The Fool's Journey through the Tarot Major Arcana Noel Eastwood, 2017-02-20 Have you ever wanted to know more about the relationship between the Fool and the Tarot Major Arcana cards? If the answer is 'YES' then this book will enlighten and inspire you. In the tradition of The Alchemist, Jonathan Livingston Seagull and The Wizard of Earthsea... Originally written for Tarot practitioners, The Fool’s Journey through the Tarot Major Arcana has also found a wider audience amongst those committed to personal growth. This extensively edited 3rd Edition 2018 focuses on Follin’s journey on the mystic’s path to knowledge through his direct experience with each of the major Arcana archetypes. His experiences speak to The Fool in all of us as we make our own way through life, growing in maturity, wisdom and, ultimately, self acceptance. Follin’s encounters with the Tarot archetypes not only illuminate the Major Arcana cards but tap into archetypal energies relevant today. This is also available as an audiobook, beautifully narrated by professional voice actor, Jonathan Johns, you'll love him. This is book 1 of the Fool's Journey series. You can follow Follin on his journey through the Minor Arcana: The Fool's Journey Through the Pentacles - book 2 The Fool's Journey Through the Swords - book 3 The Fool's Journey Through the Cups - book 4 The Fool's Journey Through the Wands - book 5 Reviews Amazing journey! By far one of my favorites, the narrator voice had me fully engaged into the story. Definitely a must have. J I really enjoyed this audiobook, and I really wish that the others in the series of the Fool's Journey were also available in audio format. LM Wonderful Fairytale version of the Major Arcana. Great listen with the kids, enjoyable &

inspiring. Informative on a simple level with a great intro & quote for each card. MT I thoroughly enjoyed listening to this book today. The narration is excellent and the content is amazing. It takes you to a deeper understanding of the Major Arcana. I highly recommend this book no matter how experienced or inexperienced a Tarot reader you are! LY I am so glad this was available as an audiobook, it took the story to a whole other level. I really enjoyed the narration & will definitely listen more than once to really tap into the journey as my own. Thank you to the author & narrator. S Very insightful audiobook! Gives you a better understanding of the meaning of the fool in the tarot! ACF Thank you for your wonderful books. I'm just finishing the Major Arcana and I'm a convert. Will be purchasing all in the series. Much appreciated. JG In October of 2009 Carl Jung's Red Book was released for the first time. Chronicling the great psychoanalyst's venture into his own subconscious, revealing fractal universes and personifications of unconscious material. A whole new world of it's own. One that is not unlike the universal symbology embodied in the Major Arcana of the Tarot. Noel Eastwood's delightful book, The Fool's Journey through the Tarot Major Arcana, is unlike any other tool for learning about this centuries old symbology and how it can be meditated upon, and used to relate to the workings of our daily lives, and our own subconscious. It is a free-flowing, progressive adventure of the Fool through all of the other cards. Taking the simple Spirit he was conceived with, the Fool advances as he encounters each force and personality. A true Hero's Journey, and one that every spiritual adventurer will love and recognize. The story sucked me in, and only spat me out at the end. I recommend this series as a companion to the works of Carl Jung, Anna Wise, Joseph Campbell, Paul Foster Case, J. Nigro Sansonese, and my own. FK I've read many of Noel's books on Astrology and tarot. I'm always amazed at how easily his writings lend themselves to being transformative to readers at any point along the Tao. His writings present the reader with a systematic approach to psychological and spiritual growth little matched in understanding and ease of use, than by other writers I can think of. If you are looking for a place to begin or enrich your journey, I'd recommend you follow the Fool in his journey through the Tarot. MR What a wonderful way to bring an easy and deep understanding of the major arcana. This book was enlightening and entertaining from start to finish. I'm definitely not a tarot student, or teacher. Far from it. But this book makes me want to learn. A whole new world has opened up for me. It's an odd feeling having epiphanies as I read, but that happened. Beautifully written and drawn, The Fool's Journey is a keeper! KM This easy to understand text is not in any way simplistic; it's filled with deep meaning. This book will assist in your inward journey. Use it along with meditation to reach a better understanding of yourself and others. MR I really loved this book, I will be buying book 2 and 3 of this series for sure. As I was reading it helped me to reflect on my life and when I've been at each card and gave a lot of deeper meanings and shed some light on some of the cards I don't love to see when pulling for myself. not only that it truly kept me captivated and interested to see how Follin felt after getting to the world. Can't wait for his journey through the pentacles. C A magical journey through the tarot! Delightful to read - also, makes the tarot cards easier to learn/remember. I highly recommend this series - whether you are a beginner or advanced tarot reader. AC I really liked this story. I really brought to life the major arcana and I think when I pull my cards this narrative will make me smile as I reflect. I am very much looking forward to the other stories in the Kingdom of Tarot. MK I really enjoyed listening to this audiobook, for me it is insightfull and inspiring, I am using it as a personal leaning aid as I commence my own fools journey, it's powerful and gifted narrative suits my own particular learning style, it also helps give my journey perspective and a sturdy framework, like the tarot. BC I have just finished reading this marvelous introduction to the Major Arcana as I followed Follin (The Fool) on his journey through the Tarot Empire. Noel takes a unique (at least to me) method to teaching the meanings of The Major Arcana cards by weaving together an interesting story about a journey taken by Follin. I have always had a rudimentary understanding of the Tarot (mostly through my profession), but thanks to this well told story I have come to see more to the cards then I had imagined existed. I found myself relating to Follin's journey on several levels (which was quite a revelation). Each story unveils new revelations about life to Follin at the same time explaining (in easy to understand prose, much like the use of parables) the

