The Hermetic Museum A. E. Waite,1999-01-15 This work represents a distinctive school of alchemy -- it belonged to a period that had inherited a bitter experience of the failures, impostures, and misery surrounding the Magnum Opus and its mystical quest. The treatises contained in this volume are by the authors of historical legend: John de Mehung, Nicholas Flamel, Basil Valentine, Eirenaeus Philalethes, Helvetius, Michael Maier, Michael Sendivogius, Nicholas Barnaud Delphinus, and Basilus Valentinus. The Hermetic Museum was published in Latin at Frankfort, in the year 1678, and, as its title implies, it was an enlarged form of an

anterior work which, appearing in 1625, is more scarce, but, intrinsically, of less value. Its design was apparently to supply in a compact form a representative collection of the more brief and less ancient alchemical writers; in this respect, it may be regarded as a supplement to those large storehouses of Hermetic learning such as the *Theatrum Chemicum*, and that scarcely less colossal of Mangetus, the *Bibliotheca Chemica Curiosa*, which are largely concerned with the cream of the archaic literature, with the works of Geber and the adepts of the school of Arabia, with the writings attributed to Hermes, with those of Raymond Lully, Arnold de Villa Nova, Bernard Trevisan, and others. This is volume 2 out of 2. Contents: The Golden Tripod, Second Tract. The Chemical Treatise Of Thomas Norton, The Englishman, Called Believe-Me, Or The Ordinal Of Alchemy. The Testament Of Cremer The New Chemical Light A Preface To The Riddle Of The Sages. A Parable, Or Enigma Of The Sages. A Dialogue Between Mercury, The Alchemist, And Nature. New Chemical Light. Second Part. Concerning Sulphur. Concerning Sulphur. An Open Entrance To The Closed Palace Of The King. A Subtle Allegory Concerning The Secrets Of Alchemy The Three Treatises Of Philalethes. A Brief Guide To The Celestial Ruby. The Fount Of Chemical Truth. John Frederick Helvetius' Golden Calf, The All-Wise Doorkeeper, Or A Fourfold Figure, Addendum.

The Hermetic Museum Volume I and II Arthur Edward Waite, 2018-04-24 An excellent 2-volume book of alchemical treatises that provide a fairly thorough overview of the philosophy, principles and operations of alchemy. With careful reading (and re-reading) almost everything is revealed, other than the actual starting matter. Some treatises are very allegorical and use much symbolism, while others are much more open and revealing. Both the long way and the shorter way are discussed.

**The HERMETIC MUSEUM VOLUME II (Annotated and Illustrated)** Arthur Waite, 2018-07-10 Musaeum Hermeticum (Hermetic library) is a compendium of alchemical texts first published in German, in Frankfurt, 1625 by Lucas Jennis. Additional material was added for the 1678 Latin edition, which in turn was reprinted in 1749. Its purpose was apparently to supply in a compact form a representative collection of relatively brief and less ancient alchemical writings; it could be regarded as a supplement to those large storehouses of Hermetic learning such as the *Theatrum Chemicum*, or Jean-Jacques Manget's *Bibliotheca Chemica Curiosa*. It seemed to represent a distinctive school in Alchemy, less committed to the past and less obscure than the works of older and more traditional alchemical masters. The full Latin title is: *Musæum Hermeticum, omnes sopho-spagyricæ artis discipulos fidelissime erudiens, quo pacto summa illa veraque Medicina, qua res omne, qualemcumque defectum patientes, instaurari possunt (quæ alias Benedictus Lapis Sapientum appellatur) inveniri ac haberi queat inveniri ac haberi queat. The Hermetic Museum of the Alchemist Vol 2 Arthur Edward Arthur Edward Waite, 2015-03-31 THIS Book shews to the initiated knowledge, but intensifies the ignorance of the vulgar. It is the book of honouring, increasing riches, and the book of the needy, putting to flight poverty. It is the book of confidence and truth, full of counsel for kings and of teaching for prelates, a book useful for sainted men, who wish to live unspotted of sin; a secret book, the Book of the Gift of God, to chosen men a pathway of

true hope, a strength to those constant in firm faith, and who unwaveringly believe in my words. Alchemy is sought by the false and the true-by false seekers without number, but they are rejected. Many are aflame with the desire of gain, but amongst a thousand thousand scarce three are chosen. There are many called to knowledge, noble and poor, learned and ignorant, but they will not submit to toil, or await the time; they do not attain to the goal because they are ungrateful. The Book of our Art is clear as light to the sons of knowledge, to whom God has freely given to understand this matter. Only let them believe this prophetic saying; to the thankful all flows forth from the fount of Divine love.

The Hermetic Museum - Restored and Enlarged, Volume II . a Waite, 2018-01-26 From the PREFACE SECOND. To the honour of the One God, who is Three Persons in One, this book has been written, in order that, after my death, learned and unlearned men might see how everyone who will follow my good counsel, and ponder it well before he begins the work, may obtain great treasure through the Art of Alchemy. But the book is also a storehouse of mighty secrets for the learned. Let me warn the unlearned that they must study this Art with fear and trembling, lest they be led astray by the false delusions of those who counsel many costly experiments, and use high sounding words. For my part, I desire none of that fame which the world can give, but only your prayers to God for me, though you need not utter my name. Let no one trouble himself about the author, but rather let him diligently consider the contents of the Book. If you enquire into the motives of men, you will find many who are induced to give their minds to the study of Alchemy, only by the desire of gain and riches; and such men are found even among Cardinals of highest rank, Archbishops, and Bishops of lofty order, Abbots and religious Priors, also among hermits, monks, and common priests, and among Kings, princes, and lords of high degree. For men of all classes desire to partake of our good things: merchants, and

those who exercise their craft in the forge, are led captive by a longing to know this Art; nor are common mechanics content to be excluded from a share in it: they love the Art as dearly as great lords. The goldsmiths are consumed with the desire of knowing -- though them we may excuse since they have daily before their eyes that which they long to possess. But we may wonder that weavers, Freemasons, tailors, cobblers, and needy priests join in the general search after the Philosopher's Stone, and that even painters and glaziers cannot restrain themselves from it. Nay, tinkers presumptuously aspire to exalt themselves by its means, though they should be content with the colour with which glass is stained. Many of these workmen, however, have been deceived by giving credulous heed to impostors, who helped them to convert their gold into smoke, and though they are grieved and disappointed at the loss, they yet buoy themselves up with sanguine thoughts, and hope that they will after all reach the goal; alas, too many have I known, who, after amusing themselves with delusive hopes through a long life, have at last died in squalid poverty! ....

*Alchemy & Mysticism* Alexander Roob, 2006 A classic, prize-winning novel about an epic migration and a lone woman haunted by the past in frontier Waipu. In the 1850s, a group of settlers established a community at Waipu in the northern part of New Zealand. They were led there by a stern preacher, Norman McLeod. The community had followed him from Scotland in 1817 to found a settlement in Nova Scotia, then subsequently to New Zealand via Australia. Their incredible journeys actually happened, and in this winner of the New Zealand Book Awards, Fiona Kidman breathes life and contemporary relevance into the facts by creating a remarkable fictional story of three women entangled in the migrations - Isabella, her daughter Annie and granddaughter Maria. McLeod's harsh leadership meant that anyone who ran counter to him had to live a life of secrets. The 'secrets' encapsulated the spirit of these women in their varied reactions to McLeod's strict edicts and connect the past to the present and future.
