But I do know that something awful is about to happen to my Jesus: they're going to arrest him tonight, and kill him. No one believes me; they think I'm crazy. So it's up to me to save him, hurrying down this dark path toward Gethsemane, toward the turning point of all history, the attempt to kill Jesus . . . toward the uncertainty of whether I can actually manage to change the future. The Day of Awakening Tony Titshall, 2010-05 *THE DAY OF AWAKENING* is a book of revelation and Self-discovery, challenging our misconceptions and inviting our self-inquiry. It deals with states of awakening to mystical consciousness and the true nature of

man. It speaks of the path of initiation and includes examples of the highs and lows of every man's earnest endeavor to accommodate and adjust to himself as he goes through the inevitable changes encountered on the way to Self-realization. But before we can proceed on the path of enlightenment, there are aspects of the spiritual life that need to be understood, facets of every righteous man's journey, about which he may entertain false concepts and universal beliefs, such as: this world, healing, supply, mind, and body. In this book, a Mystic's Manual, all these are dealt with, as well as aspects of belief that assail man: what is Law, the effects of karma, understanding the nature of God, error, and prayer; meditation, forgiveness, and the truth of Individual Being. It contains the wisdom of the ages in simple, contemporary parable, poetry, and illustration, interwoven with Scripture. Like a germinating seed breaching the confines and limitations of its shell, it is the Call of Awakening, leaving us ultimately with no choice but to respond to the irresistible unfoldment of Soul, whose revelations of the moment lead man to an understanding of the truth of his being and his oneness with God. Life then becomes an awareness of the Living Word and not just words, such that thereafter everything speaks.

"In order to fully live the one life we're given," Nepo writes, "we each must affirm how precious this one life is and open ourselves to loving whatever life puts before us. Whether that is suffering, pain, fear or loss, or surprise, beauty, love or wonder, we work to stay in touch with our hearts in order to make sense of our experience. As we learn when to try and when to let go, when to give our all and when to surrender and simply receive, we unfold the moments that reveal meaning and ready us for grace. This is

Awakening Loving-Kindness Pema Chödrön, 2017-09-05 Inspiration and encouragement for cultivating kindness—by embracing the joy, suffering, confusion, and brilliance of our everyday lives—from the author of *When Things Fall Apart* Do you want to be a more compassionate person, confident and unafraid to love yourself and the world around you unconditionally, but aren't sure how? We often look far and wide for guidance to become better people, as though the answers were somewhere out there. But Pema Chödrön suggests that the best and most direct teacher for awakening loving-kindness is in fact your very own life. Based on talks given during a one-month meditation retreat at Gampo Abbey, where Pema lives and teaches, her teachings here focus on learning how to see the events of our lives as the perfect material for learning to love ourselves and our world playfully and wholeheartedly—and to live in our skin fearlessly, without aggression, harshness, or shame. This is instruction for embarking on the greatest adventure of all, to come alive to your inherent human kindness. "Perhaps what makes Pema's message resonate so strongly with people, no matter what their religion or spiritual path, is its universality." —O, The Oprah Magazine

The Age of Awakening Amit Kapoor, 2019-01-23 Indian leaders at the time of Independence had their tasks cut out. The nation

that was marred by an ugly Partition, had to be prevented from coming apart at the seams. A Constitution had to be framed for a complex society. An election system had to be designed for an electorate that was mostly illiterate. An economic policy had to be shaped for a widely impoverished population. Among these aspects, the success of India's economic policy has been debatable. The economic path that India chose at that time is often questioned and criticised. It led to lacklustre growth outcomes which eventually ended in a full-blown crisis in 1991. Since then India has shifted gears. The economy has become more welcoming of the outside world and grown at a pace that has never been witnessed in its history. But why did India make these choices? What was the role of our political leaders? Where did they falter and where did they succeed? The Age of Awakening tells India's economic story since the country gained independence. It unfolds a tale of titanic figures, colossal failures, triumphant breakthroughs and great moral shortcomings. Weaving together vivid history and economic analysis, this book makes for a gripping narrative.
