A Good Mother Sam Hepburn, 2021-05-26 I see my son's scooter lying in the undergrowth. Time stands still. Where is he? Deafened by my own heartbeat, I keep looking but I can't see him. This is all my fault. My punishment for the things I did, and the things I should have done. All I ever wanted was to keep my son

safe. I married the perfect husband, built the perfect home. I've tried to give Finn the life I never had. Everything was going so well. Until now. It's just small things at first – a punctured tyre, an open gate that I'm sure I locked. But then I see the photograph of two young girls, and a night I've tried to forget. I know I have to stop pretending that nothing is happening. I can't escape the truth. Someone knows my secret. But what do they want from me?

Bobblehead Dad Jim Higley, 2011 This is an inspirational account of a typical dad's extraordinary journey through several forgotten life lessons -- and the discovery of one life-changing gift. Jim Higley was a forty-year-old bobblehead. Just like those collectible figurines -- with an oversized head on a bouncy spring -- he had put on a smiling face and bobble through his hectic, overflowing days. Higley's bobbling comes to a screeching halt with the diagnosis of cancer and a summer of healing. But this is not only a cancer story. This book gives the reader a front row seat in the author's discovery of illuminating parallels between the events of his childhood and adulthood, as he delves into his family history with rich, vivid detail. Through humorous and poignant memories, *Bobblehead Dad* unwraps lessons from the past -- revealing meaning in simple moments and the people who fill them -- including the surprise discovery of Higley's most important lesson, quietly waiting for over thirty years. Written in an informal but eloquent voice, the book keeps readers laughing, crying and -- most importantly -- thinking about their own life journey. Higley's distinctive storytelling rhythm, combined with a knack for handling heavy topics with an embraceable voice, quickly draws readers into his experiences -- while launching them on their own journey of self-discovery and reflection.

Marooned in Realtime Vernor Vinge, 2004-10-01 Multiple Hugo Award winner Vernor Vinge takes readers on a fifty-million-year trip to a future where humanity's fate will be decided in a dangerous game of high-tech survival. In this taut thriller, a Hugo finalist for Best Novel, nobody knows why there are only three hundred humans left alive on the Earth fifty million years from now. Opinion is fiercely divided on whether to settle in and plant the seed of mankind anew, or to continue using high-energy stasis fields, or bobbles, in venturing into the future. When somebody is murdered, it's obvious someone has a secret he or she is willing to kill to preserve. The murder intensifies the rift between the two factions, threatening the survival of the human race. It's up to 21st century detective Wil Brierson, the only cop left in the world, to find the culprit, a diabolical fiend whose lust for power could cause the utter extinction of man. Filled with excitement and adventure, Vinge's tense SF puzzler will satisfy readers with its sense of wonder and engaging characters, one of whom is a murderer with a unique *modus operandi*. How to Treat People: A Nurse's Notes Molly

Case, 2019-09-10 A fascinating and poignant memoir of the body and its care, told through the experiences of a young nurse. As a teenager, Molly Case underwent an operation that saved her life. Nearly a decade later, she finds herself in the operating room again—this time as a trainee nurse. She learns to care for her patients, sharing not only their pain, but also life-affirming moments of hope. In doing so, she offers a compelling account of the processes that keep them alive, from respiratory examinations to surgical prep, and of the extraordinary moments of human connection that sustain both nurse and patient. In rich, lyrical prose, Case illustrates the intricacies of the human condition through the hand of a stranger offered in solace, a gentle word in

response to fear and anger, or the witnessing of a person's last breaths. It is these moments of empathy, in the extremis of human experience, that define us as people. But when Molly's father is admitted to the cardiac unit where she works, the professional and the personal suddenly collide. Weaving together medical history, art, memoir, and science, *How to Treat People beautifully* explores the oscillating rhythms of life and death in a tender reminder that we can all find meaning in being, even for a moment, part of the lives of others.

The Peace War Vernor Vinge, 2007-04-01 First in a quintessential hard-science fiction adventure, Hugo Award-winning author Vernor Vinge's *The Peace War* follows a scientist determined to put an end to the militarization of his greatest invention--and of the government behind it. The Peace Authority conquered the world with a weapon that never should have been a weapon--the bobble, a spherical force-field impenetrable by any force known to mankind. Encasing governmental installations and military bases in bobbles, the Authority becomes virtually omnipotent. But they've never caught Paul Hoehler, the maverick who invented the technology, and who has been working quietly for decades to develop a way to defeat the Authority. summer; you're in charge. She could only stare. You can't be serious. The minister was. Before she could think or count to ten Tricia is THE SUMMER MINISTER IN FRISCO, COLORADO...to preach each Sunday, to coordinate all church activities and handle any surprise events. They know she has solved murders before. She'd rather put on a fishing hat but it doesn't happen enough. Soon discovers no suicide but a double-murder. Tricia has hunches but they are a cul-de-sac, leading in circles. When the who murdered this couple is learned, down deep Tricia isn't sure.
