Invitation to Cruise a Strange Groove Kurtis Lunz, 2016-08-04 This is a mix of poetry. Some of it's light and some of it's deep. Some of it is motivational, and some's short and sweet. Flaming Lips' Zaireeka Mark Richardson, 2010-01-01 *Zaireeka* is the anti-headphone and the anti-mp3. It purposely makes the two biggest developments in end-user music in the last 30 years irrelevant. *Zaireeka* is not mobile. It is not personal. It is not solitary, cannot be easily controlled, and can't easily be consumed in small doses. So another way to think of *Zaireeka* is as a one-off piece of technology that comes in a highly inconvenient dead-end format. The Flaming Lips' 1997 album *Zaireeka* is one of the most peculiar albums ever recorded, consisting of four CDs meant to be played simultaneously on four CD players. Approaching this powerful and complex art-rock masterpiece from multiple angles, Mark Richardson's prismatic study of *Zaireeka* mirrors the structure the work itself. Thoughts on communal listening and the death of the album are interspersed with the story of the *Zaireeka*'s creation (with assistance from Wayne Coyne) and an in-depth analysis of the music, leading to a complete picture of a record that proved to be a watershed for both the band and adventurous music fans alike.

Isn't This Fun? Michael Foley, 2016-06-30 Michael Foley wants to understand why he doesn't appear to be experiencing as much 'fun' as everyone else. So, with characteristic wit and humour, he sets out to understand what fun really means, examining its heritage, its cultural significance and the various activities we associate with fun. He investigates pursuits such as dancing, sex, holidays, sport, gaming, and comedy, and concludes that fun is not easy, simple and fixed, as many seem to believe, but elusive, complex and constantly changing. In fact, fun is a profoundly serious business, a range of new group rituals evolving in response to cultural developments, often motivated as much by spirituality as hedonism. Also, while fun is a modern phenomenon it turns out to have recreated many of the elements of early ritual. His findings will invigorate you with insights, make you laugh at life, and quite possibly help you to understand why the post-post-modern is actually the pre-pre-modern.

Man Overboard Joan Lownds, 2011-09-01 Man Overboard tells the inside story of one of America's most notorious murder cases in decades, providing unprecedented insight into the death of Greenwich native George Allen Smith IV on his honeymoon. He married Jennifer Hagel in June 2005. Both of them

were young and beautiful. He came from an old-line Greenwich family; she, from blue-collar Cromwell and with a reputation for being a flirt. Just eight days after their wedding, their new life together disintegrated on their Royal Caribbean honeymoon cruise. The morning after several booze-fueled melees, a gruesome blood stain traced the awning below their cabin, and George had vanished. After four years of bitter legal wrangling with both families, Royal Caribbean recently handed over its files to the FBI, which announced that Smith's murder is "very active and open." *Man Overboard* provides an extraordinary look into a case that has captured the public imagination and raised provocative questions about the unregulated cruise industry, leading directly to the historic Cruise Vessel Security and Safety Act signed by President Obama.
