are positioned to engage emotionally with—and root for—Italian television antiheroes. Italy's most popular exported series feature alluring and attractive criminal antiheroes, offer fictionalized accounts of historical events or figures, and highlight the routine violence of daily life in the mafia, the police force, and the political sphere. Renga argues that Italian broadcasters have made an international name for themselves by presenting dark and violent subjects in formats that are visually pleasurable and, for many across the globe, highly addictive. Taken as a whole, this book investigates what recent Italian perpetrator television can teach us about television audiences, and our viewing habits and preferences.

Queering Asylum in Europe Carmelo Danisi,Moirá Dustin,Nuno Ferreira,Nina Held,2021-08-31 This two-volume open-access book offers a theoretically and empirically-grounded portrayal of the experiences of people claiming international protection in Europe on the basis of their sexual orientation or gender identity (SOGI). It shows how European asylum systems might and should treat asylum claims based on people's SOGI in a fairer, more humane way. Through a combined comparative, interdisciplinary (socio-legal), human rights, feminist, queer and intersectional approach, this book examines not only the legal experiences of people claiming asylum on grounds of their SOGI, but also their social experiences outside the asylum decision-making framework. The authors analyse how SOGI-related claims are adjudicated in different European frameworks (European Union, Council of Europe, Germany, Italy and UK) and offer detailed recommendations to adequately address the intersectional experiences of individuals seeking asylum. This unique approach ensures that the book is of interest not only to researchers in migration and refugee studies, law and wider academic communities, but also to policy makers and practitioners in the field of SOGI asylum.

Healing Mission Branka Gabric,Stefan Hofmann,2023-10-16 Theologische Studien zu bioethischen und medizinischen Fragestellungen vernachlässigen oft den Aspekt der Gesundheit der Bevölkerung(en). Andererseits hat die Covid-19-Pandemie das Ausmaß der Vernetzung zwischen Völkern und Nationen gezeigt. Trotz zahlreicher Studien zu den ethischen, sozialen und medizinischen Herausforderungen einer globalen Pandemie gibt es immer noch eine bemerkenswerte Lücke in der Reflexion über die Rolle der katholischen Kirche sowohl hinsichtlich der öffentlichen als auch der globalen Gesundheit. Die Beiträge geben Denkanstöße aus moraltheologischer, bioethischer und missionstheologischer Perspektive sowie aus der Sicht einer Gesundheitspastoral und eines sozialen Engagements der Kirche. Der Band erscheint in englischer Sprache.

Merchants of Men Loretta Napoleoni,2016-08-30 A powerful and sophisticated underground business delivers thousands of refugees a day all along the Mediterranean coasts of Europe. The new breed of criminals that controls it has risen out of the political chaos of post-9/11 Western foreign policy and the fiasco of the Arab Spring. These merchants of men are intertwined with jihadist armed organizations such as al Qaeda in the Maghreb. They have prospered smuggling cocaine from West Africa and kidnapping Westerners. More recently, the destabilization of Syria and Iraq coupled with the rise of ISIS offered them new business opportunities in the Middle East, from selling Western hostages to jihadist groups to trafficking in refugees numbering in the millions. Overall, the kidnapping industry today is bigger than the illegal drug trade and worth hundreds of billions

of dollars annually. Merchants of Men is based on exclusive access to hostage negotiators actively involved in ransom negotiations and rescue missions, counter-terrorism experts, members of security services, and former hostages, among many others. The reader will discover that the protocols of prevention and rescue change according to the type of abduction and the designated targets, and will come to know first hand the range of experiences of kidnapping victims. Will the West once again reap the benefits of the political chaos it has sown in its own backyard? From colonization to the advent of friendly dictatorial regimes, today's fast-aging European nations are buyers on the refugee market. New workers are needed, and the merchants of men are supplying them. But only skilled, highly educated refugees are wanted. As a tsunami of migrants and refugees floods Europe, new questions almost too numerous to count must be answered.

