

The Escrow Firm

Sandy Gadow

Going Into Escrow V. R. Oltmanns, 2000-08 The use of escrows to process real estate transactions is a method sweeping the country. Yet few buyers and sellers (and borrowers) are familiar with the procedure and less familiar with what they can expect - and with what they cannot expect. Going Into Escrow explains what you should bring to the escrow agent, what you can expect that agent to do for you, what regulations pertain to escrow agents mandating what they must accomplish as well as what they may be prohibited by law from doing. For the person entering escrow, this book will give an insight and advance knowledge as to your relationship with the escrow agent and other agents involved, such as attorneys, lenders, brokers and governmental agencies. It will explain what information you should obtain and what decisions you should make prior to going into escrow. It provides examples on how to take title, what documents (deeds, mortgages, etc.) should and should not contain, what property insurance you may have to obtain, and what protection you can expect from title insurance. Going Into Escrow discusses what disclosures a seller must make to a buyer and how this is done. It points out legal requirements, defaults, damages and what occurs if one party dies or becomes incompetent during escrow. The risk of loss is detailed if one takes possession prior to completion of the transaction and how you can protect yourself from such loss. Legal relationships are matters to be considered throughout the escrow process. What does one do about multiple contracts, conflicting demands made by the other party, performance under the escrow instructions, unrecorded liens, and possible cancellations? These are reviewed in detail, and suggestions made as to seeking professional help when desirable. A review of the instructions you give to the escrow agent is made in extensive form, furnishing a sample set of escrow instructions which you can expect in a normal situation. How will you take title, obtaining a description of the property you are buying or selling, what title protection should you request? The escrow agent will ask you about taxes to be paid or to remain as a lien on the property, what other liens are to be paid off or remain, if the buyer is giving a promissory note to the seller or to a corporate lender. Other questions will arise: is the property leased, how are taxes, insurance premiums and payments to an existing lender to be adjusted, how are you to comply with requirements of the Foreign Tax Act (FIRPTA). Going Into Escrow also discusses real property exchanges involving the Internal Revenue Code. Basically for investments, the matters of structuring the exchange is discussed, as well as gain - basis, like kind, boot and intermediaries. Promissory notes are reviewed in detail, including negotiability, usury, defaults and offsets. A sample note form is presented. Other documents are similarly reviewed: deeds, mortgages and deeds of trust, bills of sale, etc., together with signatures and acknowledgments. A sample escrow transaction is produced including escrow instructions, documents, preliminary title report and closing financial statement. In short, Going Into Escrow will give you the knowledge and background which will instill a greater understanding and confidence leading to a more successful consummation of your real estate contract and protection of your legal rights.

The Complete Guide to Your Real Estate Closing Sandy Gadow, 2002-08-21 A PAPERBACK ORIGINAL The first simple guide to understanding the real estate closing process Closing and escrow are among the most important and least understood components of a real estate transaction. The Complete Guide to Your Real Estate Closing takes the mystery out of the confusing, expensive process by giving real estate professionals, investors, and consumers a step-by-step explanation. In simple, everyday language, the book explains closing documents and paperwork, what to do when something goes wrong, mortgage options, how to save money on title insurance, problems that can occur on a title report, and much more. With sample forms, work sheets, and more, this sophisticated but accessible book covers: Insider tips on how to save money from a closing professional Who does what: the real estate agent, lender, title company, closing officer, attorney State-specific information for all 50 states

You'll learn from people who have done it--not just ideas, but stuff that works in the real world. --Ron Willingham, author of The Inner Game of Selling and Integrity Selling for the 21st Century

Financial Exposure Elise J. Bean, 2018-08-07 At a time when Congressional investigations have taken on added importance and urgency in American politics, this book offers readers a rare, insider's portrait of the world of US Congressional oversight. It examines specific oversight investigations into multiple financial and offshore tax

scandals over fifteen years, from 1999 to 2014, when Senator Levin served in a leadership role on the US Senate Permanent Subcommittee on Investigations (PSI), the Senate’s premier investigative body. Despite mounting levels of partisanship, dysfunction, and cynicism swirling through Congress during those years, this book describes how Congressional oversight investigations can be a powerful tool for uncovering facts, building bipartisan consensus, and fostering change, offering detailed case histories as proof. Grounded in fact, and written as only an insider could tell it, this book will be of interest to financial and tax practitioners, policymakers, academics, students, and the general public.
