**The Fairy Tale Story of Princess Lala Sultana** Osanna Rosa,2016-08-01 The Fairy Tale Story of Princess Lala Sultana is inspirational to all young children! The story is about one young girl's curiosity about her situation and how she is recognizing the differences between herself and the palace observers below from her palace balcony. This distance observation she was wondering about! The emotional effects of the story are based on the desire and curiosity of the princess to understand why there are differences? Lala Sultana realizes that she is separated from others. She explores the reasons and asks her parents why? She herself opens a dialogue to learn what are the reasons for her to be where she is in the palace and never been with the others outside the palace! Princess Lala Sultana wanted to explore and follow her own instinct to find what she was wondering about the outside. She needed to learn and explore her curiosity. Even though the princess was told by her parents that she needs the protection to prevent things from happening in the future and the controlling of the events of one's life was not too convincing for her to hear. The fairy tale story of Princess Lala Sultana is a witty, fantasy and imaginative fairy tale story for the exploring and the imaginative mind of the young child. It is a children's picture book that shares the feelings and thoughts of a young girl. The story book emphasizes the curiosity of the princess to understand why she is different than the rest of the people that she has been observing. The story gives children the opportunity to learn about their strengths. Children best learn when they are involved in the learning process. For this to happen, helping, guiding and facilitating the possibilities for the child is essential for the unfolding of their potentials. The story is whimsical! It is a fairy tale after all. A tale that incorporates imaginative characters far away lands and adventures! It is informative and educational. It is a fairy tale that has a witty fanciful effect on the children's emotions with many fanciful elements that is acceptable and parallel with reality. The story is artful and adaptable to allow the child to adapt and have distinctions of its genre by the sense of her/his imagination. The information is drawn and presented based on knowledge and learning processes that are relevant to children's mind and development. Children learn while they are directly involved and children are the bright future and the hope of human kind. Listening to one child's story helps her/him to overcome any concerns. Children's artful adaptation of the real life experiences through a fanciful and sophisticated fairy tale allows the playful inner adventure for the young child to explore. The purpose of this story is to amuse the young mind. It has a sense of excitement and exploration. It allows the child's imagination to wonder with great sense of freedom with a great wonder what will happen next!