The book compares the motherhood of these two nationalities within a context of an illegal/legal status in the European territory. It reflects on the used terms of vulnerability, sexual exploitation, victim, resistance and resilience. This book enlightens scholars and students with a broad perspective on this complex phenomenon, understanding the intersectionality of the victims' features and its relation with the several push and pull factors that lead a human trafficking victim into vulnerability, resistance and resilience.

Maestro. Jean Baudrillard. The Last Prophet of Europe Dr. Oleg Maltsev, Jean Baudrillard is characterized as the "Last Prophet of Europe": not just because he was a prominent thinker, French philosopher and author of more than 50 works and essays that examine modern consumer society in depth. Events and phenomena described by Baudrillard in his works 20-30 years ago are taking place today. By means of his writings he described his view of the world and explained why people and society are the way they are. He "encrypted" in his works a system that allows for making accurate prognosis. There was no book until this that could have demonstrated the integral system of Baudrillard's philosophy. Baudrillard did not share it with anybody and did not describe it explicitly as a whole. Figuratively speaking, he deconstructed his system into "bricks" (his writings), then built a building out of them, numbered each brick, and dismantled the building and burned the schemes. In the book Baudrillard. Maestro. The Last Prophet of Europe, Oleg Maltsev thoroughly analyzes each brick and constructs Baudrillard's system presenting to readers for the first time a complete model, the tools used by Baudrillard and his philosophy. Throughout the 16 chapters of this book, the author looks into all kinds of subjects raised by Baudrillard with practical examples, among which the "masses", the "kingdom of the blind", the "silent majority", "perfect crime", European mysticism, the "symbolic system" and many other phenomena are examined from the viewpoint of the scholar. The author also shares his research results based on the philosophy and sociology of Baudrillard. Dr. Maltsev then examines Jean Baudrillard's works (some of which had been translated into Russian for the first time), his photographic pieces, and interviews people who personally knew Baudrillard, his critics and fellow researchers. This work is a practical book for modern people who want to have an objective view of the current state of affairs and take responsibility for their present and future. It provides an idea for the use of the philosophy, sociology, and radical anthropology of Baudrillard as the foundation of personal achievement, efficiency, and safety in such unstable and uncertain conditions of a constantly changing environment.

Eurafrican Migration Rino Coluccello, Simon Massey, 2016-04-29 Informed by witness testimonies, *Eurafrican Migration* details how the perilous journeys undertaken by irregular migrants are enabled by complex networks of guides during the Sahara phase, and explores the relationship between migrants and the criminal groups who arrange for them to be transported across the sea to southern Europe.

The Making of Modern Muslim Selves through Architecture Farhan S. Karim, Patricia Blessing, 2023-10-20 This collection seeks to explore alternative definitions of bounded identities, facilitating new approaches to spatial and architectural forms. Taking as its starting point the emergence of a new sense of 'boundary' emerged from the post-19th century dissolution of large, heterogeneous empires into a mosaic of nation-states in the Islamic world. This new sense of boundaries has not only determined the ways in which we imagine and construct the idea of modern citizenship, but also redefines relationships between the nation, citizenship, cities and architecture. It brings critical perspectives to our understanding of the interrelation between the accumulated flows and the evolving concepts of boundary in predominantly Muslim societies and within the global Muslim diaspora. Essays in this book seek to investigate how architecture mediates the creation and deployment of boundaries and boundedness that have been devised to define, enable, obstruct, accumulate and/or control flows able to disrupt bounded territories or identities. More generally, the book explores how architecture might be considered as a means to understand the relationship between flows and boundaries and its implication of defining modern self. The essays in this volume collectively address how the construction of self is primarily a spatial event and operated within the crucial nexus of power-knowledge-space. Contributors investigate how architecture mediates the creation and deployment of boundaries and boundedness, how architecture might be considered as a means to understand the relationship between flows and boundaries and its implications for

how we define the modern self. Part of the Critical Studies in Architecture of the Middle East series.