meanings to each card. Each card has its own specific meaning and yet Noel manages to blend them all together into a seamless story. The cards all have interesting contributions to the journey, my favorite cards were Death, The Hierophant and The Hermit. All in all, from beginning to end I enjoyed this very much and would recommend this read to those who enjoy a good read and/or have an interest in Tarot Major Arcana cards. RD 'Greetings. I just finished the Swords book on Follin's quest. If you have a release date for the Cups volume, I'll be more than happy to buy a copy as soon as it hits Amazon kindle. Thank you for writing such tales, they have really helped me understand tarot better. I've been really trying to grasp the essence of Tarot for a few years because I plan to set up office and offer paid readings. And this is not an exaggeration, your books are just what many of us need, as we're usually people that can relate to Follin's struggle... I know for sure because I can actually feel it. Thank you for the awesome gift and the inspiration. You'll hear back from me when I get my much overdue success, and I'll make sure to honor your work through my own, and thanks again for bringing Follin to life.' AM I am really looking forward to the Cups book. I've listened to the Fools Journey 5 times, its starting to sink in very well. You are an amazingly gifted writer to have come up with this story and have given the tarot a voice words cannot describe my admiration. I am so grateful you crossed my path to help me understand these complex subjects, thank you. Tarot for Christians Wynn Wagner, 2012-05-01 FULL COLOR. The main character of tarot's first card is The Fool, and Tarot for Christians is the adventure of that innocent wanderer. THE FOOL is a simple traveler through the deck, growing and learning, experiencing and living. The author — a retired archbishop of the Old Catholic Church — brings his knowledge of metaphysics and traditional symbolism to these misunderstood “flash cards.” Each of the major cards in the deck is a station on the Fool's journey. The archbishop explains his take on each of the major cards with humor and eager anticipation of the wisdom to be found in the images. The Fool's adventure is a meditation on life, not an attempt to peer into the future. It is a lesson for today, not tomorrow. Tarot for Christians is the loving and personal journey of Christ's vagabond, and he wants us all to join him.

The Wandering Fool Valentin Tomberg, Robert Powell, 2009 In 1982 there appeared a remarkable book, written by an author who wished to remain anonymous, entitled *Meditations on the Tarot: A Journey into Christian Hermeticism*. This book was destined to become a spiritual classic of the twentieth century. Distinguished scholar Antoine Faivre called it the most beautiful and instructive book of the twentieth century concerning western esotericism. Father Bede Griffiths said to me it is the last word in wisdom. Trappist Abbot Basil Pennington wrote it is such a rich collection

of wisdom drawn from such a staggering number of diverse sources that it leaves the mind almost reeling. Besides the Bible we find the Upanishads, the Cabbala, the Hermeticists, and men as diverse as Origen and Chardin, Plato and Bergson, Jung and John of the Cross, Kierkegaard and Nietzsche. It is without doubt the most extraordinary work I have ever read. And Cardinal Hans Urs von Balthasar described the author as a thinking, praying Christian of unmistakable purity. Students of Meditations on the Tarot now have cause for celebration, for in 2007 a collection of the author's notes was published - preliminary studies of the images of the Tarot cards, illustrating the method he followed. This methodology is now revealed for the first time in English translation through the inclusion of material published in Part Two of this volume. Unfortunately, the notes cover only the last nine Arcana, from XIV to XXII, the notes to the first thirteen Arcana having gone missing. Part One comprises three lectures held by Robert Powell, the translator of Meditations on the Tarot into English from the original French manuscript. These lectures, held in California in 2006, 2007, and 2008, were delivered to an audience of friends of Christian Hermeticism, who gather every year to converse and share concerning the path of Christian Hermeticism. The second lecture, in particular, serves as an introduction to Part II. Also included is additional background material from the Luxembourg (Kairos) and German (Achamoth) editions.

