The Boy in the Striped Pyjamas John Boyne,2012-08-02 Discover an extraordinary tale of innocence, friendship and the horrors of war. 'Some things are just sitting there, minding their own business, waiting to be discovered. Like America. And other things are probably better off left alone' Nine-year-old Bruno has a lot of things on his mind. Who is the 'Fury'? Why did he make them leave their nice home in Berlin to go to 'Out-With' ? And who are all the sad people in striped pyjamas on the other side of the fence? The grown-ups won't explain so Bruno decides there is only one thing for it - he will have to explore this place alone. What he discovers is a new friend. A boy with the very same birthday. A boy in striped pyjamas. But why can't they ever play together? 'A small wonder of a book' Guardian BACKSTORY: Read an interview with the author JOHN BOYNE and learn all about the Second World War in Germany.

Sanctuary Paola Mendoza,Abby Sher,2020-09-01 Co-founder of the Women's March makes her YA debut in a near future dystopian where a young girl and her brother must escape a xenophobic government to find sanctuary. It's 2032, and in this near-future America, all citizens are chipped and everyone is tracked--from buses to grocery stores. It's almost impossible to survive as an

undocumented immigrant, but that's exactly what sixteen-year-old Vali is doing. She and her family have carved out a stable, happy life in small-town Vermont, but when Vali's mother's counterfeit chip starts malfunctioning and the Deportation Forces raid their town, they are forced to flee. Now on the run, Vali and her family are desperately trying to make it to her tía Luna's in California, a sanctuary state that is currently being walled off from the rest of the country. But when Vali's mother is detained before their journey even really begins, Vali must carry on with her younger brother across the country to make it to safety before it's too late. Gripping and urgent, co-authors Paola Mendoza and Abby Sher have crafted a narrative that is as haunting as it is hopeful in envisioning a future where everyone can find sanctuary.

Fence #12 C.S. Pacat, 2018-12-12 Tryouts are coming to a close, and the three available spots on the Kings Row fencing team are almost all locked up. It's just a question of whether or not Nicholas can push through and earn a spot for himself—or if he'll have to leave Kings Row altogether.

Wildflowers Robert Noonan, 2011-07-28 *Wildflowers*, is a riveting tale that deftly portrays everyday life in a small American mill town and the abuse of child laborers at the end of the nineteenth century. Eleven-year-old Hillary Cook works six days a week at the Alton Textile Mill. On Sunday afternoons, she and her two friends pick flowers, dream and play pretend in the nearby countryside. The girls pledge to be friends for eternity and call themselves wildflowers. In this difficult world, innocent children are forced to operate dangerous machinery at the mill and even darker abuses are committed against them. Mill owner Frank Dragus has young girls sent to his office for whatever he pleases—and he is interested in Hillary. When tragedy befalls Hillary and her mother, Hillary is forced into a situation that may have disastrous consequences. From busy factory floors and bustling portside pubs to tragedy, murder, and intrigue, *Wildflowers* integrates the nostalgia of

historical fiction with the wit of modern-day drama.

But as June realizes this Elector is nothing like his father, she's haunted by the choice ahead. What if Anden is a new beginning? What if revolution must be more than loss and vengeance, anger and blood—what if the Patriots are wrong? This Is Your Mind on Plants Michael Pollan, 2021-07-06 The instant New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of the Year “Expert storytelling . . . [Pollan] masterfully elevates a series of big questions about drugs, plants and humans that are likely to leave readers thinking in new ways.” —New York Times Book Review From #1 New York Times bestselling author Michael Pollan, a radical challenge to how we think about drugs, and an exploration into the powerful human attraction to psychoactive plants—and the equally powerful taboos. Of all the things humans rely on plants for—sustenance, beauty, medicine, fragrance, flavor, fiber—surely the most curious is our use of them to change consciousness: to stimulate or calm, fiddle with or completely alter, the qualities of our mental experience. Take coffee and tea: People around the world rely on caffeine to sharpen their minds. But we do not usually think of caffeine as a drug, or our daily