Feminism, Violence, and Representation in Modern Italy Giovanna Parmigiani, 2019-09-12 Can the way a word is used give legitimacy to a political movement? Feminism, Violence, and Representation in Modern Italy traces the use of the word femminicidio (or femicide) as a tool to mobilize Italian feminists, particularly the Union of Women in Italy (UDI). Based on nearly two years of fieldwork among feminist activists, Giovanna Parmigiani takes a broad look at the many ways in which violence inflects the lives of women in Italy. From unchallenged gendered grammar rules to the representation of women as victims, Parmigiani examines the devaluing of women's contribution to their communities through the words and experiences of the women she interviews. She describes the first uses of the word femminicidio as a political term used by and within feminist circles and traces its spread to ultimate legitimization and national relevance. The word redefined women as a political subject by building an imagined community of potentially violated women. In doing so, it challenged Italians to consider the status of women in Italian society, and to make this status a matter of public debate. It also problematized the connection between women and tropes of women as objects of suffering and victimhood. Parmigiani considers this exchange within the context of Italian Catholic heritage, a precarious economy, and long-held notions of honor and shame. Parmigiani provides a careful and searing consideration of the ways in which representations of violence and the politics of this representation are shaping the future of women in Italy and beyond.

Handbook of Terrorism and Counter Terrorism Post 9/11 David Martin Jones, Paul Schulte, Carl Ungerer, M.L.R. Smith, 2019-12-27 Almost two decades after the events of 9/11, this Handbook offers a comprehensive insight into the evolution and development of terrorism and insurgency since then. Gathering contributions from a broad range of perspectives, it both identifies new technological developments in terrorism and insurgency, and addresses the distinct state responses to the threat of political, or religiously motivated violence; not only in the Middle East and Europe, but also in Africa, South and Southeast Asia, and North and South America.

The Psychology of Political Behavior in a Time of Change Jan D. Sinnott, Joan S. Rabin, 2020-10-23 This volume seeks to add a unique perspective on the complex relationship between psychology and politics, focusing on three analytical points of view: 1) psychology, politics, and complex thought, 2) bio/psycho/social factors of masculinity and power, and 3) underlying factors in political behavior. Contributors examine recent political events worldwide through a psychological lens, using interdisciplinary approaches to seek a deeper understanding of contemporary political ideas, psychologies, and behaviors. Finally, the book offers suggestions for surviving and thriving during rapid political change. Among the topics discussed: Biopsychological factors of political beliefs and behaviors Understanding political polarization through a cognitive lens Impact of psychological processes on voter decision making Motivations for believing in conspiracy theories Nonverbal cues in leadership Authoritarian responses to social change The Psychology of Political Behavior in a Time of Change is a timely and insightful volume for students and researchers in psychology, political science, gender studies, business and marketing, and sociology, as well as those working in applied settings: practitioners, government workers, NGOs, corporate organizations.

Fake News Enrica Perucchiatti, 2018-03-05 Che cosa è cambiato nei decenni e come si sono evolute le tecniche del controllo sociale? In che modo il potere fabbrica il consenso e orienta le scelte dei cittadini? Come si inserisce in questo meccanismo l'attuale battaglia sulle fake news? Si sta cercando di introdurre il reato d'opinione e di censurare l'informazione indipendente? Che cos'è la post-verità? Dopo i successi di Governo Globale, La Fabbrica della Manipolazione e Unisex, Enrica Perucchiatti torna ad analizzare il rapporto tra i mezzi di comunicazione, il potere e le strategie del controllo sociale, mostrando come i primi a mentire all'opinione pubblica siano proprio i media mainstream. Riprendendo e aggiornando le tematiche portanti del capolavoro di George Orwell, 1984, l'autrice mostra come la battaglia contro le fake news intenda reprimere il dissenso e censurare l'informazione indipendente, introducendo - di fatto - lo psicoreato e impedendo alle persone non solo di esprimersi, ma persino di pensare. L'autrice: Enrica Perucchiatti è una scrittrice e giornalista italiana. Dopo una laurea con il massimo dei voti in Lettere e Filosofia e una specializzazione in Esoterismo, frequenta un corso di Redazione Editoriale e vince uno stage in una casa editrice. Autrice di articoli presso riviste sia web che cartacee, dopo essere stata una giornalista televisiva presso la rete locale RETE7 ha deciso di dedicarsi completamente alla scrittura. Collabora con la trasmissione televisiva Mistero. Oggi vive a Torino e rappresenta un volto noto