The Fools Journey Alan Jones, 2016-11-12 Of all the oracle systems in use today, Tarot is arguably one of the better known. 78 Cards - 22 images which could be said to describe a journey through life and a further 56 which add people and textures to the main chapters of that adventure. As someone who has been exploring the Tarot for several decades, I can honestly say that it one of the most visually poetic embodiments of esoteric teachings available to the student of the arcane. It is frequently misrepresented as simply an oracle and given an esoteric history which is firmly in the realms of the fairy tale but when understood it is a symbolic initiatory system which opens a doorway to spiritual exploration. This book represents a way of taking a journey of self-discovery and in the process developing intuition and genuine insight.

The Fool's Excellent Adventure Susan Rhodes, 2017-11 The Fool's Excellent Adventure: A Hero's Journey through the Enneagram and Tarot is the first book to explore the relationship between two great systems: the tarot and the enneagram. The tarot provides us with images that can spark our creative imagination. The enneagram allows us to access the gifts of the nine personality types. Used together, they help us to re-imagine the world as a place of magical significance in which each of us has a unique role to play and a unique purpose to accomplish. The hero's journey depicted here is based on Joseph Campbell's mythic vision and Carl Jung's transformational approach to psychology. Two decades ago, in his book Tarot and the Journey of the Hero, Hajo Banzhaf used the hero's journey to develop a tarot model describing the symbolic role of the 21 cards in the major arcana. He depicted the first nine cards as the Arc of the Day (nine archetypal approaches to life), the second nine as the Arc of the Night (nine challenges associated with shadow work), and last three as the Goal state (representing the reconciliation of the opposites within our nature). There is one card left over: The Fool. This card depicts each of us as we move through life, never sure of what we'll find around the next bend! Using Pythagorean number symbolism, it's possible to match up the nine enneagram types with the nine paths envisioned by Banzhaf. The only thing missing is a complete Arc of the Goal (one with nine cards instead of three. This book shows what a complete Arc might look like by adding six new archetypal images, thus creating 27-card symbolic tarot. Such an enneagram-informed model allows the traditional symbolism of the tarot to be informed by the relational wisdom of the enneagram. You don't need to know the tarot or enneagram to use this book. The Fool's Excellent Adventure is intended for anyone with an interest in the tarot, the enneagram, or adventurous self-discovery. Additional topics: Discovering your Enneagram Type; Using the Enneagram in Tarot Divination; Using the Tarot to Re-discover the Enneagram; Enneagram-based Tarot Spreads; The Minor Arcana and the Enneagram; Applying the 27-Card Model with a Conventional Tarot Deck; The Transformational Implications of The Fool's Quantum Zero; The Animating Spirit of Hermetic Philosophy; The Role of the Enneagram in the Western Mystery Tradition; The Relationship between the Tarot,

Enneagram and Qabala; Linking the Enneagram and Qabala through Sacred Geometry; and The Implications of the Golden Dawn's Tarot Attributions.

Magician and Fool Susan Wands, 2023-05-02 Pamela Colman Smith, newly arrived from New York to her birthplace of London, is received as an oddball in Victorian society. Her second sight helps her in her new job: illustrating tarot cards for the Golden Dawn, a newly formed occult group. But when Pamela refuses to share her creations with Aleister Crowley, a controversial magician, he issues a threat: give up the cards' power, or he'll harm her muses. In the midst of this battle, two of Pamela's idols, the actors Henry Irving and William Terriss, take her under their wing. Henry, who tutors her as the leader of the Lyceum Theatre, becomes the muse for her Magician card. William Terriss, teaching her by examples of instinct and courage, becomes the muse for her Fool card. As Pamela begins to create the tarot deck, she is almost overwhelmed by the race to possess the magical power of her cards. In order to defeat Aleister, Henry and William will have to transform into living incarnations of the Magician and the Fool—and Pamela will have to learn how to conjure her own magic.