use as an addiction, because it is legal and socially acceptable. So, then, what is a “drug”? And why, for example, is making tea from the leaves of a tea plant acceptable, but making tea from a seed head of an opium poppy a federal crime? In *This Is Your Mind on Plants*, Michael Pollan dives deep into three plant drugs—opium, caffeine, and mescaline—and throws the fundamental strangeness, and arbitrariness, of our thinking about them into sharp relief. Exploring and participating in the cultures that have grown up around these drugs while consuming (or, in the case of caffeine, trying not to consume) them, Pollan reckons with the powerful human attraction to psychoactive plants. Why do we go to such great lengths to seek these shifts in consciousness, and then why do we fence that universal desire with laws and customs and fraught feelings? In this unique blend of history, science, and memoir, as well as participatory journalism, Pollan examines and experiences these plants from several very different angles and contexts, and shines a fresh light on a subject that is all too often treated reductively—as a drug, whether licit or illicit. But that is one of the least interesting things you can say about these plants, Pollan shows, for when we take them into our bodies and let them change our minds, we are engaging with nature in one of the most profound ways we can. Based in part on an essay published almost twenty-five years ago, this groundbreaking and singular consideration of psychoactive plants, and our attraction to them through time, holds up a mirror to our fundamental human needs and aspirations, the operations of our minds, and our entanglement with the natural world.

Death at La Fenice Donna Leon, 2012-04-20 A conductor succumbs to cyanide at the famed Venice opera house, in the first mystery in the New York Times–bestselling, award-winning series. During intermission at the famed La Fenice opera house in Venice, Italy, a notoriously difficult and widely disliked German conductor is poisoned—and suspects abound. Guido Brunetti, a native

Venetian, sets out to unravel the mystery behind the high-profile murder. To do so, he calls on his knowledge of Venice, its culture, and its dirty politics. Along the way, he finds the crime may have roots going back decades—and that revenge, corruption, and even Italian cuisine may play a role. “One of the most exquisite and subtle detective series ever.” —The Washington Post “A brilliant writer . . . an immensely likable police detective who takes every murder to heart.” —The New York Times Book Review

Memories of Ice Steven Erikson, 2006-08 A third volume of the fantasy epic that began with *Gardens of the Moon* finds the uneasy alliance between Onearm's army and Whiskeyjack's Bridgeburners against the Pannion Domin empire further challenged by rumors that the Crippled God has escaped and is out for revenge. The Treasure Keeper Shana Abé, 2010-04-27 She is a young drákon of untried powers. He is the powerful second son of the Alpha male from their clan of shapeshifting, supersensual beings. And what she is about to attempt will violate every taboo and break every law that bind the drákon together—and just may save them from destruction. A mere seamstress's daughter, Zoe Cyprienne Lane isn't even in the same league as Lord Rhys Langford. Nothing could be more shocking than the notion that she'd set out to find her childhood friend and first true love. But when news arrives in the Carpathian Mountains of Transylvania that Rhys is being held captive, that's just what she does. Guided by her own hidden Gifts and her psychic link to Rhys—his presence and touch as electric as if he were beside her in the flesh—Zoe is his last lifeline to a world and a passion he thought he'd never regain. Only reunited, hunter and huntress, can they save the drákon from those who would destroy them all.

Wanderlust Rebecca Solnit, 2001-06-01 A passionate, thought-provoking exploration of walking as

a political and cultural activity, from the author of Orwell's *Roses* Drawing together many histories--of anatomical evolution and city design, of treadmills and labyrinths, of walking clubs and sexual mores--Rebecca Solnit creates a fascinating portrait of the range of possibilities presented by walking. Arguing that the history of walking includes walking for pleasure as well as for political, aesthetic, and social meaning, Solnit focuses on the walkers whose everyday and extreme acts have shaped our culture, from philosophers to poets to mountaineers. She profiles some of the most significant walkers in history and fiction--from Wordsworth to Gary Snyder, from Jane Austen's Elizabeth Bennet to Andre Breton's Nadja--finding a profound relationship between walking and thinking and walking and culture. Solnit argues for the necessity of preserving the time and space in which to walk in our ever more car-dependent and accelerated world.

Dune Messiah Frank Herbert, 2020-07-07 Book Two in the Magnificent Dune Chronicles—the Bestselling Science Fiction Adventure of All Time *Dune Messiah* continues the story of Paul Atrides, better known—and feared—as the man christened Muad'Dib. Worshipped as a religious icon by the fanatical Fremen, Paul faces the enmity of the political houses he displaced when he assumed the throne—and a conspiracy conducted within his own sphere of influence. And even as House Atrides begins to crumble around him from the machinations of his enemies, the true threat to Paul comes to his lover, Chani, and the unborn heir to his family's dynasty...