nel panorama settentrionale in qualità di presentatrice di programmi politici, sportivi e di attualità. Autrice di scottanti dossier, Enrica Perucchiatti è anche l'autrice della biografia non autorizzata di Matteo Renzi: Il Lato B. di Matteo Renzi. Con Arianna Editrice, Enrica Perucchiatti ha pubblicato i libri: Unisex, La Fabbrica della Manipolazione, Governo Globale, e con Uno Editori ha pubblicato: N.W.O. New World Order –L'altra faccia di Obama. Il fallimento del sogno americano, Le Origini Occulte della Musica Vol.1, 2 e 3.

ANNO 2021 LA CULTURA ED I MEDIA QUINTA PARTE ANTONIO GIANGRANDE, Antonio Giangrande, orgoglioso di essere diverso. ODIO OSTENTAZIONE ED IMPOSIZIONE. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italici. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Voci Nella Mente Daniele Cataldi,

Donne. Le diverse forme di violenza nel contesto internazionale Loredana Riccadonna, 2022-02-07 Le donne sono oggi più che mai vittime di minacce, violenze fisiche e sessuali perlopiù da parte di partner, ex partner, o altri uomini che fanno parte della loro vita. Questi episodi hanno registrato una crescita esponenziale nel corso del lockdown del 2020, e la modernità ha contribuito ad aggravare ancora di più la situazione, rendendo la violenza accessibile attraverso le comunicazioni e la tecnologia. La violenza di genere è un fenomeno ancora sommerso, poche sono le donne che denunciano o che cercano aiuto. Le conseguenze che queste violenze hanno sulle vittime sono deleterie, senza dimenticare che moltissime sono le donne che perdono la vita. Le cause alla base possono essere molteplici, e spesso la società fa leva su stereotipi che calcano ancora di più il divario tra l'uomo e la donna. *Donne. Le diverse forme di violenza nel contesto internazionale* è un saggio fondamentale nella nostra epoca, perché ci aiuta ad analizzare a fondo la situazione, a comprenderne la portata e a renderci più sensibili verso un problema che sta lacerando gli individui e la società, e che non possiamo più fare finta di non vedere.

Feminist Philosophy and Emerging Technologies Mary L. Edwards, S. Orestis Palermos, 2023-10-17 This volume explores urgent questions surrounding the bidirectional relationship between feminist philosophy and emerging technologies. It underlines the exigency of feminist philosophical reflections on the design, use, and understanding of emerging technologies and at the same time accentuates how emerging technologies can uniquely impact the shape of future feminist critique and intervention. While feminist philosophers have attended to problems posed by a few specific technologies that emerged in the previous century—especially reproductive technologies—broader philosophical questions concerning the challenges various new technologies present to feminism have yet to receive the sustained, critical attention they deserve. *Feminist Philosophy and Emerging Technologies* responds to this problem. It is divided into two sections. Section 1 provides theoretical considerations about the links between feminist philosophy and philosophy of technology (broadly construed) by developing—against the background of emerging technologies—methodological approaches and guidance for bringing those two fields of philosophical research together. Section 2 is dedicated to analyses of specific emerging technologies and user trends, their relation to extant structures of oppression, and to bringing to the fore various ways in which a feminist philosophy of technology can impact the design of current and future technologies. *Feminist Philosophy and Emerging Technologies* is an excellent resource for scholars and advanced students working in feminist philosophy, philosophy of technology, ethics, political philosophy, feminist theory, gender and cultural studies, and science and technology studies.
