For about five thousand dollars, you can drive a top-of-the-line flagship luxury car that is classier, faster, and more comfortable than most brand new cars. This book is an in-depth guide to: Why used luxury cars are underpriced (the Uncle Howard effect) Why you shouldn't buy a used luxury car from the corner car lot Why you shouldn't spank yourself for wanting a luxury car Which used luxury cars are the best deals and which ones you must avoid just as assiduously as you'd avoid making eye contact with a clown What years, configurations, and options to choose on each car What specific pitfalls to avoid with each recommended car How to get parts and labor for a reasonable price, without compromising your sexual morals How to love life because you're driving an amazing luxury car and you paid only \$5,000 for it Doris bought her first used luxury car when she was still in high school, and has been obsessing over buying and selling used luxury cars since then. She loves cars, she loves bargains, and she loves helping people save money on car ownership. This book combines all three of her interests.

The Job Search Navigator Matt Durfee,2015-12-21 "A no-holds-barred view of career management in a turbulent world . . . provides a reality-based perspective that should be of value to all who read [it]." —Len Schlesinger, president emeritus at Babson College, Baker Foundation professor, Harvard Business School In these uncertain times, The Job Search Navigator is a reliable guide to every step of the twenty-first-century job hunt, whether readers are laid off, wanting to change careers after surviving cutbacks, or seeking a better full-time gig in a stagnant marketplace. Author Matt Durfee writes from the perspective of someone who has both recruited for some of America's biggest companies and navigated his way through nine of his own job losses. The book combines practical real-world perspectives with the technical knowledge job seekers need in order to excel at every aspect of their searches. Drawing on the knowledge Durfee accumulated through his own experiences, searches, and big-brand corporate hiring responsibilities, The Job Search Navigator abandons the "clinical approach" of many other career-advice books. Instead, Durfee gives easy-to-follow strategies and, perhaps more importantly, recounts in illuminating detail the kinds of mistakes that led him to develop these strategies. "From the strategic to the emotional to the tactical—this is one of the most practical and useful books on career management I've read in a very, very long time." —L. Kevin Cox, chief human resources officer, American Express Company "Matt's expertise in this space is unmatched. We live in a world where constant reinvention is the rule and The Job Search Navigator is essential reading for those who want to take control of their career trajectory." —Scott Westerman, executive director & associate vice president for alumni relations, Michigan State University
