

The Alhambrabasic Information

Alberto García Porras,Chloë N. Duckworth,David J. Govantes-Edwards

Tales of the Alhambra Washington Irving,2016-08-21 Rough draughts of some of the following tales and essays were actually written during a residence in the Alhambra; others were subsequently added, founded on notes and observations made there. Care was taken to maintain local coloring and verisimilitude; so that the whole might present a faithful and living picture of that microcosm, that singular little world into which I had been fortuitously thrown; and about which the external world had a very imperfect idea. It was my endeavor scrupulously to depict its half Spanish, half Oriental character; its mixture of the heroic, the poetic, and the grotesque; to revive the traces of grace and beauty fast fading from its walls; to record the regal and chivalrous traditions concerning those who once trod its courts; and the whimsical and superstitious legends of the motley race now burrowing among its ruins.

The Royal Workshops of the Alhambra Alberto García Porras,Chloë N. Duckworth,David J. Govantes-Edwards,2022 The Alhambra is one of the most famous archaeological sites worldwide, yet knowledge of it remains very partial, focussing on the medieval palaces. This book addresses that imbalance, examining the adjacent urban and industrial zone.The Alhambra is one of the most famous archaeological sites worldwide, yet knowledge of the complex remains very partial, focussing on its medieval Nasrid palaces. Other aspects of the site are virtually unknown, not only to the general public but to archaeologists and historians as well. The Royal Workshops of the Alhambra addresses this imbalance, examining the urban and industrial zone adjacent to the palaces. Once the most densely populated and extensive area of the complex, this zone, the Secano, contained houses, tanneries, and workshops including a considerable number of pyrotechnological facilities for the production of metal, glass and ceramic items. Presenting the results of the Royal Workshops of the Alhambra (UNESCO World Heritage Site) project, the book gives a much-needed insight into the industrial sector of the Alhambra. Crucially, the project focusses on the early modern era, when the manufacture of ceramic, glass and metal actually reached their peak. The opening chapters set the archaeological work and the Secano in context and discuss the methodology for archaeological investigation of pyrotechnological activity; while further chapters present the results of the research. Drawing on both traditional and ground-breaking survey and excavation techniques, the book provides an invaluable wide-lens picture of the palatial city.eeded insight into the industrial sector of the Alhambra. Crucially, the project focusses on the early modern era, when the manufacture of ceramic, glass and metal actually reached their peak. The opening chapters set the archaeological work and the Secano in context and discuss the methodology for archaeological investigation of pyrotechnological activity; while further chapters present the results of the research. A Magic Carpet Ride Gina Kingsley,2016-07-03 A Magic Carpet Ride is more than just a travel memoir. It is a story within a story about personal journeys as well as travel journeys. Of the many themes, the strongest is the author's rediscovery of her mother's spirit while traveling Mother Earth. A cosmic theme unfolds, as well as a theme of preparing for the empty nest. The first generation Greek American author describes what it is like to take her own children back to her ancestral homeland to discover the essence of their roots, much like the author did in her childhood trips to Greece. Over 20 countries are described in A Magic Carpet Ride, as well as an educational unit that the author and her three sons designed to build their own trip itineraries and research components. This book is about travel, history, love, pain, goals, fears, risk, adventure, humor, understanding, letting go and faith. Come take a magic carpet ride!

The Nasrid Kingdom of Granada between East and West ,2020-12-07 The Nasrid Kingdom of Granada (1232-1492) was the last Islamic state in al-Andalus. It has long been considered a historical afterthought, even an anomaly, but this impression must be rectified: here we place the kingdom in a new context, within the processes of change that were taking place across all Western Islamic societies in the late Middle Ages. Despite being the last Islamic entity in the Iberian Peninsula, Granada was neither isolated nor exclusively associated with the nearest Islamic lands. The special relationship between Nasrid territory and the surrounding Christian states accelerated historical processes of change. This volume edited by Adela Fábregas examines the Nasrid kingdom through its politics, society, economics, and culture. Contributors: Daniel Baloup, Bárbara Boloix-Gallardo, María Elena Díez Jorge, Adela Fábregas, Ángel Galán Sánchez, Alberto García Porras, Expiración García Sánchez, Raúl González Arévalo, Pierre Guichard, Antonio Malpica Cuello, Christine Mazzoli-Guintard, Rafael G. Peinado, Antonio Peláez Rovira, José Miguel Puerta Vilchez, María Dolores Rodríguez-Gómez, Juan Carlos Ruiz Souza, Roser Salicrú i Llach, Bilal Sarr, Francisco Vidal-Castro, Gerard Wiegers, Amalia Zomeño.

Tales of the Alhambra Washington Irving,2019-05-15 Upon his 1829 arrival in Granada, Spain, American author Washington Irving was immediately charmed by the city's beauty and picturesque qualities. While researching a book on the conquest of Granada, he gained access to the Alhambra Palace, which had fallen into disrepair after years of neglect. Irving became a guest at the ancient fortress, where he found himself in the company of several colorful inhabitants. During his sojourn, the writer became increasingly enamored of the grand palace and its wealth of history and folklore. The result is this captivating collection of essays, sketches, and tales. As Irving notes in his Preface, It was my endeavor scrupulously to depict its half Spanish, half Oriental character; its mixture of the heroic, the poetic, and the grotesque; to revive the traces of grace and beauty fast fading from its walls; to record the regal and chivalrous traditions concerning those who once trod its courts; and the whimsical and superstitious legends of the motley race now burrowing among its ruins. A must-read for modern-day visitors to the Alhambra, this edition presents a fascinating selection of Irving's observations and stories.

Reframing the Alhambra Olga Bush,2020-10-31 The Nasrid builders of the Alhambra â€” the best-preserved medieval Muslim palatial city â€” were so exacting that some of their work could not be fully explained until the invention of fractal geometry. Their design principles have been obscured, however, by the loss of all archival material. This book resolves that impasse by investigating the neglected, interdisciplinary contexts of medieval poetics and optics and through comparative study of Islamic court ceremonials. This reframing enables the reconstruction of the underlying, integrated aesthetic, focusing on the harmonious interrelationship between diverse artistic media â€”architecture, poetry and textiles â€” in the experience of the beholder, resulting in a new understanding of the Alhambra.

Reviewing **The Alhambrabasic Information**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing.
